The theme this year — Just for the fun of it! displays the aspects of our school that are often overlooked. These are the events and activities of the students done just for fun. To introduce this theme, is the book's cover. The traditional blue background and gold lettering demonstrates El Toro High in the traditional sense. The rip through this traditional background then illustrates the fun aspects of our school. The bright, wilder colors show the side of El Toro that the students make through their activities and school spirit.

Just for

the Look of it...

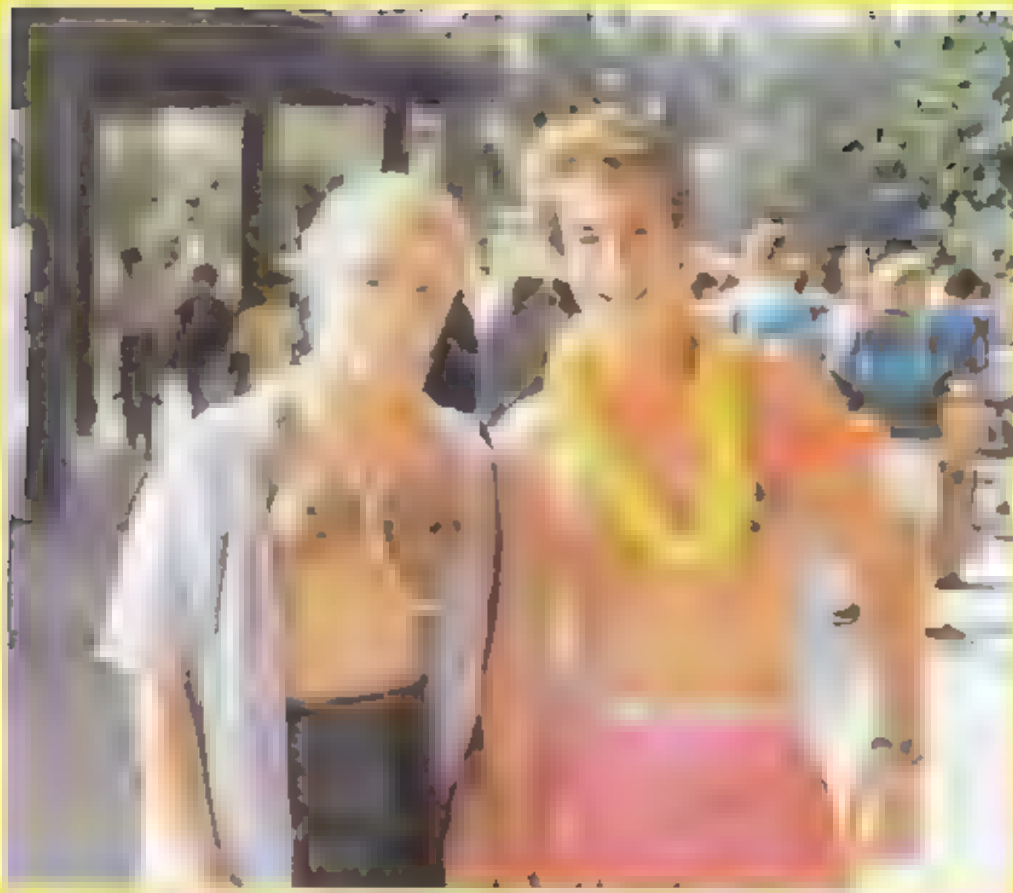

El Toro High School has always been recognized for its academic excellence, but books and studying are not the only aspects of high school. El Toro is not just a place for learning, it is a place for fun. Here at El Toro, there is a wide variety of students and activities they do just for the fun of it! These activities range from football to music to drama. Some students prefer school related activities outside of school, while other students prefer their own hobbies or just hanging out with friends. There is such a wide spectrum of ideas and philosophies amongst the student body, and these are often put to use outside of the classroom. Often, as much can be learned by socializing and having fun, as can be in the classroom. We at the El Toro feel that along with the academic learning, the fun is just as important; for looking back at high school, students will not only remember what they studied, but also what they did "just for the fun of it!"

Just for

the Style of it...

Teacher of the Year

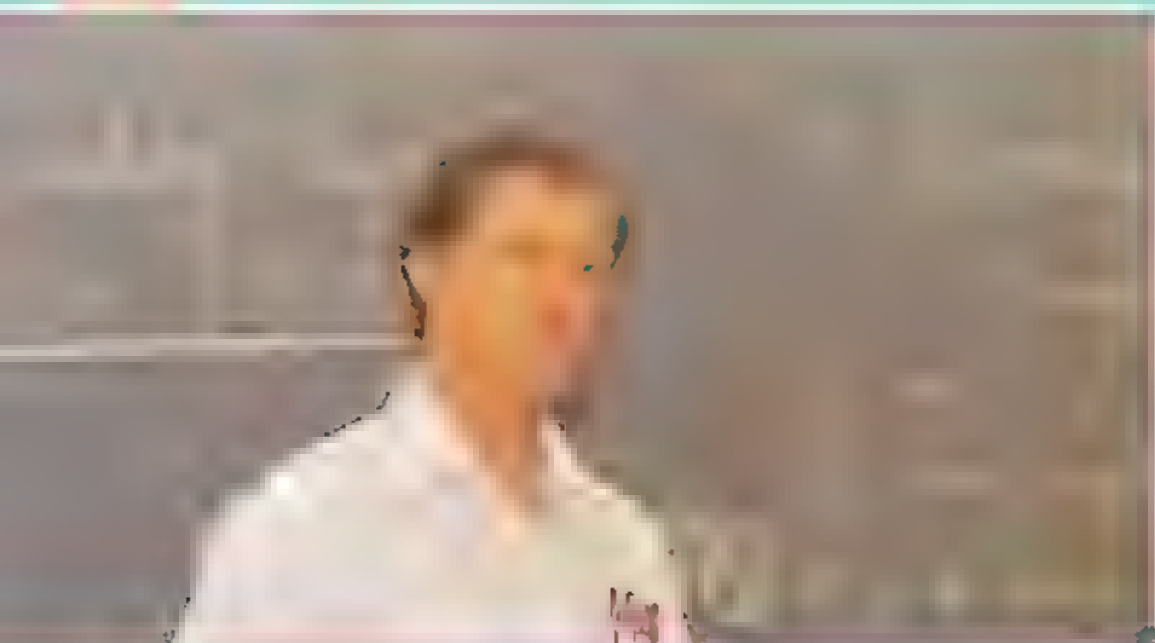

Mr. Tom McCaffrey was chosen by the faculty as the 1987-88 Teacher of the Year due to his great involvement in education. He has been teaching for seventeen years with nine of those at El Toro. The classes he has taught have included Business Law, Accounting, Business Office, Service Skills, typing, Economics, and Vocational Exploration to physically handicapped students.

Sports has been a big part in McCaffrey's life. He chose to teach because he was a "frustrated athlete" and wanted to coach. He has coached all levels of baseball, and his claim to fame is that he coached a team that won the American Legion National Championship at Santa Monica High School. Mr. McCaffrey has also coached cross-country, basketball,

and football on the high school level. He has also enjoyed running baseball camps to children.

Mr. McCaffrey has been involved in more than teaching and coaching at El Toro. He has put in a lot of time as the El Toro Student Store advisor. He did the ordering of books and materials, and sold tickets in the store. He has also taught beginning and advanced accounting in the Adult Education Department for five years.

When asked what he'd like to say to seniors for the future he stated, "I hope that graduating seniors will be good people and treat others with respect." And what does Mr. McCaffrey like to do just for the fun of it? He enjoys gardening, barbequeing, and outdoor sports.

Mr. Don Walker

Dedicattee

We at El Toro will miss Don Walker very much. Don saw us, as much as anything, as his extended family and he treated us with the care and concern with which a father treats his family.

For the last ten years, we, the students and teachers and staff of El Toro were Don's very own motley brood. Like any father anywhere, he followed our progress with pride and trepidation. In his gentle and unassuming manner he would coax and prod us when we needed it, he would chide and reprimand us when we needed that, and he would forgive us our errors even when we sometimes acted like fools and did not deserve forgiveness.

He bragged about us constantly both in particular and in general, in one instance praising the band, in another one of our athletic teams, in the next a merit scholar, and then again lauding the work of a teacher he admired. And he was forever telling all of us how wonderful we were and how proud we made him — as a father is wont to do with his charges.

For ten tireless, unwavering years, he placed great trust in us and he showed great faith in us. And for

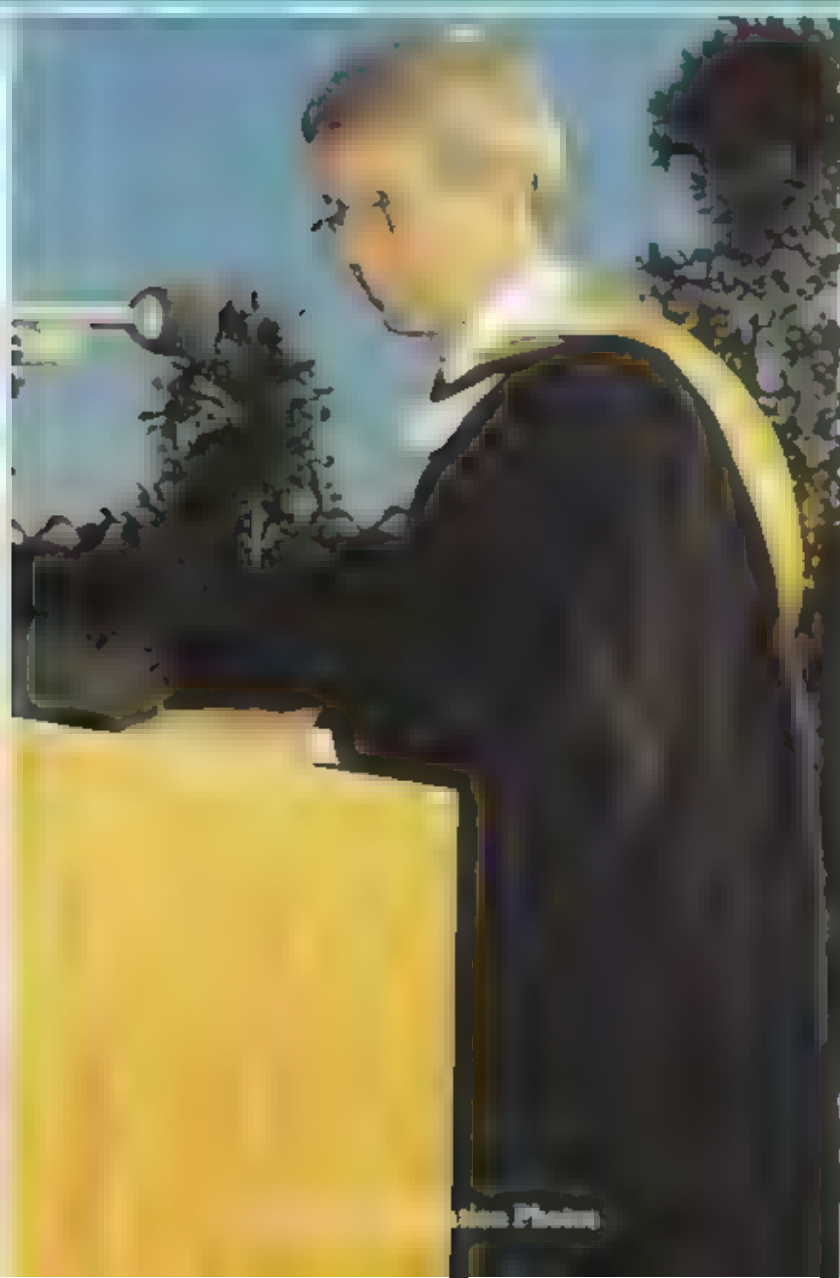

those ten years it seemed he took great joy from us. In truth, the longer he was here the more easily he laughed at us and at himself.

As Don's death may have diminished us, his life has increased our bounty many fold. And his life and the way he lived it helps give answer to those great questions and insight to the great mysteries that confront us in death and grief. Indeed had he known he was to die, he would have lived his last week as he did — working, striving and giving his life and ours meaning and a sense of purpose.

An old poem entitled "The Seafarer" reminds us that the wealth of the world neither reaches to heaven nor remains, but that it is the spirit of man and what he does with his life that gives existence meaning. If that is so, then Don Walker's life was rich in meaning, for, in the too-brief time we knew him he touched thousands of us and left his imprint on us for good — and for good. We can be grateful for that.

In memory, we dedicate the 1987/1988 yearbook to Mr. Don Walker.

Baby Day

El Toro Babies Show Their Spirit

by Jennifer Keegan

Baby Day has always been a highlight of the senior year at El Toro, and this past year was no exception. But the fun began on the previous night known as "Baby Night." It was then that the El Toro babies had fun and partied all night, most with little or no sleep, ready for the next morning at senior breakfast.

Senior breakfast began on October 21, at 6:30 AM. It was prepared by the faculty and consisted of pancakes, eggs, orange juice and coffee. It was here that the seniors socialized and recovered from the previous night.

The Baby Day events began at snack where seniors displayed their spirit through various activities. These activities included games such as: Follow the Leader, Duck Duck Goose, and the Hokey

Pokey. The games then continued during lunchtime where senior babies participated in, Musical Chairs, Simon Says, Red Light Green Light, and Red Rover Red Rover.

The senior class chose the theme "Baby's First Year" and displayed this by transforming their hall into a calendar of events ranging from Easter to Halloween. The seniors further showed their spirit through their costumes which varied greatly. There were Teddy Tots, Baby Busters, Tots in Training, Chip-N-Dale babies, the Seven Dwarfs and many more.

Overall, Baby Day was a great success and an event that will be long remembered by the entire senior class of '88.

Homecoming Assembly

Alumni Return for Homecoming

BY Inger Carlsson

The homecoming assembly occurred on October 27, 1987. The alumni from years past returned to El Toro High School to participate in wishing all of the students good luck in the year to come, as well as giving the seniors advice on what to do to prepare for college.

Ann Marie Herman and Torey Arvik, the queen and king of 86-87 announced the 1987-88 homecoming court. The princes were; Eric Speaker, Bobby Gaskins, Tim Jurkowski, Brian MacNamara, and Don Reznick. The princesses were; Andrea Young, Courtney Moynihan, Tiffany Kreidman, Allana Kirk, and Wendy Aron like always. There was also the men of A.S.B. who performed in style a dance to end all dances.

The entertainment consisted of alumni cheer, song, and last years pep commissioner Mark Gardner. Mark came out into the spot light and projected his loud spirit.

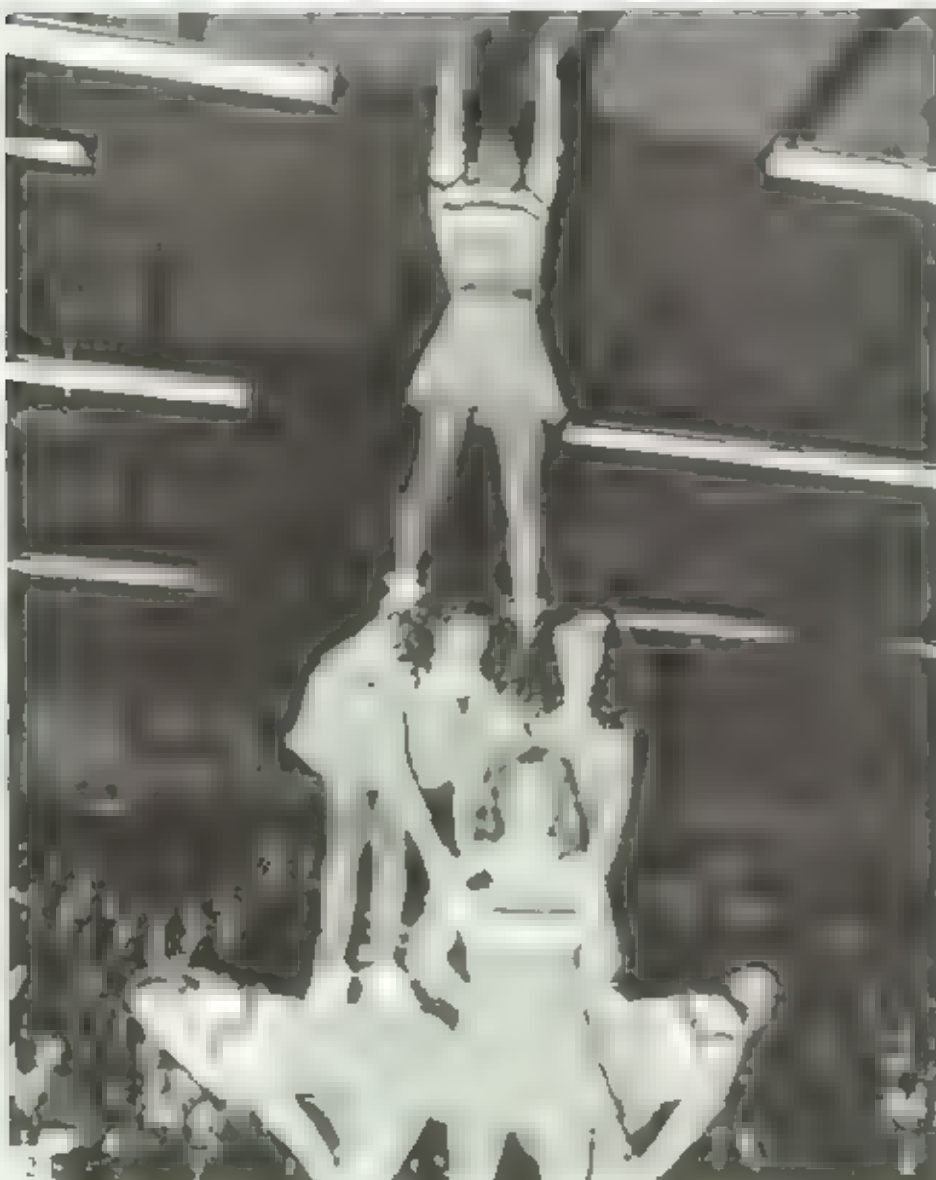

The assembly got everyone

"The assembly was quite a success."

— Mr. Sims

rialed up for the game against the San Clemente Tritons, although there wasn't much coaxing needed since we won with a score of 43-7. Mr Sims said, "The assembly was quite a success." The juniors took home the spirit points after a heated competition between them and the seniors.

Homecoming Dance

Reznicek Crowned Homecoming King

By Monica Weber

The 1987-88 homecoming dance was held in the El Toro High School gymnasium on October 24, 1987, where approximately 400 people attended. There was a video screen and a live D.J. playing up-to-date music, including our theme song "Only You" by YAZ. The dance was held

"Fountains, Grecian pillars, greenery, and balloons made for a unique atmosphere."

— Allana Kirk

by the senior class inviting everyone to attend including the 86-87 graduated seniors. This year's senior class president, Allana Kirk dedicated a lot of time and hard work organizing the activities of the evening.

The decorations for this year's dance were different in comparison to the years before. Fountains, grecian pillars, greenery and balloons made for a unique at-

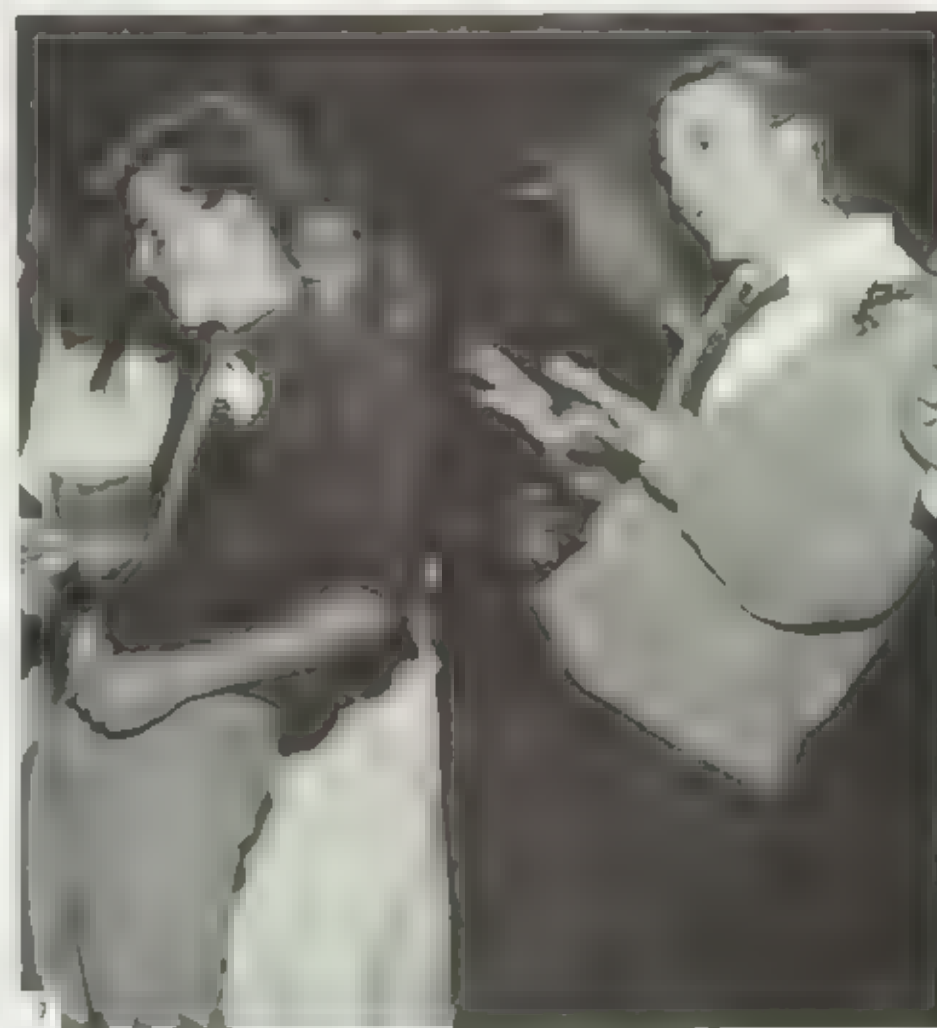

mosphere. Everything was set in mauve and silver throughout the gymnasium.

The dance started at eight and came to an end at eleven thirty. After some refreshments, socializing and pictures taken by Hot Shots photography, it was time to crown the King. As everyone gathered around the stand couples watched the princes and princesses escort one another to their places. The candidates for King were Tim Jurkowski, Bobby Gaskins, Brian McNamara, Don Reznicek, and Eric Speaker. Torey Arvik last year's homecoming king who attends Orange Coast College announced Don Reznicek as our new 87-88 homecoming king. "Only You" began to play as the court started the dance and others slowly joined in.

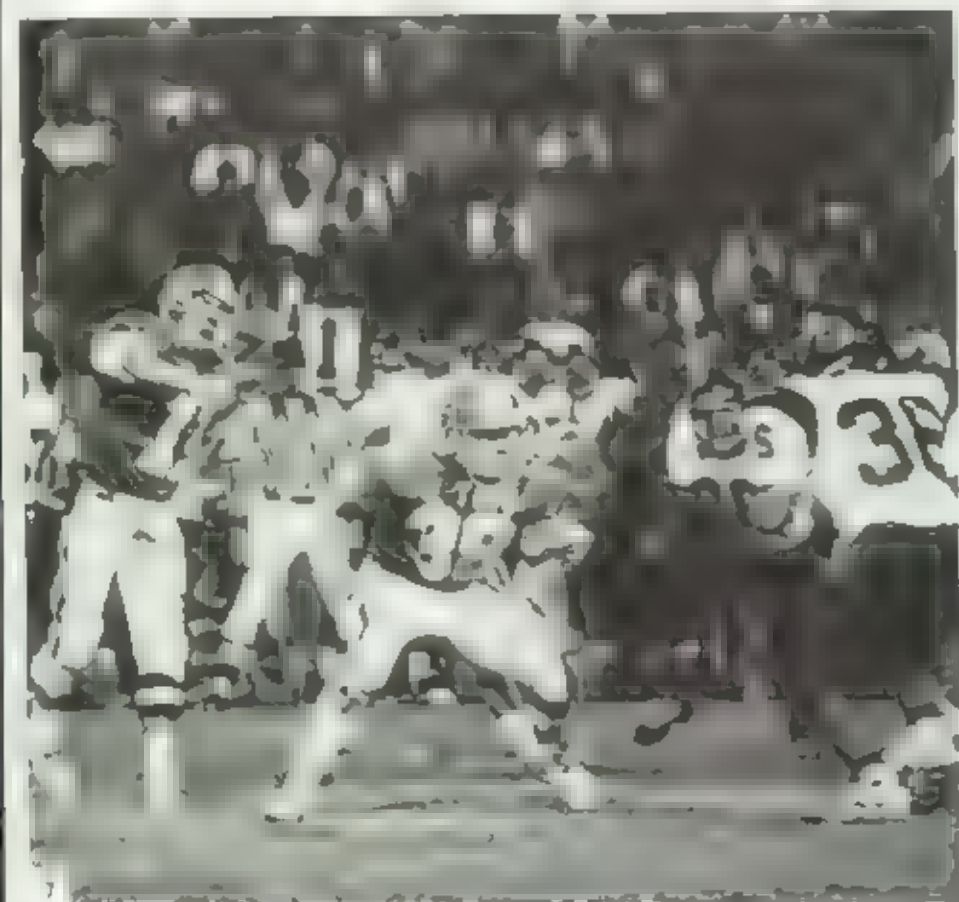

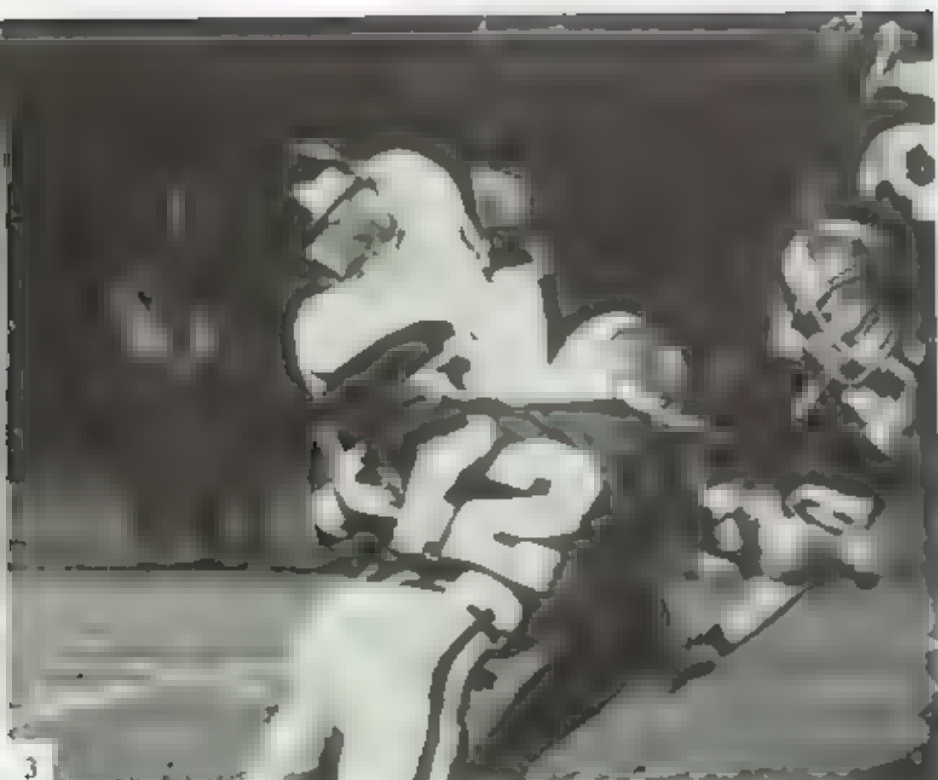

The dance soon came to an end as couples departed one by one but proceeded to celebrate the rest of the night

Homecoming Game

Charger's Victory, Allana Crowned Queen.

By Monica Weber

The Homecoming game which was on October 23, 1987 proved to be one of the most looked forward to games of the year. The Mission Viejo stadium was packed with enthusiastic students and parents. Not only was it time to see the 1986-87 graduates and homecoming court, but a chance to play the "Mighty" Tritans from San Clemente.

The outstanding players of the evening for the defense were Cory Wayland, Craig Pyatt, Adam Brass, Joel Guerra, Adam Demaliquon, and Matt Kopiac. The outstanding players of the offense were Brian Lamb, Chris McCarthy, Sean Drinkwater, David Nemeth, and Brett Johnson with 300 yards passing.

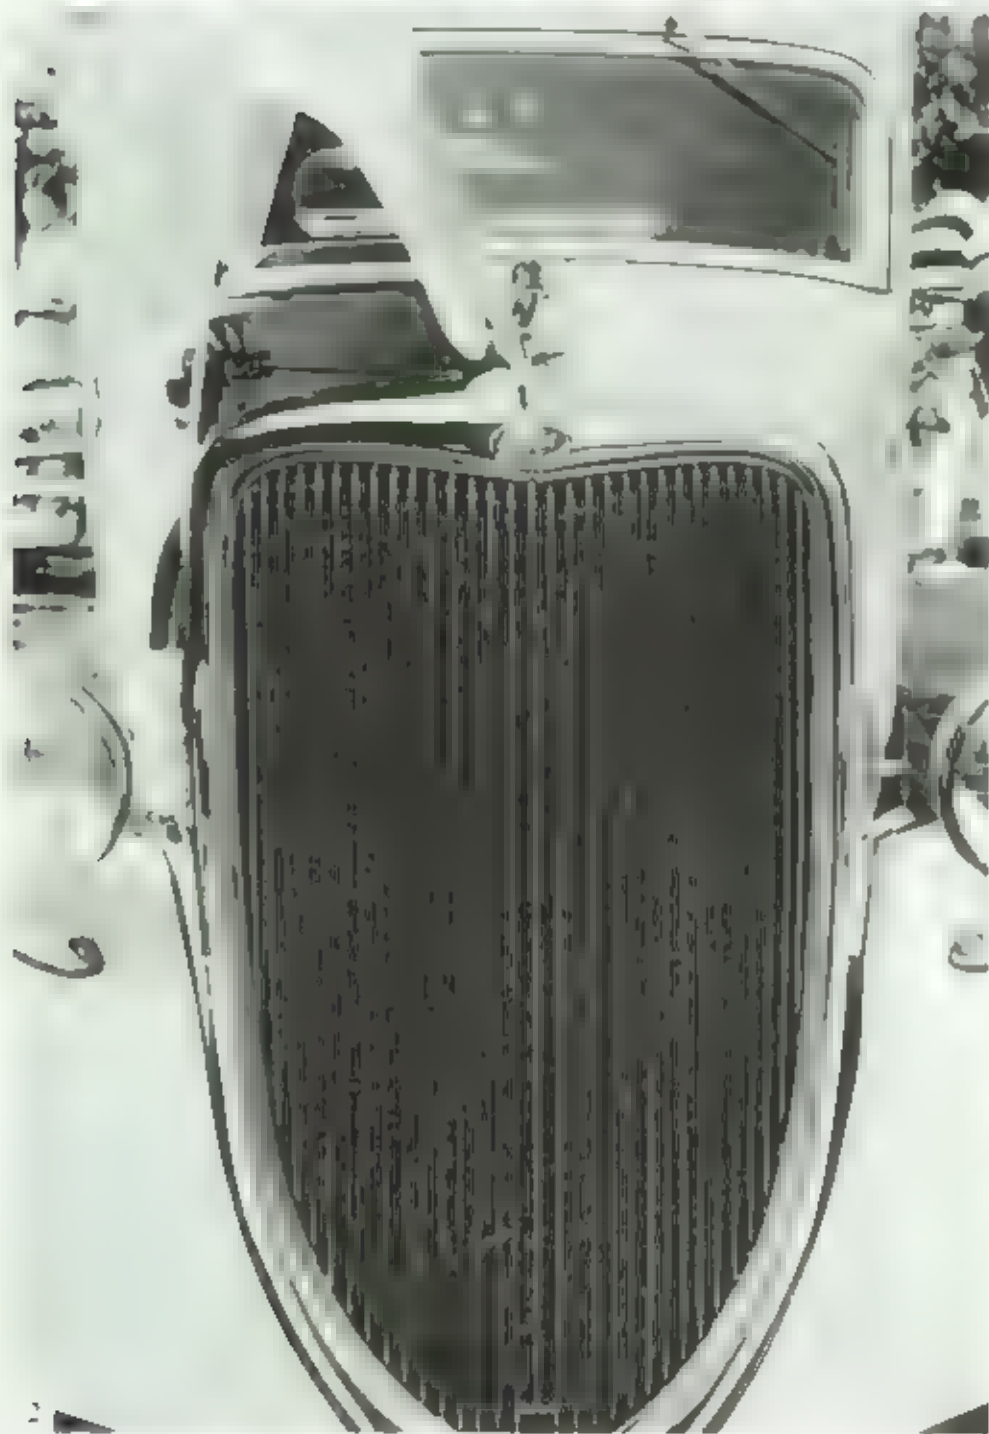

The half time coronation was arranged by Mike Morper, which went very well. The princesses Andrea

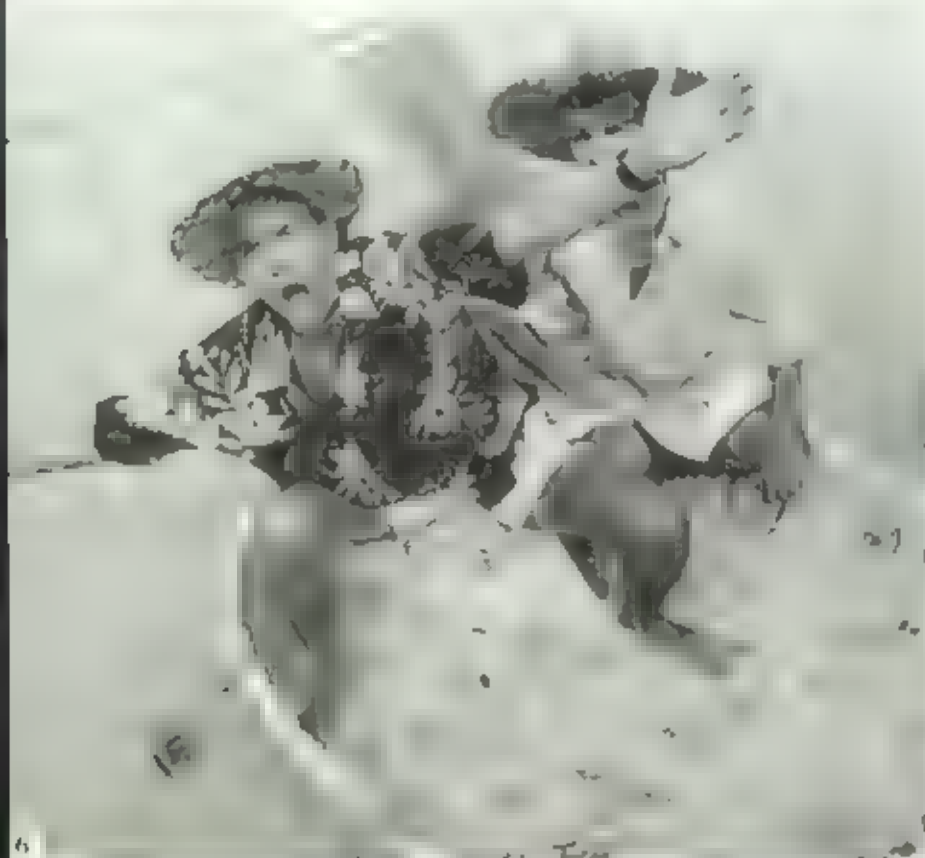

Young, Tiffany Kreidman, Allana Kirk, Courtney Moynahan, and Wendy Aron were escorted on the field in carriages with the former queen Ann Marie Herman. Later Pee Wee Herman appeared to announce our 1987-88 homecoming queen which everyone patiently awaited for. It was announced by a castle with the name in lights. It introduced "Allana" as our 1987-88 homecoming queen.

After the cheering and congratulations the game proceeded. The Charger team continued to play extremely well to the very end. Once again El Toro had another outstanding victory over the San Clemente Tritans 57-7.

The excitement was felt by many at the end of the evening, although the night was over, it went down as a memory to all seniors as THEIR homecoming game.

Underclassmen Day

Spirited Underclassmen

By Inger Carlsson

Spirit Week would not have been complete without underclassmen spirit day. While the seniors toddled their way through "Baby day," the underclassmen shared one day to celebrate their separate themes together.

The juniors continued an old tradition by entering the era of poodle skirts, ducktails and sock hops. They bopped through snack and lunch rockin' to old fifties tunes in the quad. The junior class hall also contributed to the 50's atmosphere by displaying posters and record albums of the teen idols of the decade. The hall took on the appearance of a teenage hangout of the 1950's with a bowling alley and a jukebox.

The juniors were not alone in participating in Spirit Week. In fact, the sophomore

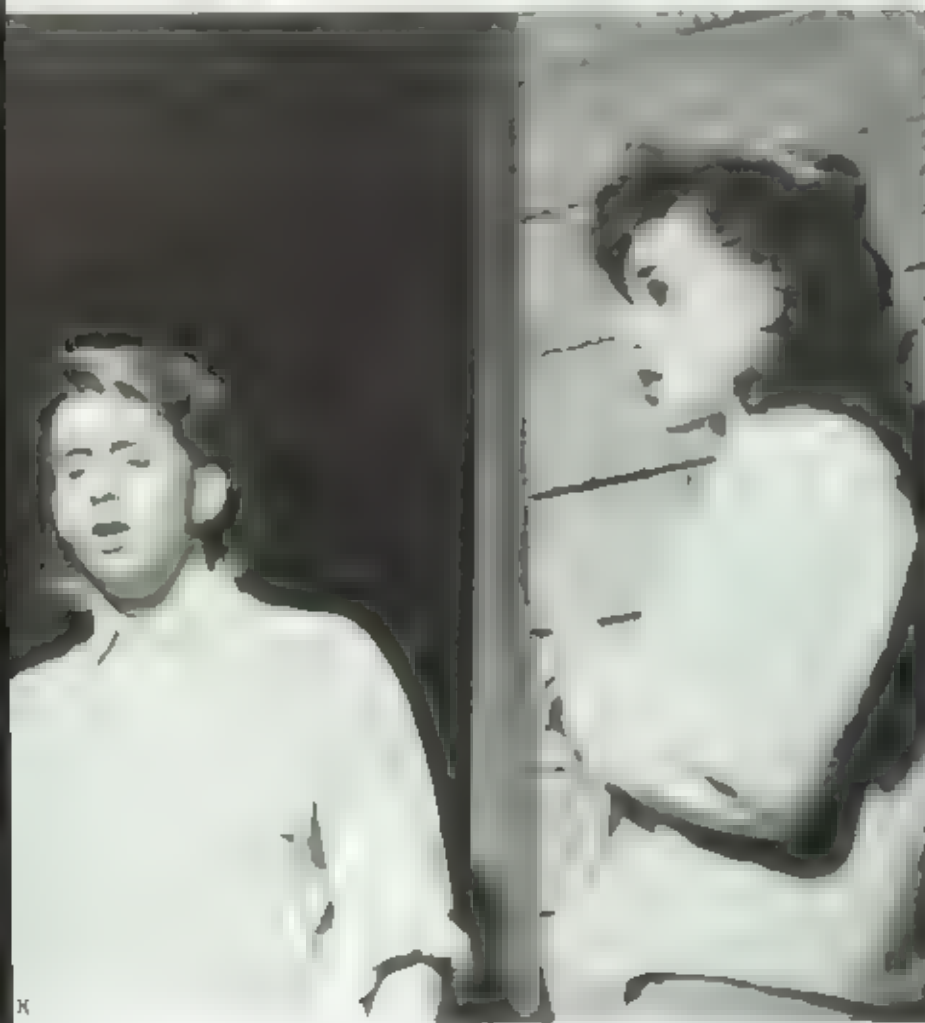

class displayed excessive spirit by having a successful turnout of students participate in their dress up activities. The class of 1990 "hula'd" to the occasion as they celebrated Hawaiian day. Their hall echoed the calls of the beach, the surf, the sand, and the Beach Boys.

Then of course, there were the freshmen. The class of '91 took on the characteristics of cave people. They expressed great enthusiasm and had several participators. The hall was decorated appropriately with scattered leaves, branches, and a pre-historic odor of eucalyptus.

Overall, underclassmen spirit day, as well as the entire week proved to be successful events.

1. The "Hula Dancers" demonstrate their spirits with outrageous costumes.
2. The Fifties theme was demonstrated with an antique Ford.
3. Jennie Morper and friends stop to pose for the camera during the festivities.
4. "The Flirts" participate in the limbo contest.

Fall Production

"The Killing Game" A Huge Success

By Inger Carlsson

The drama students put on the production "The Killing Game" on the seventeenth and nineteenth of November. Mrs. Ogle said, "The play was chosen mainly for the number of characters, audience appeal, and entertainment." The production took

two and a half months to prepare for and the sets were worked on since the beginning of October. Eugene Ionesco, the man who wrote this play, points his finger at politicians, the medical pro-

fession, and the general hypocrisy of all people. There are no main characters of this play as there are no main settings, or a set place and time.

"The Killing Game" was very fast paced and energetic, and kept the audiences interest throughout. This play was not very long, but by the end it managed to kill off every single character.

The production was directed by Lisa Nelson and associate director Stephanie Sorenson. Jennifer Tonetti, the president of Thespians said, "I like the fact that it is bizzare; it makes the audience think, and it exposes the ignorance of our society."

All in all, the production was an extreme financial success.

Assemblies

Spirit Shines in Assemblies

By Monica Weber

El Toro High School's 1987-88 assemblies were definitely different. Spirit shined through all classes, some overpowering others. Seniors this year knew this was their last chance to leave a mark; which through spirit

"This year we tried different ideas which included the Power Team and a Laser show.

— Mike Morper

they did.

Many ideas for the assemblies were created in A.S.B. or at the University of California Santa Barbara where all of the A.S.B. attended camp. In August our leaders left for three days to

join with hundreds of other school leaders to learn how to promote spirit.

Mike Morper, this year's A.S.B. activities commissioner was in charge of organizing the assemblies. An assembly was held to introduce teams, share accomplishments, and for entertainment. Approximately every four to six weeks assemblies were held in the gymnasium.

Mike Morper admitted that, "This year we tried different ideas which included the Power Team, a Laser show, and a lot more which we thought would captivate the students' attention."

Blood Drive

Only The Brave

By Inger B. Carlsson

Kristina McCarty and Jeff Nokes were in charge of this year's Blood Drive which was held on February 10, 1988. Unfortunately, it was a bad week for the blood drive to be held considering the fact that there were a lot of sports activities and illnesses that

"We were really impressed with the turn out this year."

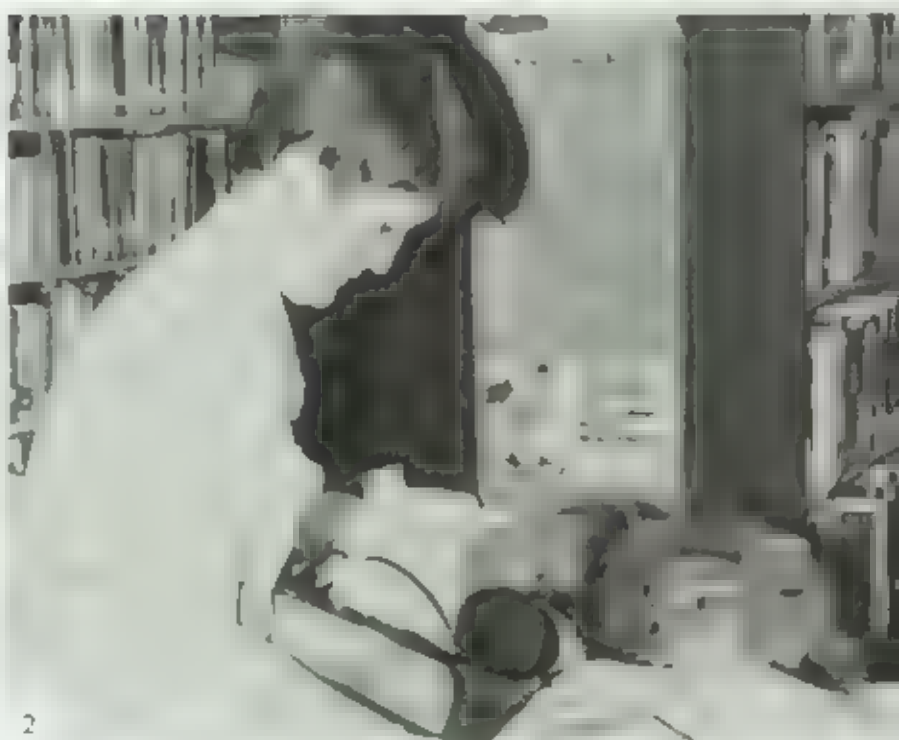

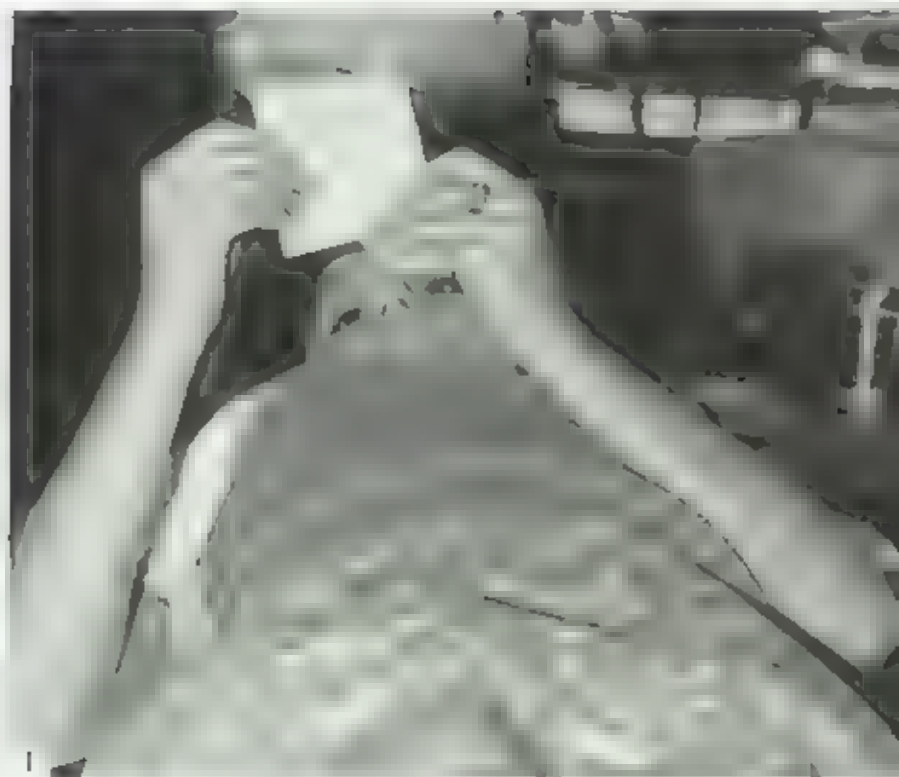

— Kristina McCarty

occured during the week. Despite this, we still had a very strong turn out. Out of 240 registered donors 140 people actually ended up qualifying for the donation. According to the Red Cross it

is estimated that at least one half of the people that register to donate will be turned away due to illness, vacations to foreign countries, etc. Considering these odds El Toro High School did exceptionally well. The Blood Drive was held from eight in the morning until five thirty in order to enable more students and faculty to attend.

Kristina McCarty was quoted as saying, "We were really impressed with the turn out this year. We had a lot of people sign-up and although not all of them were able to give, it meant a lot to us to know that so many people were willing to become donors."

Heather Simon reads the instructions before the annual event. The Red Cross nurse checks Samantha Knight's blood pressure. Erik Johnson and Melinda Babbitt proud of their donation. Michele Hunter goes through the introductory questioning.

C.I.F.

Back to Back C.I.F. Champs

By Monica Weber

The biggest beating this year in football took place before a crowd of 9,000 at Orange Coast College where many were astonished of the performance that was presented by the Chargers. A great deal of determination and hard work was shown to savor their C.I.F. title.

El Toro scored touchdowns on its first two possessions and added a safety to turn the game into a rout early in the second quarter.

One more touchdown was added before halftime which

had some Los Alamitos fans already heading for the exit, tired of seeing El Toro Chargers flatten the Griffens on their way to the end zone.

The halftime corinations consisted of song, cheer, band, and the drill team performance despite the sixty mile per hour winds.

The second half was the same as the first, with El Toro crushing Los Alamitos, ending the game with a 36-6 victory. Congratulations to the El Toro Chargers for maintaining the C.I.F. title.

1. Chargers are happy about their victory.
2. "Another" touchdown is scored by El Toro.
3. All the El Toro Chargers share the C.I.F. title.

Holiday Concert

Holiday Concert Is a Great Success

By Monica Weber

This year's Holiday Concert was a great turn out as Mr. Rouse the director admitted, "It was the best Holiday Concert we ever had, the students sang beautifully and showed a lot of creative talent. It was a joy to present." Each night they performed Charger Hall was packed and they had to turn people away. A performance this spectacular demanded many hours of dedicated practice.

Students began to prepare in October for their

"It was the best holiday concert we every had"

— Mr. Rouse

December 15 concert. The chorus consisted of 110

students. There was the Charger Chorus, Concert Treble Chorus, and Soundsation which is the highest you can achieve.

The concert consisted of all choruses performing and some solos. Some soloists were: Christy Miller, Leesah Dilallo, Blythe Pulsipher, Kristen Cornelius, Gena Horton, Margia Francisco, Kristin Turner, Diane Wakeham, Leilani Stephenson and Sheri Anderson.

At the end of the performance alumni and members of the audience sang the "Hallelujah Chorus" where there was over 200 on stage singing. Congratulations for a spectacular concert goes to all the students, accompanist Miss Karen Legome, student director Christy Miller, and director Mr. Jerry Rouse.

Winter Formal

Seldon & Lamb Crowned

By Inger Carlsson

The 1987 Winter Formal was held at the beautiful Dana Point Resort Hotel on December 21, 1987 and was sponsored by the Girls' League. The newly opened hotel was decorated for the occasion with five Christmas trees in the grand ballroom and hundreds of red and white balloons. Three hundred students attended and danced to the music of "Rembrandt." Mr. Ferguson was master of ceremonies for the traditional coronation of the Winter Formal Court Claudia Sandino, 1986 Queen, crowned the 1987 Queen and King: Joyce Seldon and Brian Lamb.

Senior princesses were:

Marcia Francisco and Ann Harrigan, senior princes were Brett McClellan and Jeff McClellan. Junior prince and princess were David Nemth and Kristi Harris; sophomore prince and princess were Ken Romaniszyn and Andrea Higuera.

After the crowning, dancing persisted and socializing. Friends of the new queen and king approached them with warm congratulations. The festivity proceeded until it was time to leave. This was not the end of the evening for El Toro students. Many continued to celebrate all through the night with their date and friends.

The King and I

By Inger B. Carlsson

This year the performing arts department presents *The King and I*. It was based on "Anna and the King of Siam" by Margaret Landon, with book and lyrics by Oscar Hammerstein II, and music by Richard Rogers.

The performances were held from March 15 to March 19, 1988, as well as a performance for Leisure World and the brief introduction performances for the general student body.

"The King and I has been the best Musical that I have directed ..."

— Mrs. Kim Ogel

The two main characters were performed by Scott Craycraft as the King and Kristin Cornelius as Anna. The director was Mrs. Kim Ogel, instrumental director Mrs. Pat Rainer, and vocal director Mr. Jerry Rouse.

This production demand-

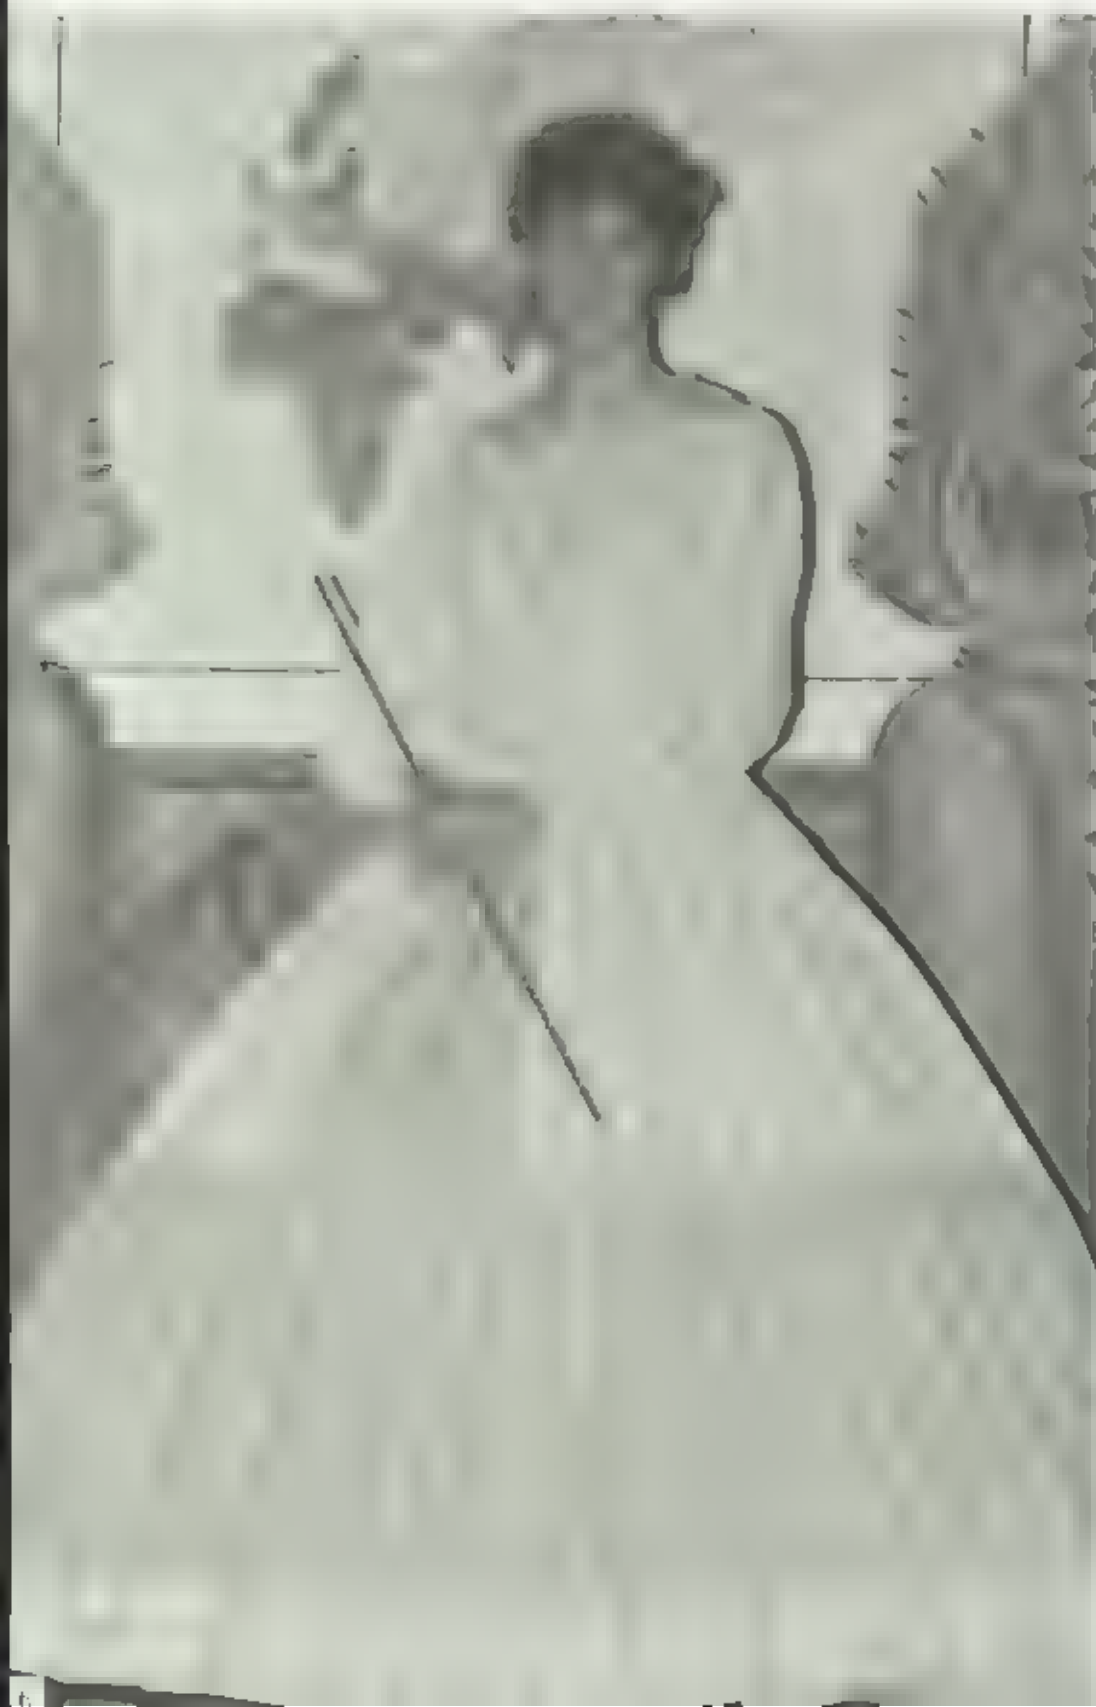

ed great dedication and sacrifice from all the performers and crew, not only due to the time it took in preparation, but also the amount of stress that is always caused by putting on such a grand and colorful production. Scott Craycraft even went so far as to shave his head in order to make his character more believable. Children from the ages of 5-13 also put in time to help with the success of the musical by performing as the king's children.

Mrs. Kim Ogel was quoted as saying, "*The King and I* has been the best musical that I have directed especially because of the growth of the actors in the roles."

This year's production has been entered in the Orange County Department of Education competition, as well as in the M.A.C.Y Awards (Music and Arts Commendation for Youth). As proven in the past, hard work and dedication from all involved ends in a great success.

1. Scott Craycraft takes the "typical King" stance during the dress rehearsal
2. The school children gather around their teacher
3. The princes and princesses listen to their father The King.

6. Andrew Diaz meditates
7. El Toro students have their sister and brothers participate in the play too

Pep Rallies

Pep Rallies are Great in 88

By Monica Weber

Throughout the year our pep commissioner put on many original pep rallies. These ranged from the basic band performing, to shaving balloons, belching contests and the traditional class competitions. These rallies were intended to sike up the students for a game and expand their spirit. Rallies were held on a extended snack mostly before a big game

"Guns don't kill people, bullets kill people."

— Mike Ferrara

A lot of preparation took place to present a rally. Paperwork was put into motion along with coming up with the ideas. There was then the task of convincing the administration that what

they were doing was safe. When asking Mike where he got his ideas he responded, "From bathroom walls, Zen Budism, the writing of Machiavelli, and Adam Smith." In addition, many ideas came from the rest of A.S.B.

Having this extra responsibility would make some people wince but not Ferrara. He has given his own personal touch to spirit which could be seen in pep rallies. Ferrara perceived the student body to be constantly striving for spirit. Mike was no exception.

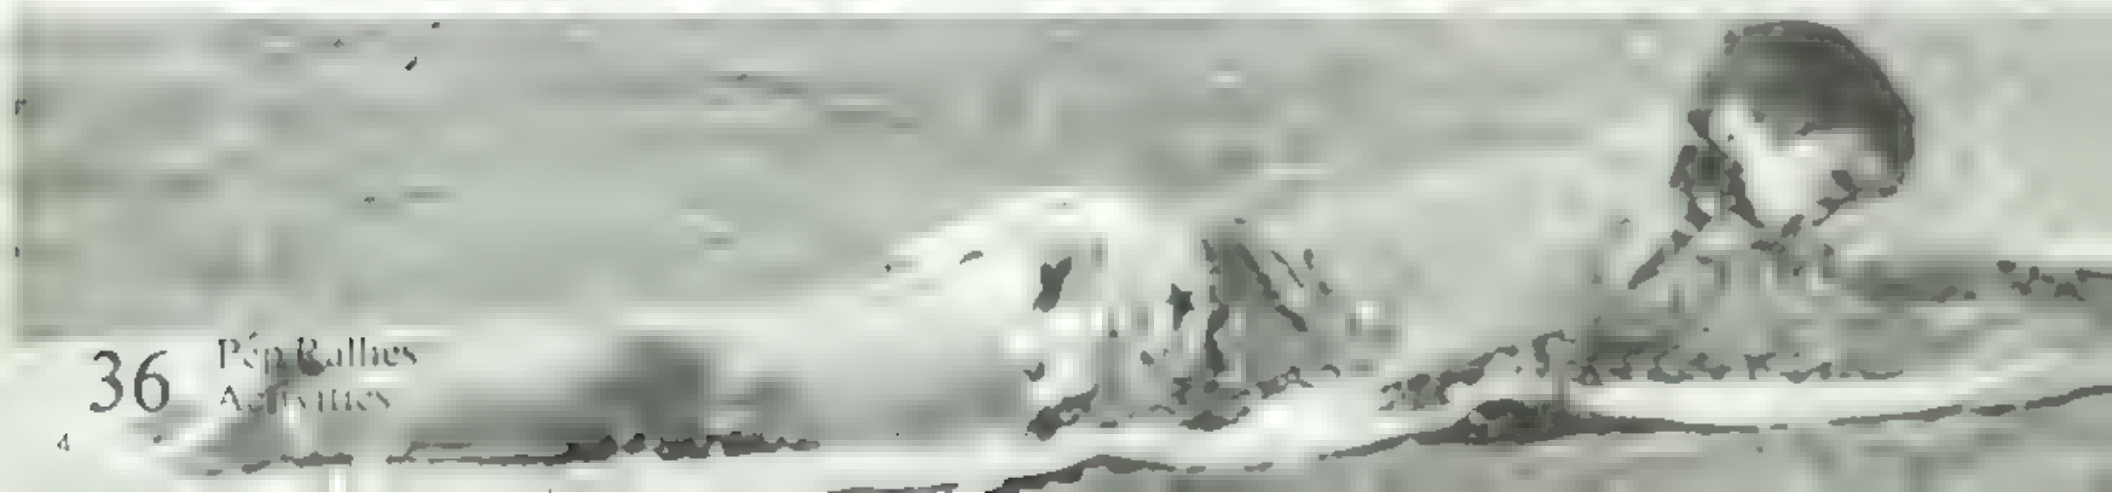

When thinking of El Toro High School pep rallies just remember, "It's all fun and games until someone loses an eye," like Mike Ferrara always says, "Guns don't kill people, bullets kill people."

Red Ribbon Week Just Say No To Drugs

By Monica Weber

This year a week was dedicated by the Saddleback Vally Unified School District to support a problem widely known, but seldom talked about. This was dubbed Red Ribbon week. The week was organized in order to have people take time and listen to the facts regarding drug abuse.

The drug free week was kicked off at our home football game where red ribbons donated by local companies were passed out. Throughout the week great support was shown by signs, balloons, and everyone's participation in wearing their buttons. To wrap up the event there was an assembly in the gymnasium where everyone was invited to attend.

The entire student body, faculty, and members from

the community jammed together to discuss this issue. Members of the board, local officials; our principal, Don Walker; and ASB president, Tim Jurkowski address the fact that this area has a drug problem. Students displayed excellent behavior which was commented on by many.

Support came from all around which was proven by the turn-out throughout the week. One special surprise was receiving a letter from First Lady, Nancy Reagan addressed directly to El Toro High School. Mrs. Reagan thanked our school and community for participating in fighting drug abuse and commented that "More schools should join together and confront this problem, which is the first step to conquering it."

1. A member of the board addresses everyone that there is a drug problem
2. Our chorus performs a fiftys song and dance
3. Mrs. McDougal, an elementary teacher at Rancho Ca'nada gives a speech.
4. The "drug free" signs were hung with pride all over campus.

Lip Sync

"Take One" — Takes Four Winners

by Mike Gallups

"Take One," the 1987-88 Lip Sync/Talent Show was a memorable success. It was the first time ever that the lip sync and talent part were combined together into one program, therefore calling it "Take One." Many people tried out for it, in whatever their category, and only the best were chosen. The show took place on April 13 and 14 after many practices and hard work by the participants. It was put on by the drama department and ASB with Wendy Aron who put the whole thing together. The show sold out both nights and was really something to remember.

The participants put on a lot of entertaining and funny skits. From Motley Crue to Fred Astaire and Ginger

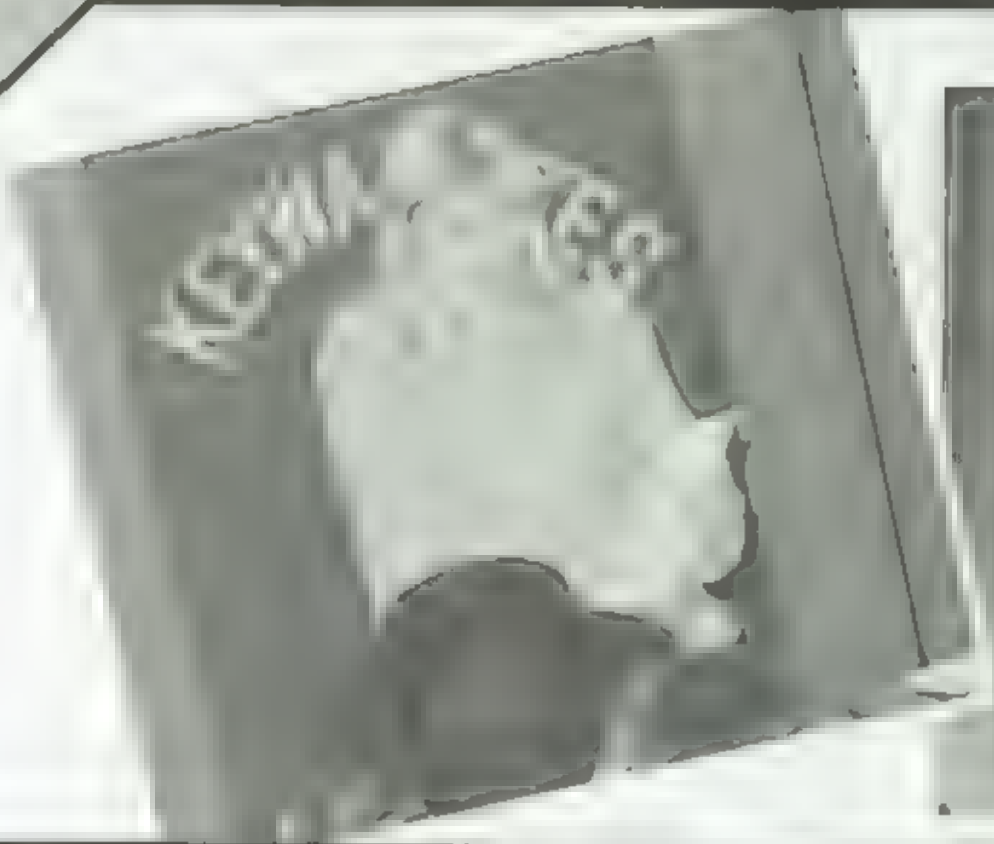

Rogers, the piano playing of Nolan Lee to the voice of Traci Erdei, and from "Catch Me I'm Falling" to "Show Me," all the acts were great. The best talent awards given to Lisa Dilallo for singing "The Greatest Love of All" and Marcy Francisco for a song from "Little Shop of Horrors." The best lip sync awards were given to Carol Cline, Gina Lotito, and Michael Thomas for Janet Jackson's "Pleasure Principle" and to "Too Woody Crew" with Mike Morper, Scott Biegel, Brian McNamara, Don Goodbrand, Dave Mosh, and Scotte Massey for their rap mix.

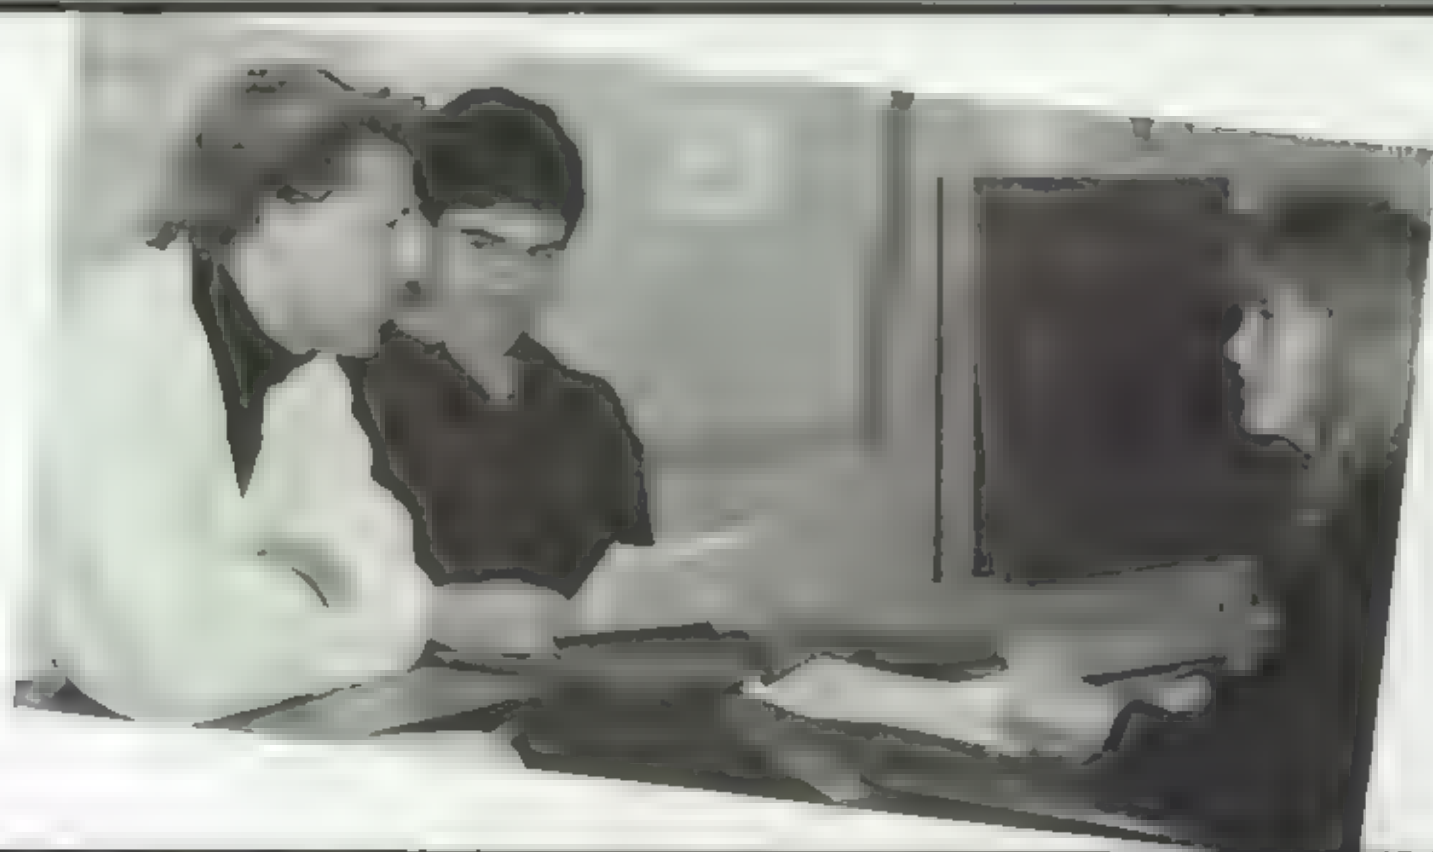

"Take One!" was a wonderful show and is going to be a tough act to follow!

ASB Raises School Spirit

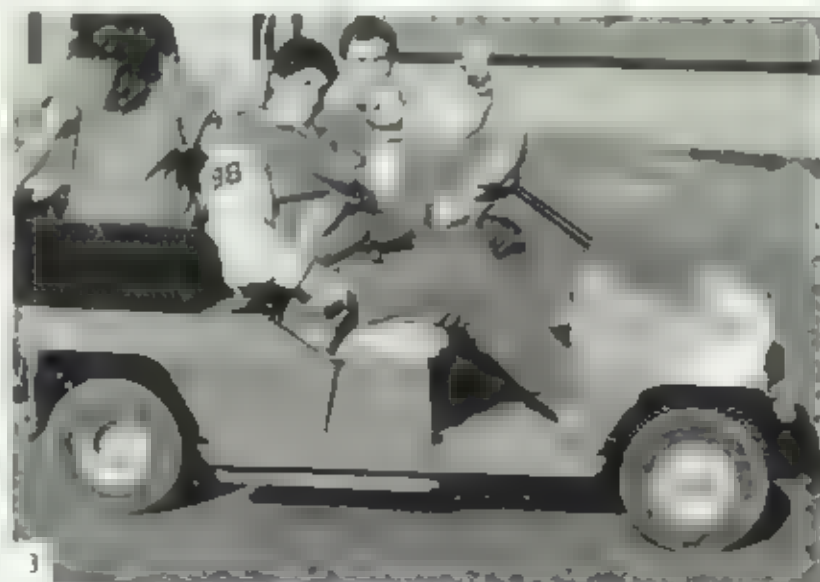

By John Baker

The 1987-88 Associated Student Body formed El Toro's elected student leadership. Its 19 members sole responsibilities were to serve the school and promote school spirit as best they could in their given office. These officers met every day during third period to plan their participation in upcoming events. A.S.B. was involved some way or another in nearly every assembly, and sporting event involving El Toro. This year's ASB President was Tim Jurkowski. Vice President was Andrea Young. Other ASB officers were: Amy Maher, ASB Secretary, Bobby Gaskins, ASB Treasurer; Mike Morper, Activities Commis-

sioner; Dave Mosh, Publicity Commissioner; Wendy Aron, Performing Arts Commissioner; Brian McNamera, School Board Representative; Julie Baer, Clubs Commissioner; Mike Ferrara, Pep Commissioner; Dave Nemeth, Boys' Sports Commissioner; Courtney Moynihan, Girls' Sports Commissioner; Genyll Schwartz, CASC Representative; Jeff Nokes, Key Club Representative; Kristine McCarthy, Keywanettes Representative; Allana Kirk, Senior President; Melinda Babbit, Junior President; Dave Cuttrell, Sophomore President; Deena Volaro, Freshman President.

Key Club

Spirit, Service and Success

By John Baker

The Key Club is an international service organization which did a large variety of jobs throughout the 1987-88 year. Its 50 El Toro members helped this year with such projects such as Meals-on-Wheels, Red Cross blood drive, as well as the March of Dimes Walk-a-Thon. They provided any needed support requested of them at these and numerous other functions.

Key Club members range from Freshman to Seniors, but there is a GPA requirement. In addition, members must contribute a certain number of hours working for the club each month. They met every Wednesday at lunch to assign members to projects and discuss the

club's future plans.

Since its introduction at El Toro in 1973, the Key Club has become an invaluable group to go to if something needs getting done. The Saddleback Valley Kiwanis has also donated their financial aid as well as leadership. This year's officers included: Brent Seddelmeyer-president, Nolan Lee-vice-President, Fred Chambers-Secretary and Ho Lee-Treasurer.

As Brent Seddelmeyer, president, stated, "Our purpose is to serve the school and the community and to build leadership abilities" This idea probably best sums up the goals which this club strives to achieve.

Students Help Those in Need

By Margo Dunlap

The Keywanettes of El Toro were quite busy this year doing what they do best helping others. Led by their president Kara Rehwoldt, they made many contributions to both school and community. They gave needed assistance to the canned food

drive, they arrived to school early to distribute schedules, they lent their assistance for preparations for back-to-school night as well as for open house, and they helped prepare for Red Ribbon

Week. They also spent many hours helping to set up for school dances.

Meeting every Tuesday, concerned students received gratification from the knowledge that they were doing things for others. Their president Kara was quoted as saying, "Keywanettes give students a chance to help others that are not as lucky as us. It is also a chance for us to share our good fortune."

Having a club with such young officers as its sophomore secretary Kathy Kim, sophomore treasurer Lauri Seamark, and Junior vice-president and president Cari Thachuk and Kara Rehwoldt respectively, means they can look forward to a bright future.

citement and fun into school activities. The girls did this by putting on the Winter For-

mal, in which "Winter Wonderland" was the theme. It took a lot of time and dedication to make the dance such a success. Along with preparing for the Winter Formal the members of Girls' League were also in charge of making and selling Homecoming corsages and candy grams. Their annual Fashion Show was also a great success in displaying formal fashions for the dance.

As cited by Noggi Rabii, Publicity Commissioner, "Girls' League is open to people who want to be more involved with their school and also, who want to have fun doing so."

Art Club

Art Club Picture of Success

By John Baker

The El Toro Art Club, now in its fourth year, represented some of the school's most creative and talented students. Its members main purpose was to promote art on El Toro's campus as well as within the community in

ing projects as well as each other's art.

Several members of the club also competed in art exhibitions and competitions where they could show off their works.

The Art Club not only accomplished its goal, but it managed to have a great time doing it. The club allowed its members to participate in the art they enjoyed while at the same time making new friends. It was for this reason which last year's art club ranked among El Toro's most successful ever.

Thespians

Drama Shines On Stage

By John Baker

The Thespians Club was filled with the best of El Toro's dramatic arts' department. Now in its tenth year at El Toro these actors and actresses' jobs were to promote interest in theatre and produce plays.

Through projects such as successful candy sales the club has managed to fund their own productions. The Thespians participated in the Drama awards, the Fall and Winter productions, musical and Children's theatre

The Thespians Club's officers for this year were: Jennifer Tonetti, president; Heather Cameron, vice-president; Lisa Nelson, secretary, and Mike Landis, treasurer. In addition there were the two historians Kristen Neiderhaus and Dan Cabral

Jennifer Tonetti said that the Thespians Club was for anyone who loved drama and performing, and this year's 45 members tried to spread this feeling around as best they could

Interact

Helping Others and Having Fun

By John Baker

As one of El Toro's newest club, Interact tried to do things a little differently. According to its officers, Interact was a service organization without strict guidelines put on its members.

This year, the club had projects ranging from community, to national, to inter-

monthly volleyball game. The club was run in a relaxed, open way with the members in complete control.

The club's plans for the future include creating more fun activities for its members, more international projects as well as enlarging the club.

This year's officers were: Anthony Bagrozzi — President, Lee Childers — vice-president, Calyce Whitehead — treasurer, and Lara Binford — secretary.

Interact's Vice-President Lee Childers said of his club, "Interact is the kind of club that suits just about anybody. We're all learning a lot and having a lot of fun doing it."

E.T.E.C. Explore Careers

By Margo Dunlap

The El Toro Engineering Club, formerly known as JETS, with its twenty-one members, offered information to students about career opportunities in the areas of engineering, aviation and architecture. ETEC was also a place where students could go to determine their strong areas and to give them insight into areas of knowledge which needed to be developed.

The members met every Tuesday under the supervision of Frank Henry, advisor, to discuss the club's numerous design contests.

These contests included such zany ideas as their famous "egg drop" in which members had to insulate a box to try to keep an egg from breaking when dropped from a height of ten feet; developing a mousetrap powered car; a pingpong ball launcher; and a paper bridge contest.

ETEC members visited the El Toro Marine Base and the Miramar Naval Air Station to gather additional knowledge of engineering.

Forensics

ET Leads in Speech and Debate

By Jennifer Keegan

Forensics had sixty-five members and met on Fridays at lunch. The purpose of this organization was to learn to communicate effectively and confidently, learn the art of public speaking, and also to sharpen reasoning and argu-

presentation of the American Legion Speech. In the future, they plan to continue their tradition of winning seasons and personal accomplishments.

Forensics regularly participated in local high school tournaments in the Orange County Speech League. They have been recognized as a group at El Toro High School for the past three years.

The group consisted of the school's top students and achievers to enhance the already esteemed organization.

Tracey McDaniels stated, "There are three Forensics classes open to all. If you like to argue, talk, or state your opinions, then this is the place for you!"

Wrestlerettes

Wrestlerettes Add Spirit to Wrestling Team

By Margo Dunlap

Finishing their fourth year at El Toro, the Wrestlerettes once again proved to be a very useful as well as interesting club. They were a very necessary part of the wrestling team as they kept stats and helped with the clocks at all wrestling meets and tournaments.

The Wrestlerettes met once a week under the direction of Sharon Webber. At these meetings, they discussed the upcoming meets and assigned boxes to club members or each wrestler. The purpose of these boxes

was to put sandwiches, fruit, drinks, etc. into them for the wrestlers at the next meet. They also made posters and signs for tournaments and publicity.

The Wrestlerettes made wrestling a more exciting sport with their spirit and support. They also had a lot of fun doing it too! Because of this support, more fans came out to watch the wrestlers. These "cheerleaders" added school spirit to the sport of wrestling.

Journalism Stone and Guerra Lead New Magazine

By John Baker

For the El Toro Journalism staff this was the second year of producing their monthly newsmagazine, The Bulletin. The Bulletin consisted of school news, features, El Toro sports news, as well as including editorial opinions.

The Journalism class met daily with their advisor,

"A small staff made some big gains in the magazine."

— M. Gallups

Mike Gallups. During class, they discussed layouts for

future issues, story assignments as well as dreaded deadlines.

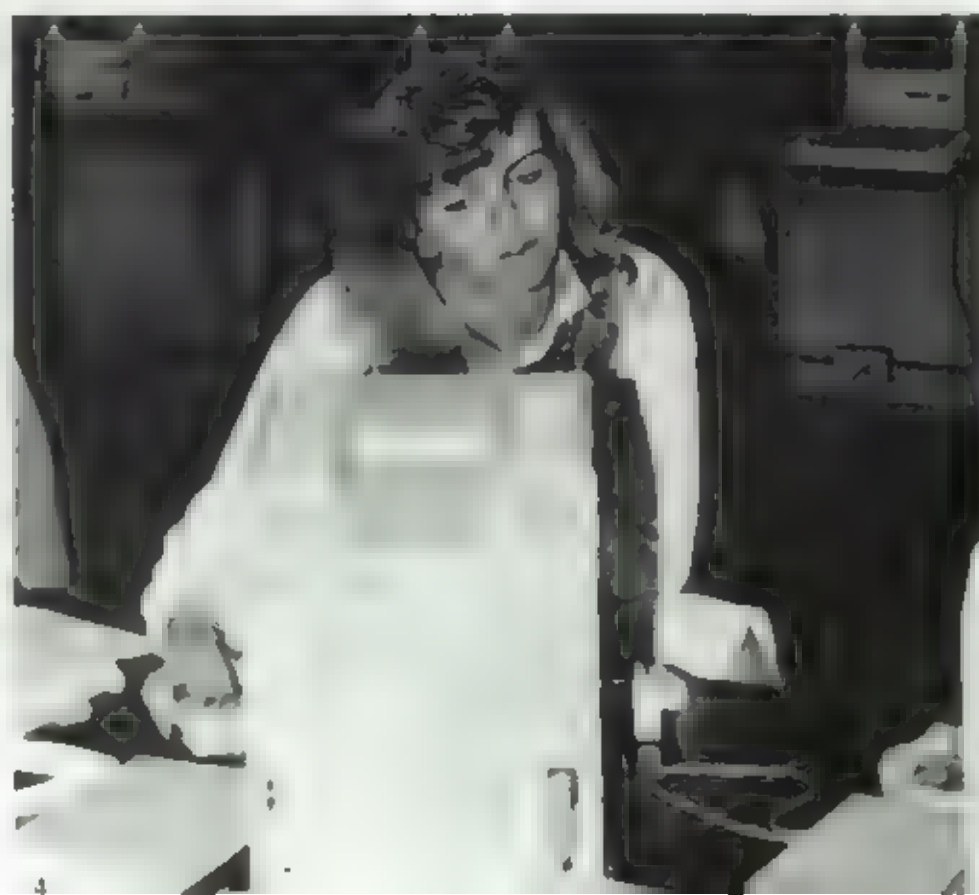

Dawn Stone, one of The Bulletin's co-editors, along with Kim Guerra this year, described the journalism class as "overworked and understaffed." This fact forced long hours of work in layout upon the editors as well as tough deadlines for the writers. Many a night was spent in the otherwise empty computer room making last minute adjustments to the paper. Most would agree, however that the extra effort paid off when the finished product was released.

Many New Ideas for '88 Yearbook

quad-paks, and lists were all daily sights in room 305. Staff members rushed to meet deadlines. The final day was always a hectic one as

last minute pictures and copy were being finished. Over seeing the book's progress were the three editors, Lisa Holtzer, Jennifer Keegan and Janice Via. Head photographer Mike Morper also played a major part in the book's progress as he was in charge of all of the book's photographs. But it took the combined efforts of the whole staff to complete the yearbook.

After many days of consideration, the staff decided to give a new title to the El Toro annual, *The Charger*. They also decided to have a new original and exciting cover which seemed to make the book a real success.

shakers for the games. According to the club's vice president, Gina Lolito, the club's main purpose is to promote school spirit and involve the students. This club definitely did just that. Its 50-60

members made the school more spirited and let all the teams know they were well supported.

This year's officers were: Brent Seddlemeyer and Susan Kerley as co-presidents, Gina Lolito vice-president, Jennifer McClellan treasurer, and Mary Frank secretary. Every Monday at lunch the club met to make their plan of attack for spreading school spirit. Members said that the Pep Club attracted wild, crazy people, and anyone who just wanted to get involved and have fun.

Mascots

Barney Keeps Spirit High

By Margo Dunlap

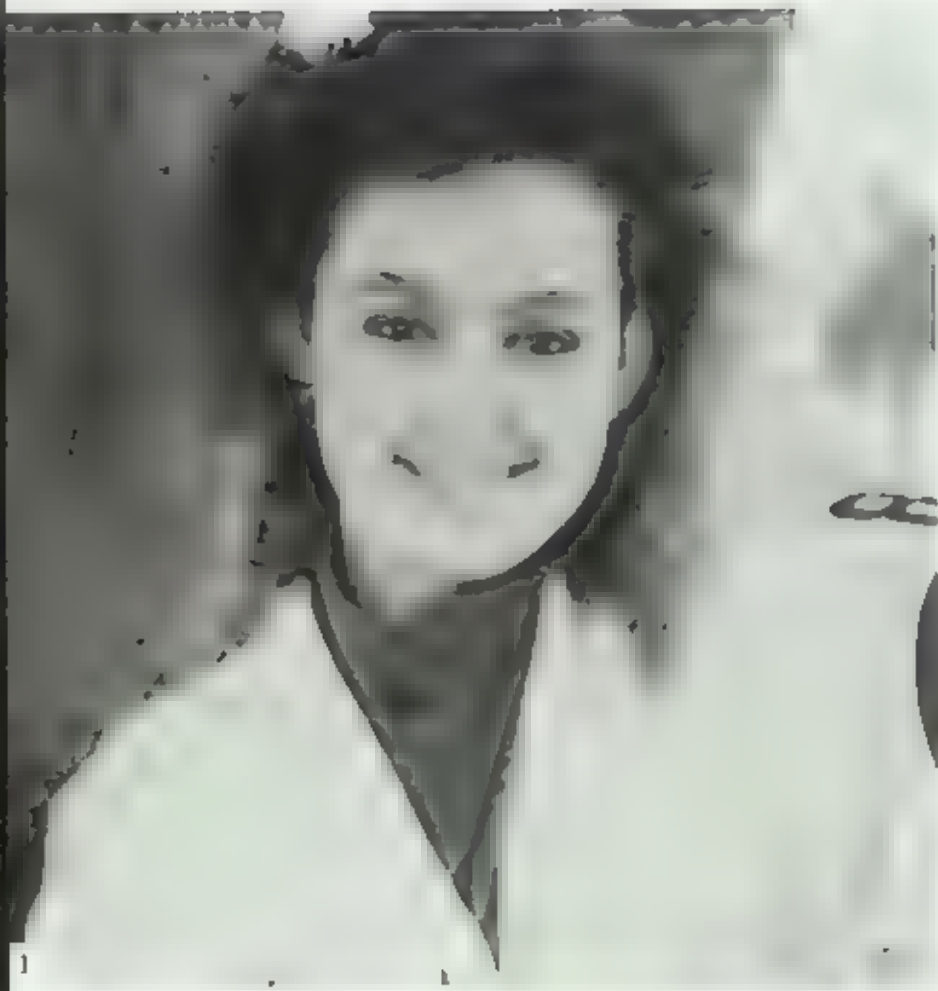

Seniors Marti Davis and Tara Turner were the 1987-1988 El Toro High School mascots. This job included promoting school spirit in a fun and exciting way. Barney the Bull was a familiar face at almost all sports events including Varsity football and basketball as well as volleyball, water polo and soccer. He also attended pep rallies and assemblies where he helped with the activities.

Because there were two

mascots, one could always be seen alongside the Varsity Cheerleaders and Song Leaders helping lead cheers. Meanwhile, the other would be Barney, busy with his cheers and tricks. In any case, everyone looked forward to the events where Barney could be seen.

Barney the Bull kept the El Toro High School spirit alive by encouraging the crowds to have fun and to cheer the teams on to victory!

Varsity Cheer

Horton Leads New Squad

By Colby Hytoff

Varsity Cheer really helped promote El Toro's great school spirit. The cheer also helped support school events.

The squad consisted of eight very talented girls: Susie Blackstone, Jennifer Wood, Alison Moreno, Joyce Seldon, Jennifer Sprague, Kelly Troyer, Tracy Taylor and Gena Horton. Gena Horton was the Captain and Susie Blackstone was Co-Captain. Varsity Cheer met

every day during their third period.

They cheered at many events such as assemblies, rallies and games.

This year's Varsity Cheer Squad was unique because they tried new things, such as Joyce doing back flips off the top of the pyramids. They were also the first cheer to do a routine to music; they built pyramids to the music.

Varsity Song

Song Promotes School Spirit

By Margo Dunlap

Serving as captain of the 1987-88 Varsity Song Leaders was Tara Farley. Co-captain was Tiffany Kreidman. The six remaining members were Erin Kaylor, Tanya Brown, Marcia Francisco, Heather Simon, Cynthia Hansen and

Deena Mione.

To promote school spirit at ETHS took much time and dedication. This meant spending as much as one to three hours per day practicing routines or performing at numerous athletic events. Their hard work and commitment paid off when they walked away with a "Superior Performance" trophy during a song leading competition in the summer of '87. They were also recognized with an "Open Exhibition" award for their outstanding home routine.

Sophomore Cheer

Higuera, Aylor Lead Soph Cheer

By John Baker

Freshman cheer was composed of six new girls, adding even more spirit of El Toro's already spirited student body. Ready to introduce their own brand of spirit, the freshman cheer squad met every day third period to plan upcoming activities. Also, during this time, they practiced their routines and rehearsed new and exciting ways to add pep to the students. In addition, these girls cheered with the freshman class during pep

rallies, sparking the class of 91's spirit and raising it higher than ever before.

Although new, these freshmen were definitely not amateurs as they placed first in the Saddleback competition. Their major focus, however was just to demonstrate school spirit cheering on freshman and J.V. sports while having fun doing it. They definitely proved that the class of 91 ranks with all the rest when it come to school spirit!

Freshman Cheer

Freshman Squad New to El Toro

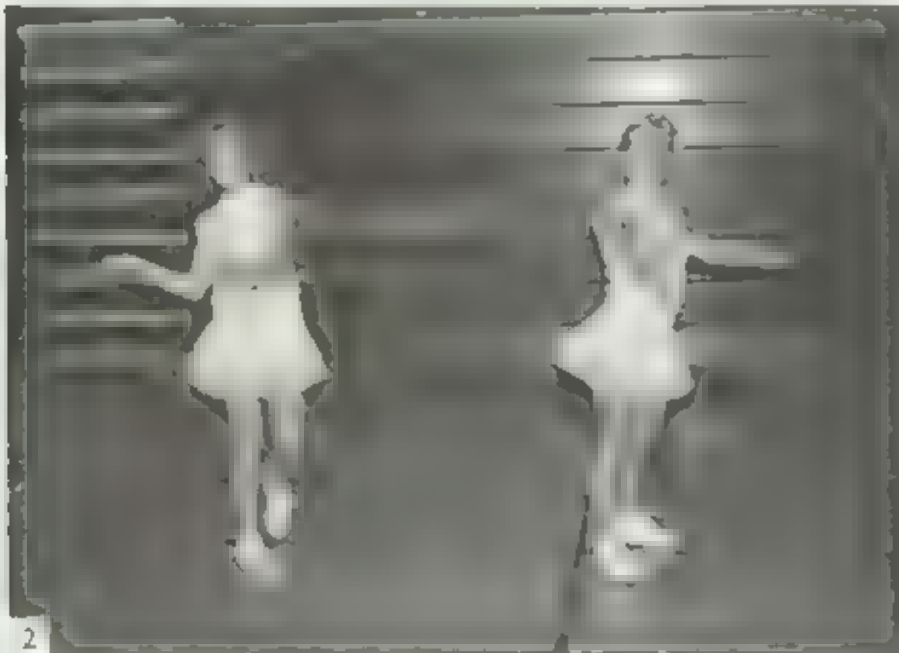

By John Baker

El Toro's sophomore cheerleading squad strove to do its best in supporting El Toro's spirit. The squad accomplished this seemingly simple task of promoting school spirit very easily by supporting the sophomore and Junior Varsity teams whenever called upon to do so. In addition to supporting sports teams they also provided their support at school pep rallies.

The sophomore squad real-

ly showed what they were capable of accomplishing when, in October they won first place in the Saddleback competition. Andrea Higuera and Angi Aylor as Co-Captains provided much of the leadership for this successful group. They did this by developing new routines and ways to ignite school spirit. Along with Higuera and Aylor's leadership came the help and guidance of their coordinator, Mrs. Doalson.

Orchestra

Orchestra Strives for Success

By Colby Hytoff

Ms. Pat Rainer directed the orchestra which performed beautifully. The orchestra consisted of thirty members. They met daily and worked hard to reach the highest perfection they could.

One of orchestra's goals was to perform a major musical such as this year's *The King and I*.

In the past, orchestra has

been the winner of the Macy's Awards for one of the best orchestras in Orange County for a musical in the past four years. Ms. Rainer plans to accomplish the same in the future.

Orchestra has been at El Toro High School for ten years and always attracts the best, most talented people.

Jazz Band

Jazz Band has Great Year

By Colby Hytoff

Jazz Band met every day during first period. The band has been at El Toro High School for ten years.

The Jazz Band was split in two — Jazz Band 1 and Jazz Band 2. Both worked hard and are a select few who were chosen to be members.

The band regularly participated in Jazz festivals where they compete with

other Jazz bands from other high schools.

In the past, they were winners with superior ratings at major Jazz festivals throughout the area. Some of these areas were Fullerton College, Long Beach State and San Diego City College.

Ms. Rainer plans to achieve the same success she has always had in the past.

Rainer's Band Takes Top Honors

By Colby Hytoff

This year Marching Band has accomplished many noteworthy things and plans to accomplish many more in the future.

The band has been at El Toro High School for ten years and met daily.

They regularly performed in field competition, football games, parades and will perform in the Australian Expo. 1988 in July.

Some of the bands past accomplishments are as follows: First at Garden Grove, first at El Camino, second at Colton, first at Claremont, Hollywood Christmas Lane Parade, Tournament of

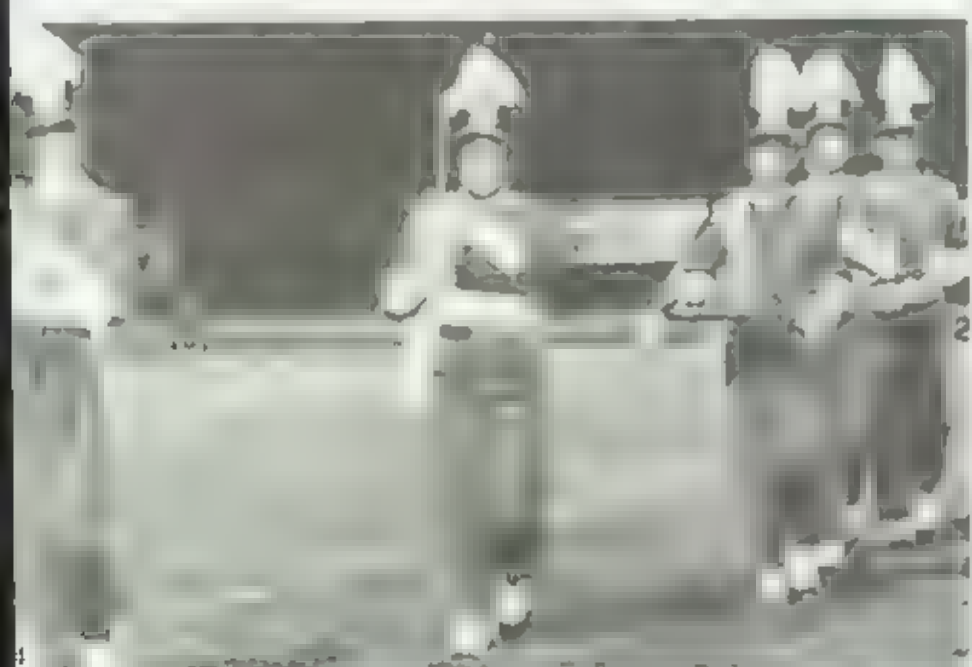

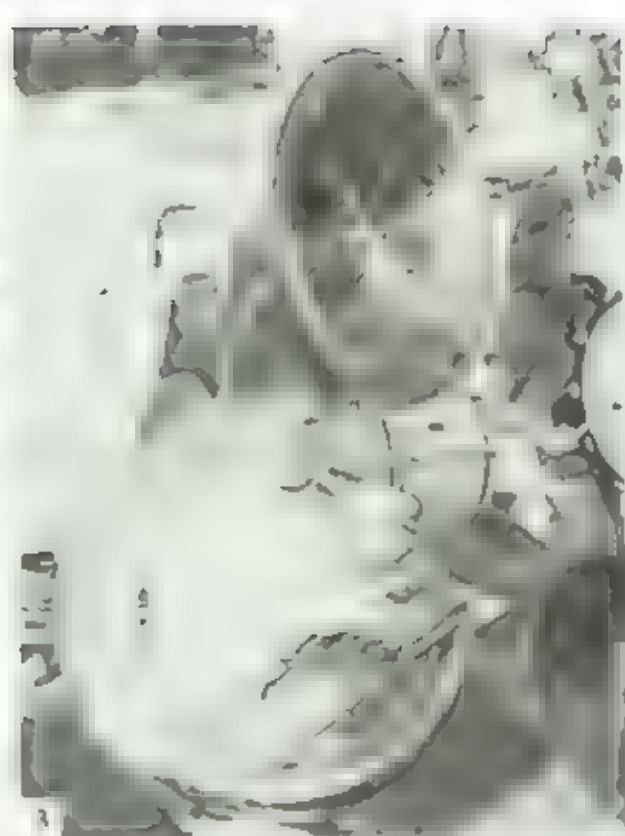

Champions, the Angels game (on April twenty-fourth), the Expo. of 1988 in Brisbane Australia on July seventeenth and eighteenth.

The drum majors were Anne Harrigan, Joy Vilgiate and Jana Shiple. The Presidents were Fred Chambers, Maria Santos and Kelly McAuley.

Marching Band practiced hard and long and deserve a lot of recognition. Ms. Pat Rainer was the band director. She also worked hard to reach perfection and keep up El Toro's great performing reputation.

Boys' Athlete of the Year

The Class of '87 Season Headed by Johnson

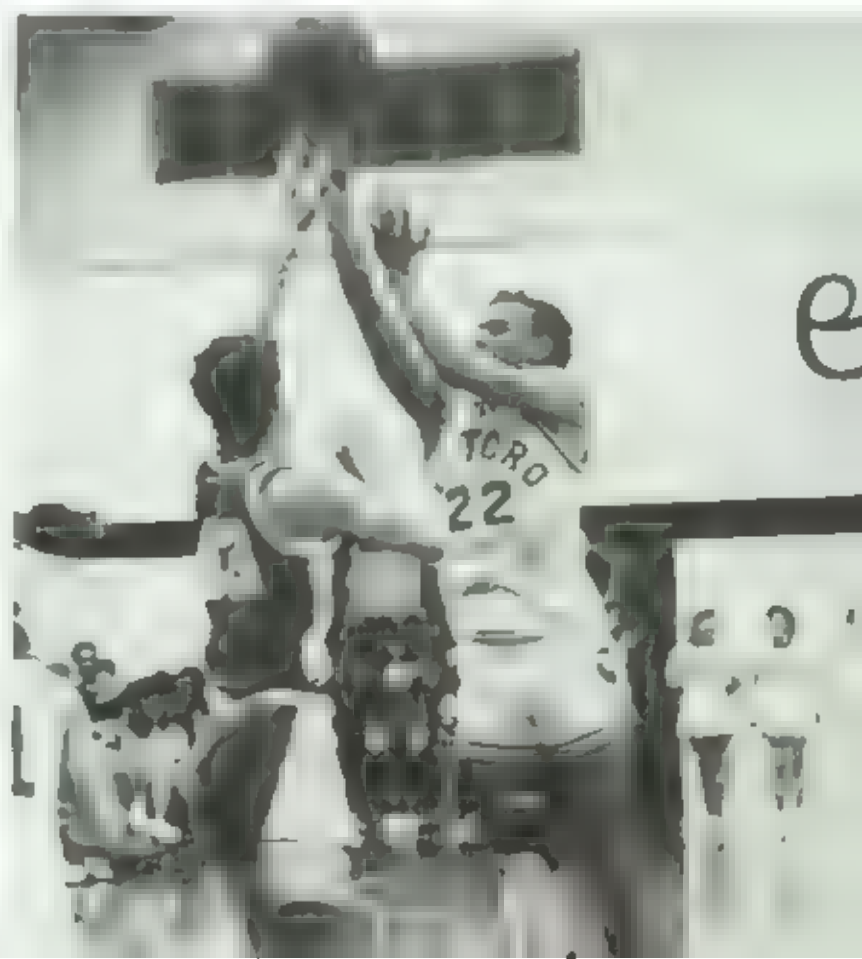

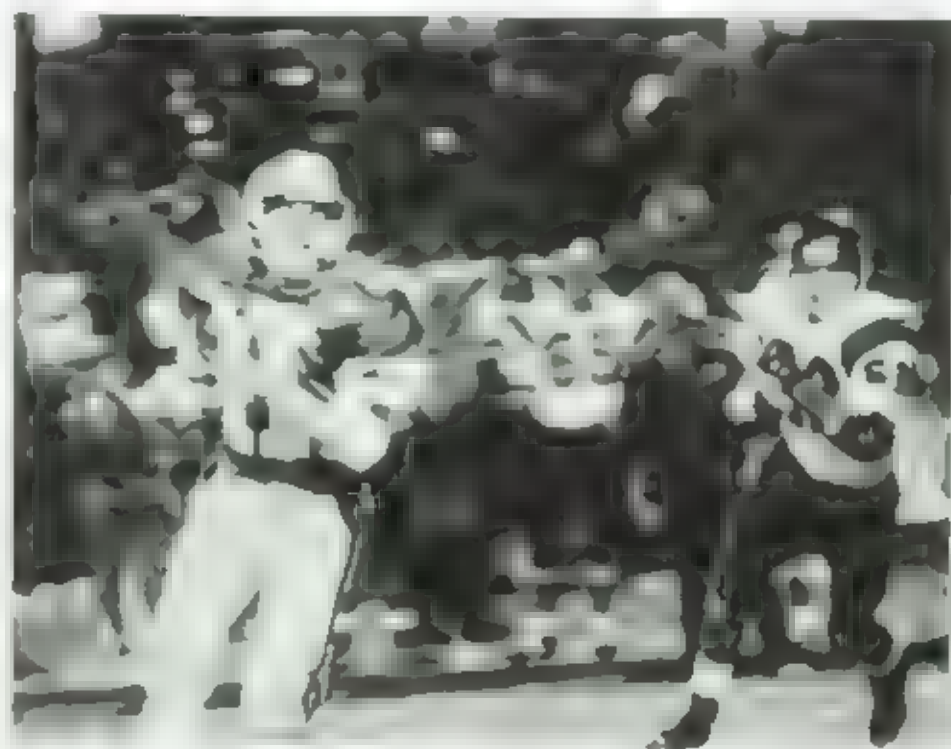

Excelling in both football and basketball throughout his four years at El Toro High, Brett Johnson emerged this year's Athlete of the Year. Since his freshman year, Brett has participated in both varsity football and basketball. In his junior and senior years, he led the football team to capturing two consecutive C.I.F. titles. Also, during these two years, Bret has been named the following: Player of the year — Orange County and 1st team all Orange County — both *Los Angeles Times* and *Register*. First team all C.I.F., C.I.F. Player of the year, MVP of El Toro High, League MVP and County MVP. His senior year he was State player of the year, Regional Player of the year and Parade All American.

Not only was Bret so successful in football, but he also excelled in basketball. He has played on the varsity team as a point guard since mid-way through his freshman season, and made the all-league 2nd team as a sophomore. His junior and senior years, Bret continued his success as he was named first team, all League and all County.

As for his future plans, Bret was heavily recruited in basketball and football but chose to go on in football. After making trips to UCLA, USC, Notre Dame, and Penn State, Bret chose to attend college and play football at UCLA.

Young Leads Two Teams to Semi-Finals

Girls' Athletes of the Year

Elaine Youngs' athletic season can be summed up in one word, injury. Elaine had many set backs from her injuries but still showed her great athletic talent. Next year, she will be attending University of California, Los Angeles. She earned a full ride volleyball scholarship.

In volleyball, Elaine walked on as a sophomore and made the varsity squad. One year later she was leading the team and was voted the M.V.P. Her senior year, she led the young team to the C.I.F. Semi finals before losing to Long Beach Wilson High School. In that game she suffered a head injury but that did not deter her from playing on.

In basketball, Elaine was a three year letterman. She started her freshman year playing junior varsity for coach Yeck and then went on to play three years of varsity under the same coach.

CIF Titles for '88

By Brett Middleton

El Toro Football has well established itself this season with its third CIF championship in six years. The Chargers' deadly passing attack was well complemented by a crushing defense and a steady running game. This ideal combination gave them a 12-2 record and the CIF title.

Injuries plagued the Chargers in league play against Mission Viejo. El Toro lost by 9-7. Although losing to Capo Valley 22-21 in one of the most exciting games of the year, El Toro received the win because of a Capo Valley infraction.

Despite these problems, El Toro was ranked 4th and played well in the CIF playoffs. They upset #1 ranked Santa Ana in the semifinals. With no time on the clock, The Chargers then went on to blow away Los Alamitos 36-6, to win the CIF Title in their best performance of the year.

Talent has always blessed El Toro Football and this year was no exception. All-League offense consisted of Bret Johnson, Chris McCarthy and Brian Lamb. All-League defensive players were Adam Brass, Craig Pyatt, and Cory Wayland.

There came a time when El Toro's ability to repeat last year's CIF title may have been in question by some this year. Their come from behind victory over Santa Ana might have even made some people wonder whether or not this El Toro team belonged in the final game. Yet, coaches Bob Johnson, Bill Whipple, Marty Spalding, John Johansen, Jerry Jarrett and Ray Fike believed in their players. When the dust finally cleared at Orange Coast College, in

team was one of the best teams in El Toro's history. The evident talent brought them a league championship and a perfect 10-0 season record.

The team apparently had no equal, beating in pre-season two otherwise undefeated teams, Fountain Valley and Villa Park. Their game against Capo Valley proved to be the highlight of the season. The Cougars led the game until the final moments of the fourth quarter, when El Toro came back and scored a last minute touchdown. Freshman Football Freshman Take League Title

By Brett Middleton

The Freshmen team ran away with the South Coast League title and an undefeated season at 9-0-1. This championship was made possible when the Chargers upset Capo Valley thanks to a tough El Toro defense engineered by Coach Dan DeLeon. They then continued their success by making short work of Irvine and Dana Hills en route to a perfect league record.

The Freshmen team was unique in that it did not win games because of the performance of a few standout individuals, but rather was a consistently strong team as a whole and played as one virtually unstoppable unit. This

aspect can be credited to walk on coaches, Bob Picazo,

Frosh/Soph

Frosh-Soph takes League Title

By Doug O'Brien

The Frosh/Soph water polo team, coached by Jeff Grosse, was an addition to a long line of Charger excellence in sports. The team won their league, and they were even scouted by Mission Viejo coaches, something that isn't usually done on the Frosh/Soph level.

The key to the game was speed and defense, which came through all year. The defense was led by sophomore goalie Eric Terwilliger and was virtually unpassable. Due to this combination of defense and speed, the Chargers scored most of their goals on quick counterattacks. Neil Aratin said, "The success of our

team was its depth, intensity, and ability to concentrate as a unit."

Varsity Place Third in League

By Jenny Anderson

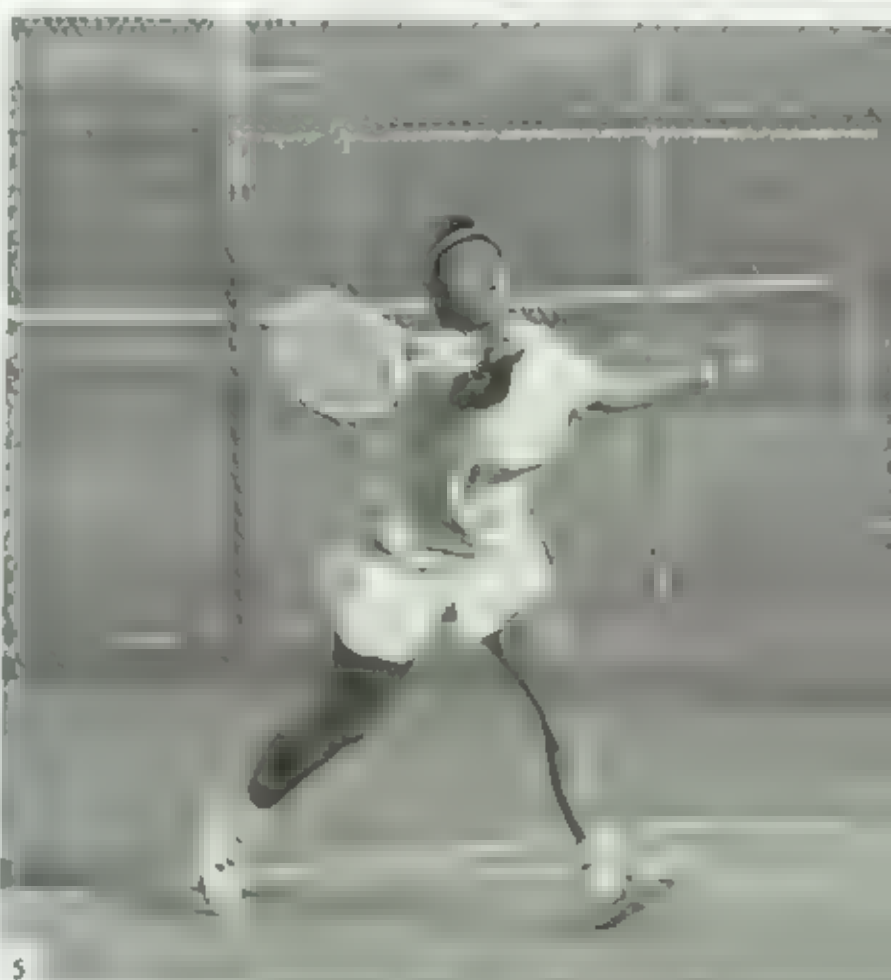

"Of the 16 years that I've coached at El Toro High, this was the best season ... and by far the most fun" said Coach Al Jones about the girls' Varsity Tennis Team. The team of five seniors and four juniors worked out daily. Their practice included drills, working on strategy, and refining their skills. The work-outs and the tough pre-season schedule prepared the girls for the season and enabled them to place third in the South Coast League. The team then advanced to CIF for the second year in a row. But, the biggest highlight of the season for El Toro was

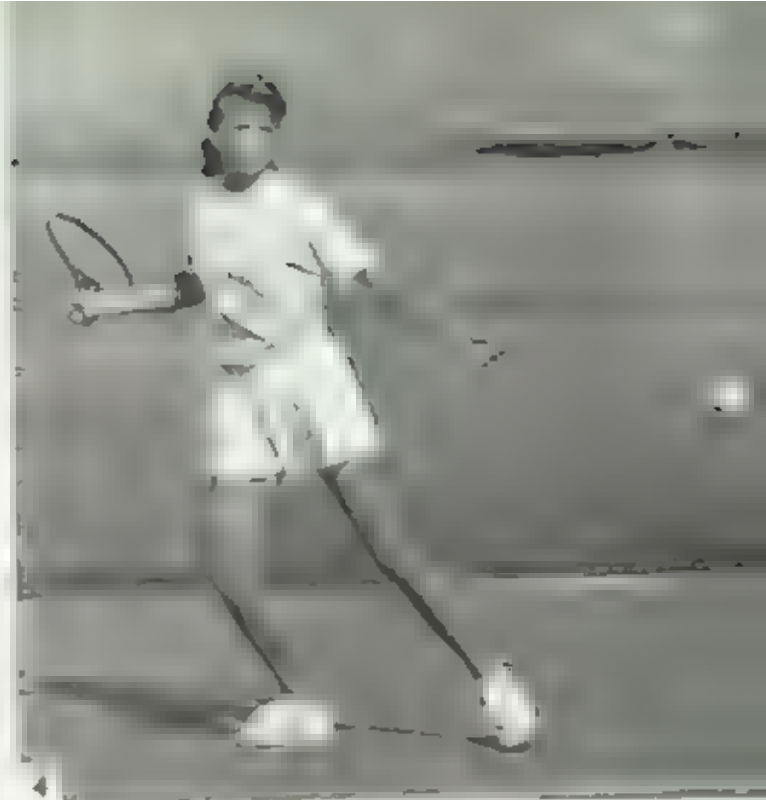

winning the South Coast League Doubles Championship. Lara Lisack and Krista Hudson, the Chargers' most valuable players, beat the Capo Valley team, and brought this victory home for El Toro.

Varsity Basketball

B-Ball is Alive and Well at E.T.

By Brett Middleton

The Varsity Basketball team had an excellent season overall. They finished league play at 8-2 and in second place which qualified them for the CIF play-offs.

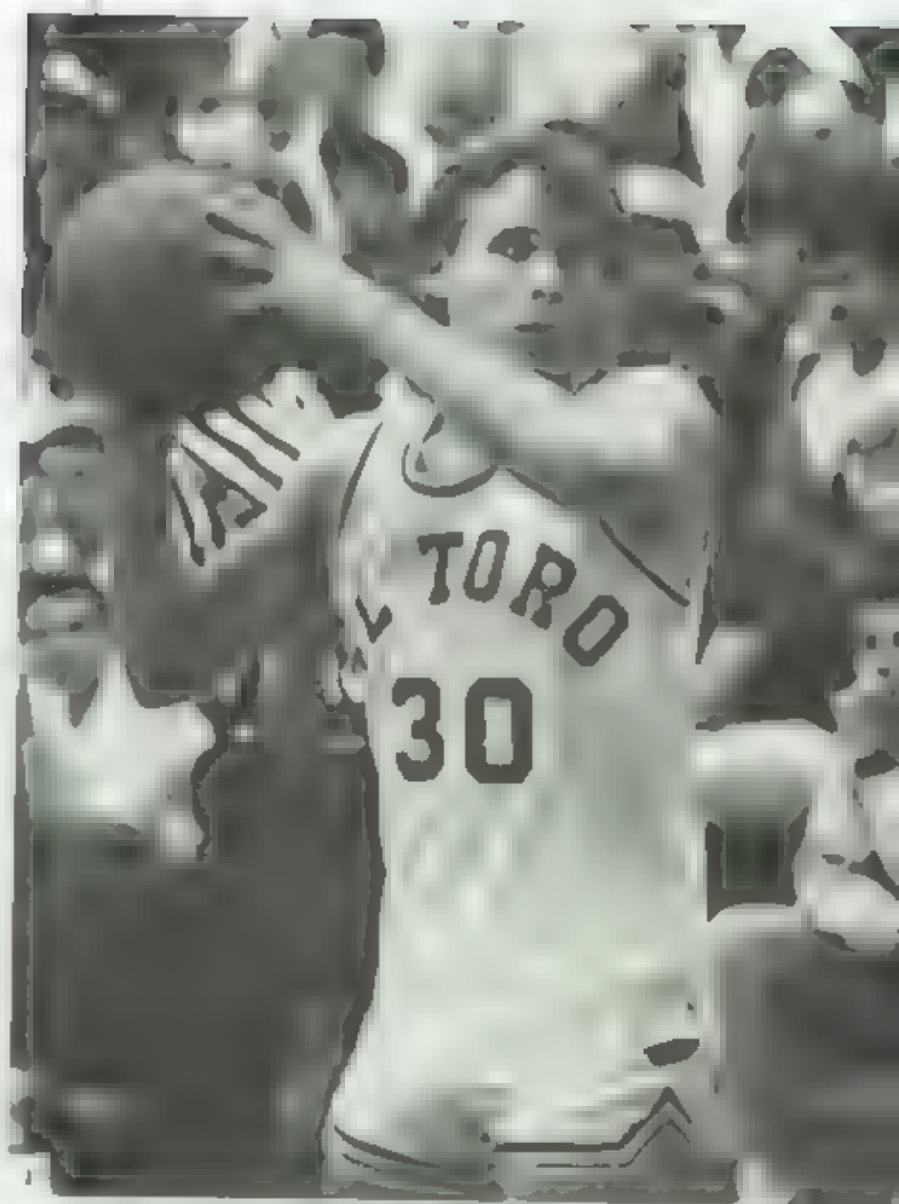

El Toro began its season by winning the championship of the 21st Annual Kiwanis-San Clemente Tournament. The Chargers defeated San Diego Lincoln 73-69 in the championship game. Eric Speaker, the tournament's most valuable player, led the way with 35 points. He was supported by Khari Johnson and Rob Johnson, who were

selected to the All Tournament team.

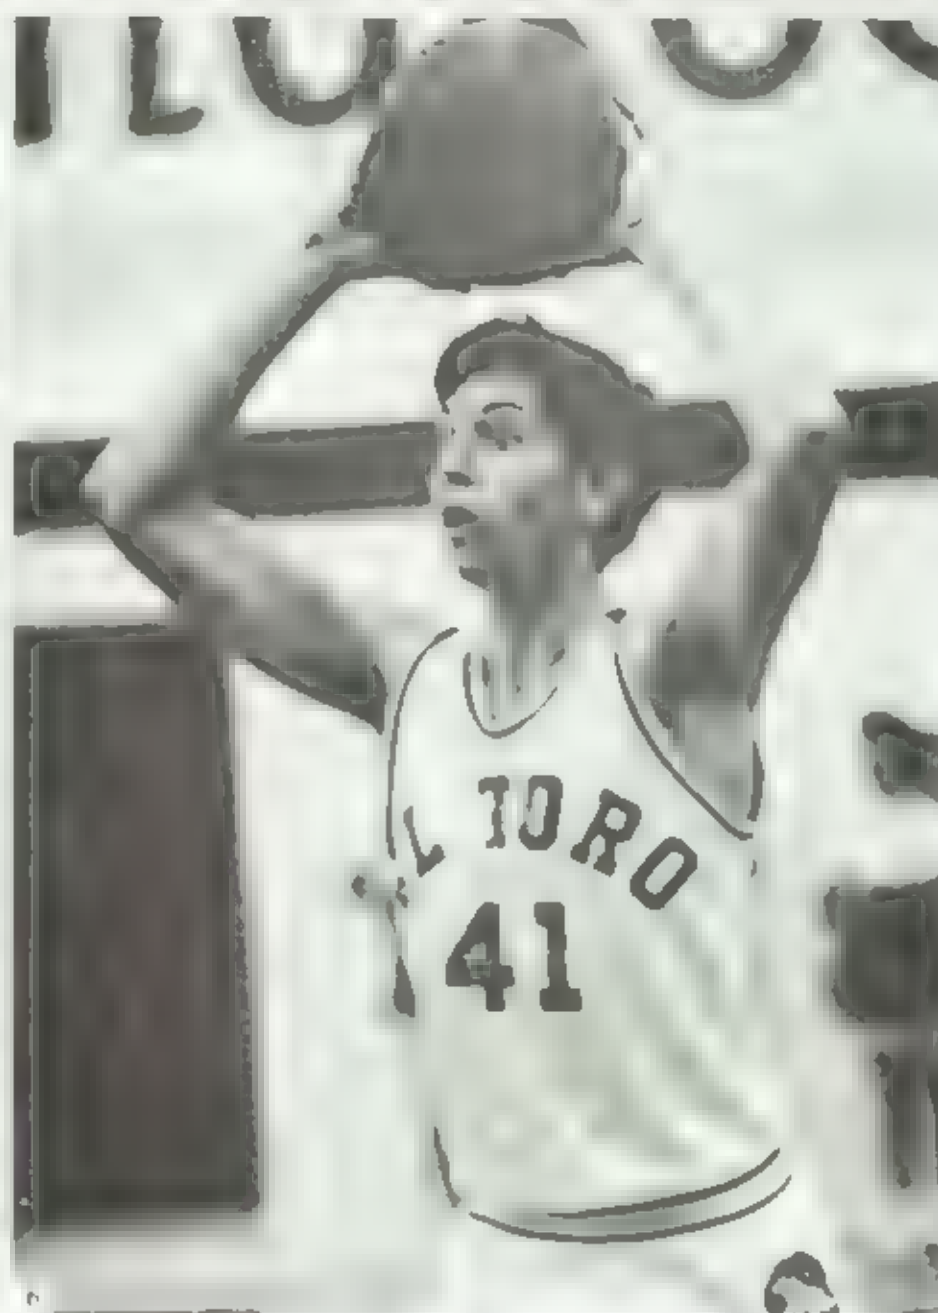

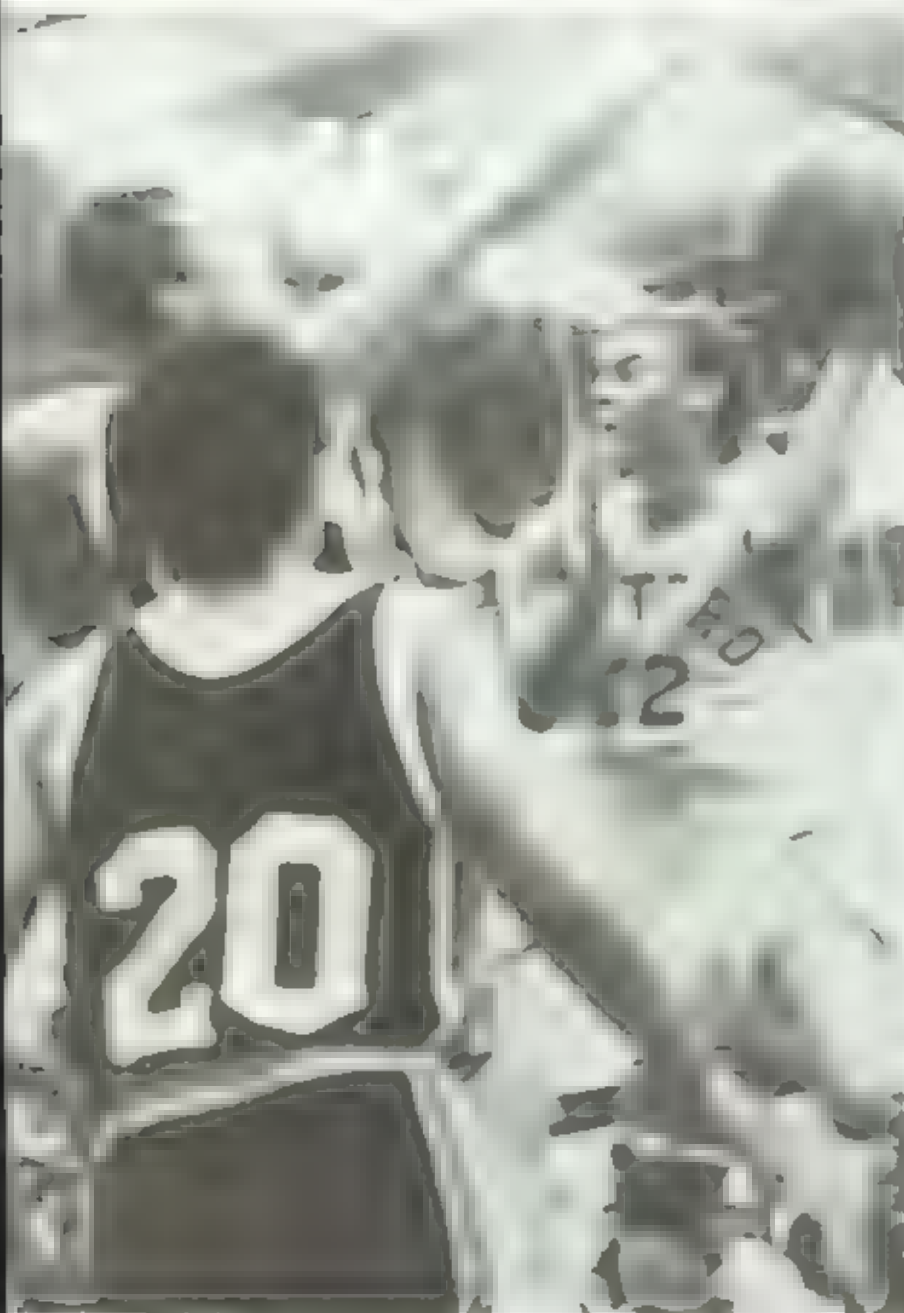

The Varsity starters were Bret Johnson, Eric Speaker, Cory Wayland, Mike Van Riette, and Khari Johnson. Reserve standouts included Chris Soriano, Greg Everett, and Rob Johnson.

An abundance of seniors including three returning two year starters allowed El Toro to consistently play well all season long. The Chargers' top ten ranking in the county just goes to show that Basketball is alive and well at El Toro.

Unfortunately, the team had many injuries during league games and wasn't able to perform as well as it might have. As a result, Coach Yeck regarded the pre-season games, league games, and CIF as different seasons, and he set goals for each. He commented, "This team had a great combination of talent, and I know that if we hadn't had so many injuries, we would have made more points on the scoreboard."

The key to the JV soccer team was their strong defense. Led by fullbacks Eric Terwillinger and Rich Dickerson, the opposition's scoring was kept to a minimum. Most of the team's losses were by a one goal margin.

The offense improved steadily throughout the season because the team had excellent skills and played well as a unit. The team was led by juniors Al Jurgela.

The Frosh-Soph soccer team demonstrated excellent skill and teamwork throughout the season. The skill was evident in the Fountain Valley Tournament, the biggest of the season. Of the twenty-eight teams competing, the Chargers proved to be a dominant force finishing third overall.

The key to the Frosh-Soph game was a powerful defense.

The coach said, "Our team was built on defense. If our offense had scored, we could have shut out the other teams."

The fullbacks on the team were Mike Loeblich, Adam Conzelman, and Kyle White. Their defensive play carried the team through most of the season. The team's efforts placed them in the top half of the league where they remained all season.

The Varsity Wrestling team has had one of its best seasons finishing second in league behind the #2 team in the state and the #1 team in the county, Capo Valley. The Chargers were the surprise team of the league. After a tight win over Mission (35-33), El Toro pulled 3 points win over the county's #5 ranked team, San Clemente.

Season bests for Varsity Wrestlers at tournaments are as follows. Tom Wellman placed 3rd at Valencia and at El Toro. Chris Woolford placed 1st at El Toro and 2nd at Laguna Hills, and Kwon Chang placed 1st at El Toro, 2nd at San Clemente, 2nd at

Valencia, and 3rd at Laguna Hills Tournament.

Also, Randy Robinson placed 3rd at El Toro, Valencia, and at Laguna Hills, Rob Wilson placed 3rd at El Toro and 4th at Laguna Hills, Adam Dickson placed 3rd at Laguna Hills and El Toro, while Craig Pyatt placed 1st at San Clemente, 1st at Laguna Hills, and 1st at El Toro Tournaments.

The team was coached by Coach Jerry Jarrett and Coach Al Jones. Comments Coach Jarrett. "This was a very young team with several freshmen and sophomores. They were the surprise team of the league."

Frosh-Soph/J.V. Wrestling Lower Level Wrestling Has Rough Season

By Doug O'Brien

The Frosh-Soph and Junior Varsity wrestling teams both had difficult seasons due to a lack of wrestlers. In wrestling matches, a team must have a person in each weight class or else they forfeit that category. Since there were so few wrestlers, most of their matches were lost before they had begun. Because of this, the team went 0-5 in league despite the great efforts of those participating.

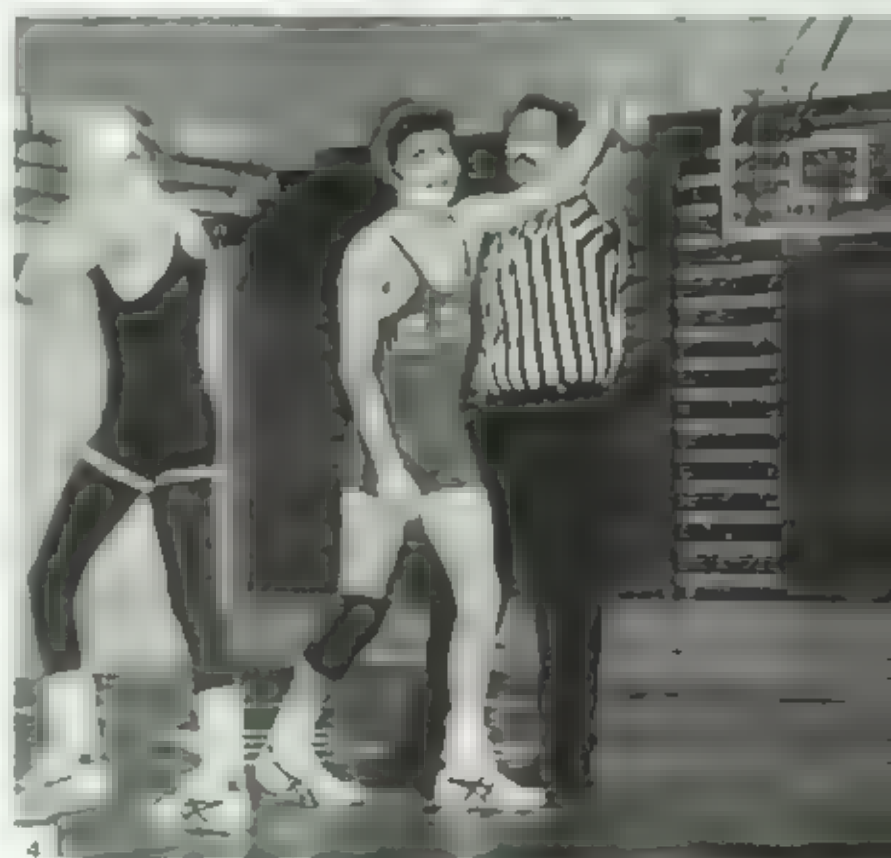

Both teams were young, comprised primarily of

freshmen and sophomores. Despite their lack of team members, they worked very hard, and individually did a

Another Stellar Season

By Brett Middleton

El Toro's Varsity Volleyball program has gone through a rebuilding process this season due to the fact that all six of last years undefeated starters had graduated. However, the Chargers did not have a typical rebuilding season due to the strong program developed by Coach Mike Jagd. They were ranked #1 in league and #8 in the county, despite their lack of Varsity experience.

The Chargers averaged only 6 foot 2, but what they lacked in height they made up for in skill. Senior outside hitter Rob Schmid lead the team in skills and was the focus point of the El Toro offense. Schmid was joined on

the front line by senior middle blocker Derek Olivere, junior middle blocker Danny Williams, and junior outside hitter Geoff Ferguson.

El Toro utilized a two-setter offense combining the skills of Jeff LePere and Huy Dang. Scott Massey, John Heilman, and Doug O'Brien all garnered plenty of playing time, while Brian Cleugh played well at defense.

The Team began training in early November to prepare for this season and it paid off. Preseason highlights included a sweep of Ocean View (3-0) and a first place finish in Pool play at the Redondo Beach Tournament.

This was another stellar season for El Toro's Junior Varsity Volleyball team. They began preseason play with a win over San Marcos, then dropped a tough match to the state's top ranked JV team, Laguna Beach (2-1).

Key to El Toro's success were middle blockers Eric Hoopengartner, Bob Steuernagle, and Jeff Mayland. The team was set by junior Marc Masters and sophomore Ryan VanRensselaer, while Matt Back, Kevin Martin, Scott Stookey, and Brett Middleton played at the outside hitter spots. Newcomers Matt Bringham, Mike Shan-

non, and Steve Kim learned the game and were given playing time as well.

"This team has a lot of physical ability and with some more experience we should go far," said Coach Jagd.

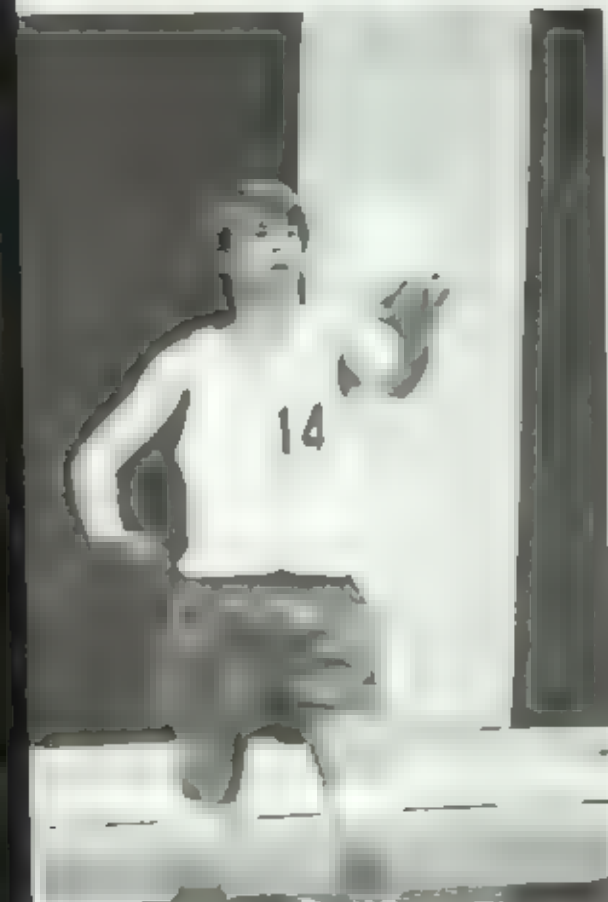

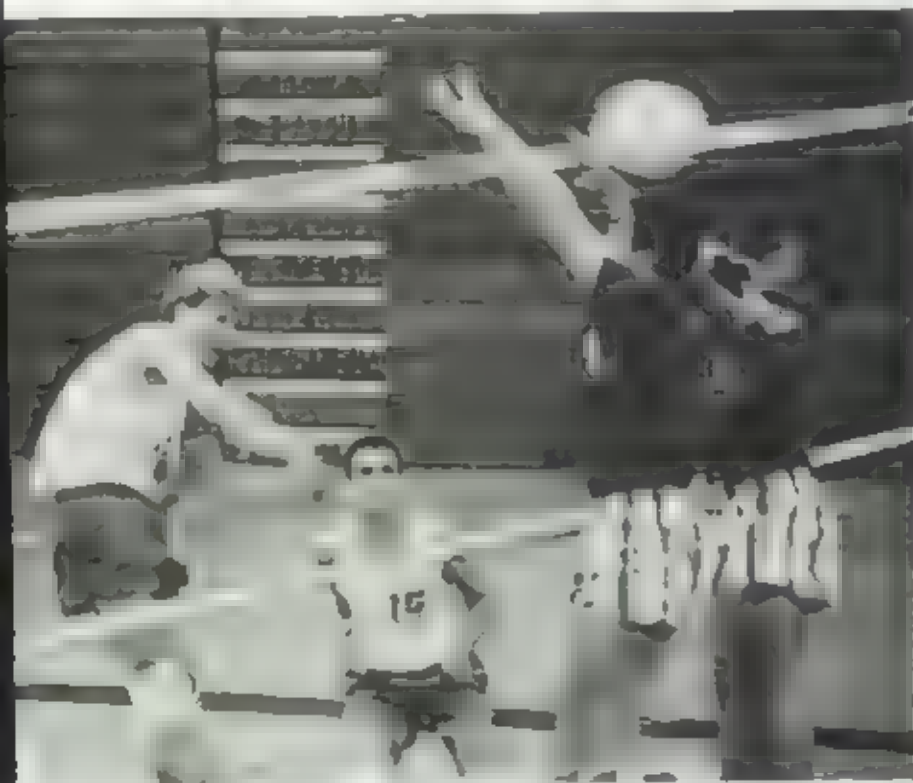

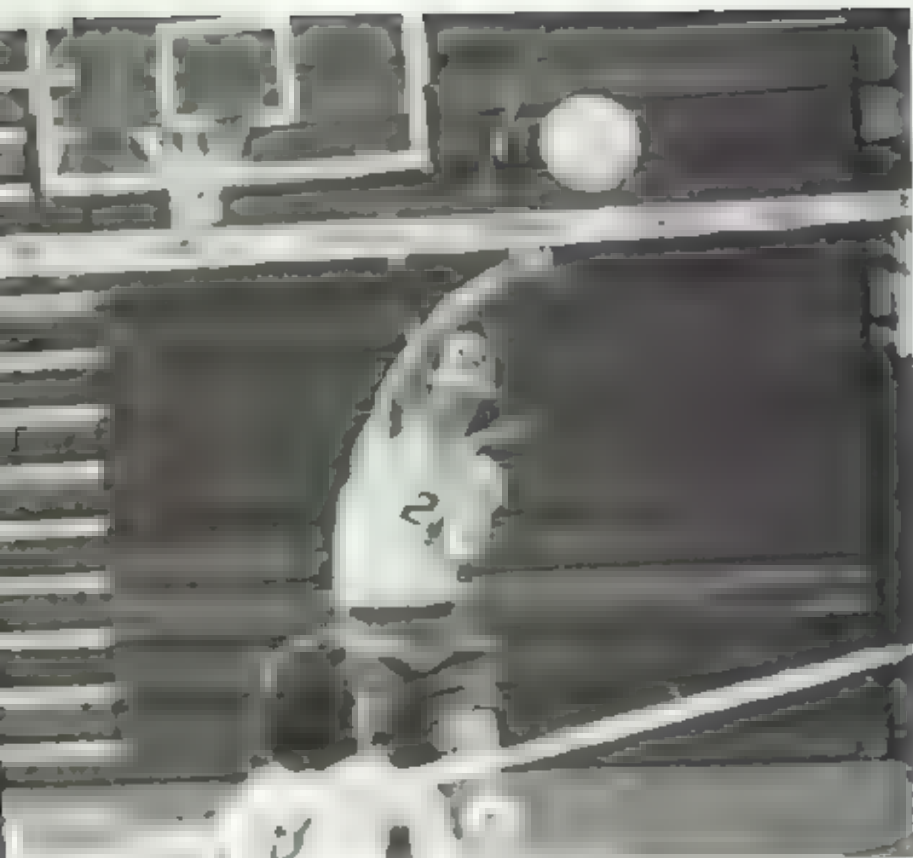

Coach Kim Jagd, did an excellent job of coaching in her first year. Her dedication and knowledge of the game influenced the Chargers to another successful season.

By Doug O'Brien

The boys' Varsity Swim Team, coached by Jeff Gross, faced tough competition in league this year. They were ranked third following their pre-season meets but were determined to make a play for first during the regular season.

Among the top contenders were senior Scott Craycraft, juniors Bill Coffman and Omar Ward; sophomores Nate Julson and Ken and Bill Nickel; and freshmen Sean

Cessna, Greg Craycraft, and J. P. Mathot. Commenting on the team made up of so many underclassmen, coach Gross replied,

The frosh-soph swim team was coached by Don Stoll, who was also the varsity water polo coach. The team consisted mostly of experienced freshmen swimmers and returning sophomore swimmers. They swam very well in league despite the fact that many of the stronger freshman and sophomore swimmers were moved up to the varsity level.

Coach Stoll and Jeff Gross both believed that some of the strongest swimmers in the program were underclassmen and responsible for a large part of the success this past season. Overall, the frosh-soph team swam well with their main rivals, Mission Viejo and Capo Valley.

J.V. Defends League Title

by Doug O'Brien

The Junior Varsity baseball team played extremely well in league. The team had come from a championship last year at the Frosh-Soph level in a very

competitive South Coast League. Their pre-season reflected their hard work and training with the Chargers losing only one game.

The team's coach, Larry Olin, felt they had a very successful season. The Chargers knew the high caliber of play needed to stay on top, and they worked hard to achieve it. Coach Olin remarked in a pre season interview,

"Our goal is to beat the bad teams, and compete fiercely with the good ones."

Hard Works Pays Off for Varsity

El Toro's track program has come a long way under the guidance of head coach Dave Johnson. The team began training in November and set their sights on the South Coast League title.

The main reason for the Charger's success was the experience and talent of several returning athletes. Don Resznicek competed in the hurdles, long jump, and triple jump. Mike Morper, Bill Stansbury, John Osley, and Morris Turner combined for the mile relay. Adam

Lower Levels Show Pride

By Brett Middleton

The Frosh-Soph Track team consisted of a promising group of Freshmen. They practiced daily to prepare for league meets and invitationals. Led by Coach Dave Johnson, El Toro was fortunate to have talented athletes in all events. Their toughest competition came from Dane Hills and Mission

Viejo and the season concluded with the league finals at Irvine.

The Junior Varsity team worked hard all season to improve their skills and faired well in league meets. Standouts included Trent Delameter, Eric Cayhill, and Steve Chin.

Tough Season For Team

By Jenny Anderson

At the beginning of the season, the girls' head coach, Rick Hagin, had hoped to maximize the potential of his athletes. With this goal in mind, he, and the other varsity coaches, worked hard to be competitive in all of El Toro's meets of the season. By providing tough competition, the girls' varsity track team was able to give all of the other schools a run for

their money.

Leading the Lady Chargers included Captains Kristen Niederhaus, Arika Griffith, Kara Rehwoldt, Michelle McGiffin, and Nicole Rosenberg. With a very talented and hardworking group to lead the varsity team, the girls were able to achieve their goals and help many of their top athletes advance to C.I.F.

Experience Leads To Success

By Doug O'Brien

The Varsity Golf Team, coached by Bob Bosanko, harvested many excellent players. Senior team captain, Craig Ballard was ranked fourth in the CIF region last year as a junior, and made the top twenty in CIF finals. Adding to the team's success were returning varsity golfers Sheldon Ryan, Nick Boardman, and Greg Reynolds. The experience of these returners proved to be a dominant factor in winning

matches.

The team's major opponent was Dana Hills who was ranked number one in league. In the preseason, Coach Bosanko said about his team,

CSF was designed to promote scholastic abilities and to recognize those students with outstanding academic achievements. Students who complete 4 semesters in the California Scholastic Federation in grades 10-12 are eligi-

ble for Sealbearer or Life Member. Those students who make CSF Sealbearer or Life Member status are the best of the best.

The 1987-1988 California Scholastic Federation officers were — seniors Katie Hottinger, Jeff McClellan, and Brian McNamara; juniors David Dubin and Zachary Backlin; and sophomores Andrea Higuera and Kenneth Martinez. The CSF officers had the jobs of verifying applications into CSF, and identifying and Sealbearer students. The officers also worked closely with the Delphi Program in organizing some of their many programs.

CSF students have to work hard to maintain such high GPA. They all should be commended on their fine efforts.

school, the students are given special preparatory courses and they are encouraged to participate in many academic events like Mock Trial, OCAD, and science fairs. In 10th grade the

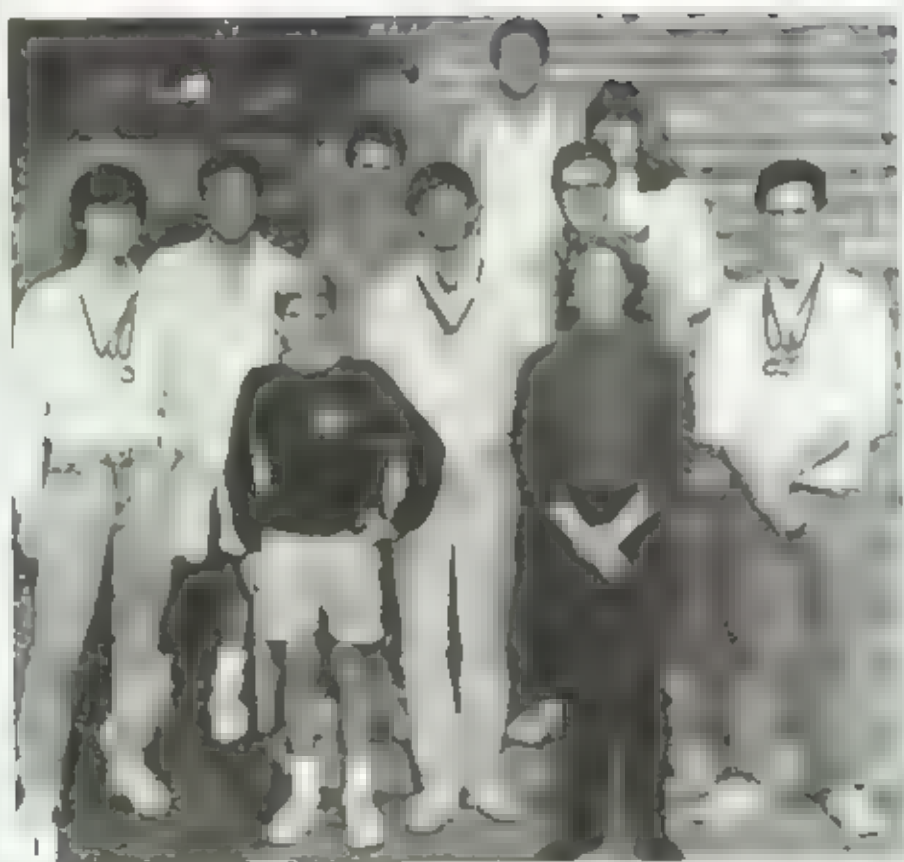

students are offered special P.S.A.T. preparation class. During summer school sessions, special academic enrichment classes are offered.

One of the most important functions of the Delphi Program is advisement. The Guidance Services staff helps these students keep track of college entrance and requirement deadlines. OCAD With 13 Individual Awards

By Teri Christenson

The Orange County Academic Decathlon team of El Toro High School did very well this year. In November, the team won first place in economics and second place in the Super Quiz, which made them fourth overall in the regional competition. As a result, the team went on to compete with 24 other schools in the finals in February.

In the decathlon, the students spend a whole day competing with other students who have the same academic standing in ten events: Economics, Interview, Social Science, Language, Literature, Fine Arts, Essay, Mathematics, Science, and the Super Quiz on the history of flight. All of the events were designed to test the student's intelligence

and memory.

El Toro's OCAD Members Were — seniors Jeff McClellan, Katie Hottinger, Matt Young, Ken Coleman, Fred Chambers, Ed Wu, Susan Kerley and junior Travis White.

During the November competition the team took thirteen individual awards. Ken Coleman took 1st in Mathematics. Travis White took 3rd in Social Science and in Language and Literature. Matt Young took 3rd place in Language and Literature and in Economics and 1st place in Fine Arts. Ed Wu took 2nd place in Science and in Essay. Jeff McClellan took 1st in Mathematics. Mock Trial Finishes in the Top 8

By Teri Christenson

El Toro High School was just one of 50 high schools participating in the constitutional rights foundation's Mock Trial competition in Orange County. From October first to December 15, Mrs. Paula Kumer and 25 students from El Toro met about 3 times each week

"It's an excellent opportunity to Participate in our judicial process."

— Paula Kumer

preparing for the competition

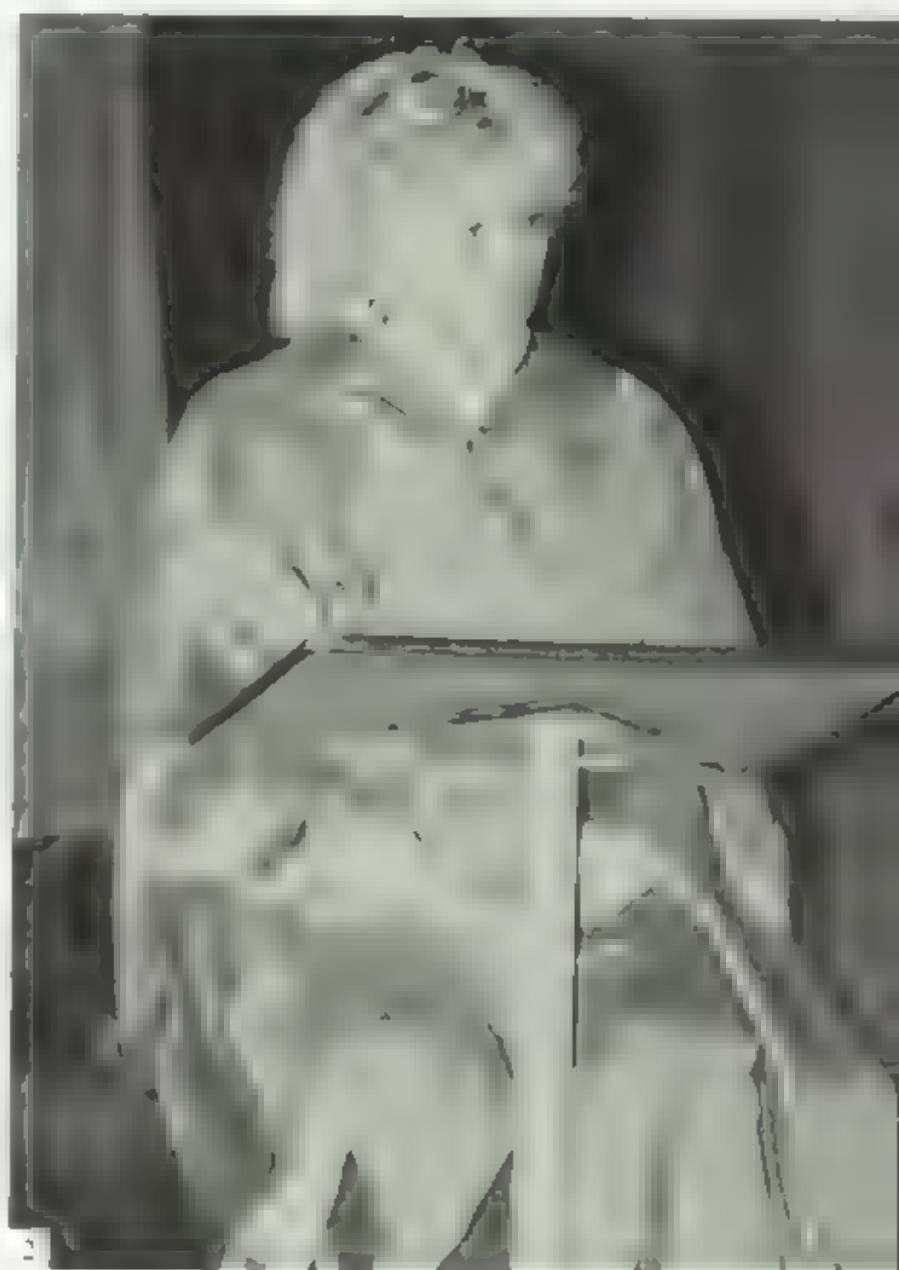

The Mock Trial competition held at the Orange County Courthouse in Santa Ana consists of trials presided over by a professional judge in the Orange County court system. Student lawyers are given points for their knowledge of legal issues, their command of the facts, their questioning of the witnesses and their overall

performance. The student witnesses are given points on the basis of how believable their characterizations are, how well they know the facts, and how well they answer the questions of the opposing team's attorneys.

Each year a different Mock Trial case is presented. This year the case involved a person named Carey Friendly who was accused of receiving and holding stolen property and assaulting a peace officer. All of the students spent a lot of time and effort with their lawyer coach, Mr. Roger Agajanian, and their teacher coach, Mrs. Paula Kumer, to try to present this case to the best of their ability.

All of the members of Mock Trial were hard working, self-motivated people. As a result, the team went on to the quarter finals and finished in the top eight of 50 Orange County high schools that competed. Last year they finished in the top eight out of 46. Next year they plan to do even better

School's Out!

3:15! For everyone, that's the time when school officially ends. And when school ends, the day really begins. After school is the time that students look forward to most. There are a wide variety of activities to be done: going to work, getting an afternoon snack, hanging out with friends, doing a bit of shopping, taking a nap, getting prepared for the weekends, and simply trying to delay the inevitability of homework. In our yearbook's first mini-mag, we will try to present a general idea of what goes on after school, at night, on the weekends, and so forth.

Zero to Sixty . . .

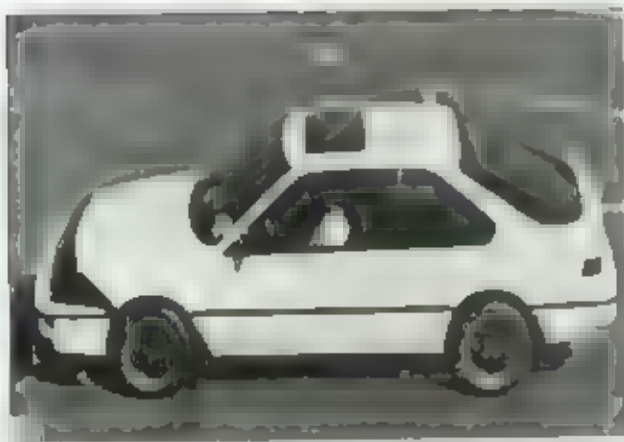

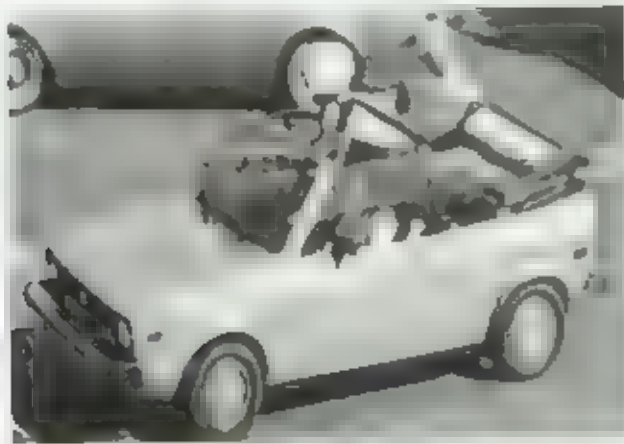

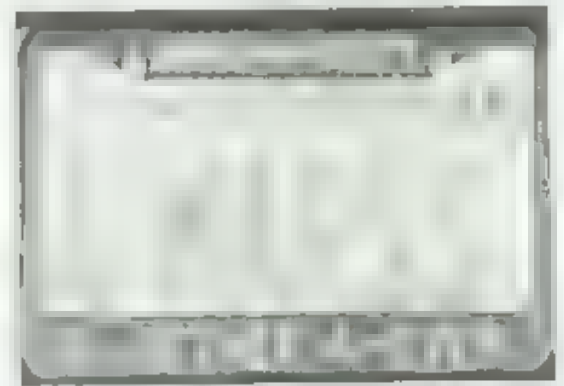

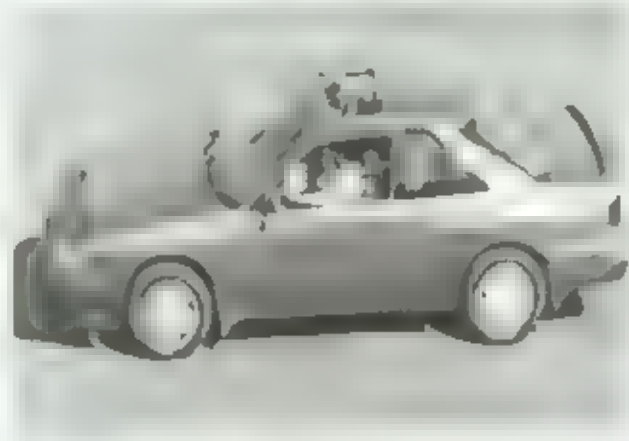

Have you ever noticed that people tend to resemble their pets? Have you ever noticed that the same applies to their cars? Just look in the parking lot, and you'll be overwhelmed by all the cars there, each as distinct and different as their owners. You'll see dented-up Fords, classic Camaros, Hondas, trucks, four-by-fours, bugs, every kind of car imaginable. With their car, a student can make any kind of statement they want, with custom license plates, bumper stickers, Garfields hanging upside-down from their window, and those little yellow signs, not to mention all the custom modifications. But most of all, a car is a symbol. Think about it, what can you do without a car? (This only applies to the upperclassmen, of course) Nightlife is mostly shot, and forget about dating, unless you want your parents chaperoning you. And think of how hard it'd be to get to your job everyday. Without a doubt, life without a car is difficult, at best.

Get A Job! . . .

Money. Everybody needs it whether we like it or not. What most people don't realize is how many high-schoolers have jobs to support themselves. Yeah, so flipping hamburgers for \$3.35 an hour isn't the most exciting job in the world, but what people don't know is that most teenagers DON'T work at McDonalds. In fact, teenagers work anywhere from Sears to hospitals. Teenagers do everything, from, yes, flipping all-beef patties, to being private tutors, to being salespeople. And just why are there so many young adults working after school from four to nine? There are a lot of reasons. One of them is boredom. It can get really boring after school ends, with nothing to do but to study and to do homework. So why not get a job and get paid for your time? Another reason is peers. Lots of people don't like being left out, so they get jobs when their friends get jobs. But probably the most common reason is because living expenses are such costly part of our lives, especially if you have to make car and insurance payments. Besides, where else can we get our money?

Food For Thought!

If you ask students what they think about most, they'll probably answer "food." Now of course people may disagree, but food really is an important part of a teenager's life. The thing that gets people through the days is the prospect of lunch, and then what to eat after school. And when lunch does finally roll around, think of the fine cuisine that's available all within a minute's drive: Carl's Jr., McDonalds, Burger King, Taco Bell, Naugles, the list goes on. Then there's always that special dinner with that special someone who deserves more than just a roast-beef sandwich. There are a myriad of nice places as well, ranging from El Torito, to Bennigans, to the Velvet Turtle, all right here in El Toro. Of course, you may want to go all out, and go to the Ritz Carlton in Dana Point. But then again, do you really want to sell your car?

Tunes for the Times!

We will long remember the sights and sounds of El Toro, and everyone agrees that music has been an important part of this experience. Whether it is rock, pop, soul, jazz, or any other type, music has kept us going throughout the year. At parties, at home, in our cars, everywhere we go, music is an integral part of our lives. The last year especially has seen quite a diversity of trends and styles of music.

Some of the most successful albums of 1987 included "the Joshua Tree" by U2, "Tunnel of Love" from Bruce Springsteen, "Sign 'o the Times" by Prince, the Cure's "Kiss Me Kiss Me Kiss Me," "Faith" from George Michael, "Girls Girls Girls" by Motley Crue, not to mention the long-awaited new release from Michael Jackson, showing to the world that he's "Bad."

The Dating Game . . .

Dating: a definition — Dating is an ancient ritual, going back hundreds of years, in which two people, usually of opposite sex, embark upon an evening of adventure and intrigue. Basically, the purpose of dating is for the two to enjoy an evening in each other's company and also to get to know one another.

The formalities: Traditionally, a date is initiated by the guy (but hey, this IS the 80's, and girls have been known to ask the guys out), who usually calls the girl or talks to her in person. He would then suggest a restaurant to dine at (varying from having a cheeseburger at McDonald's, to steak at Sizzler, to a full course meal at the Ritz Carlton). Then the two decide on what to do after dinner. Favorite things to do include going to a movie, a walk on the beach, going to a party, or simply a romantic drive along the coast.

And if all goes well, both people will have enjoyed themselves, and the two may see each other again for another exciting evening out. And from there, who knows . . .

What's Going On Tonight?

Nightlife

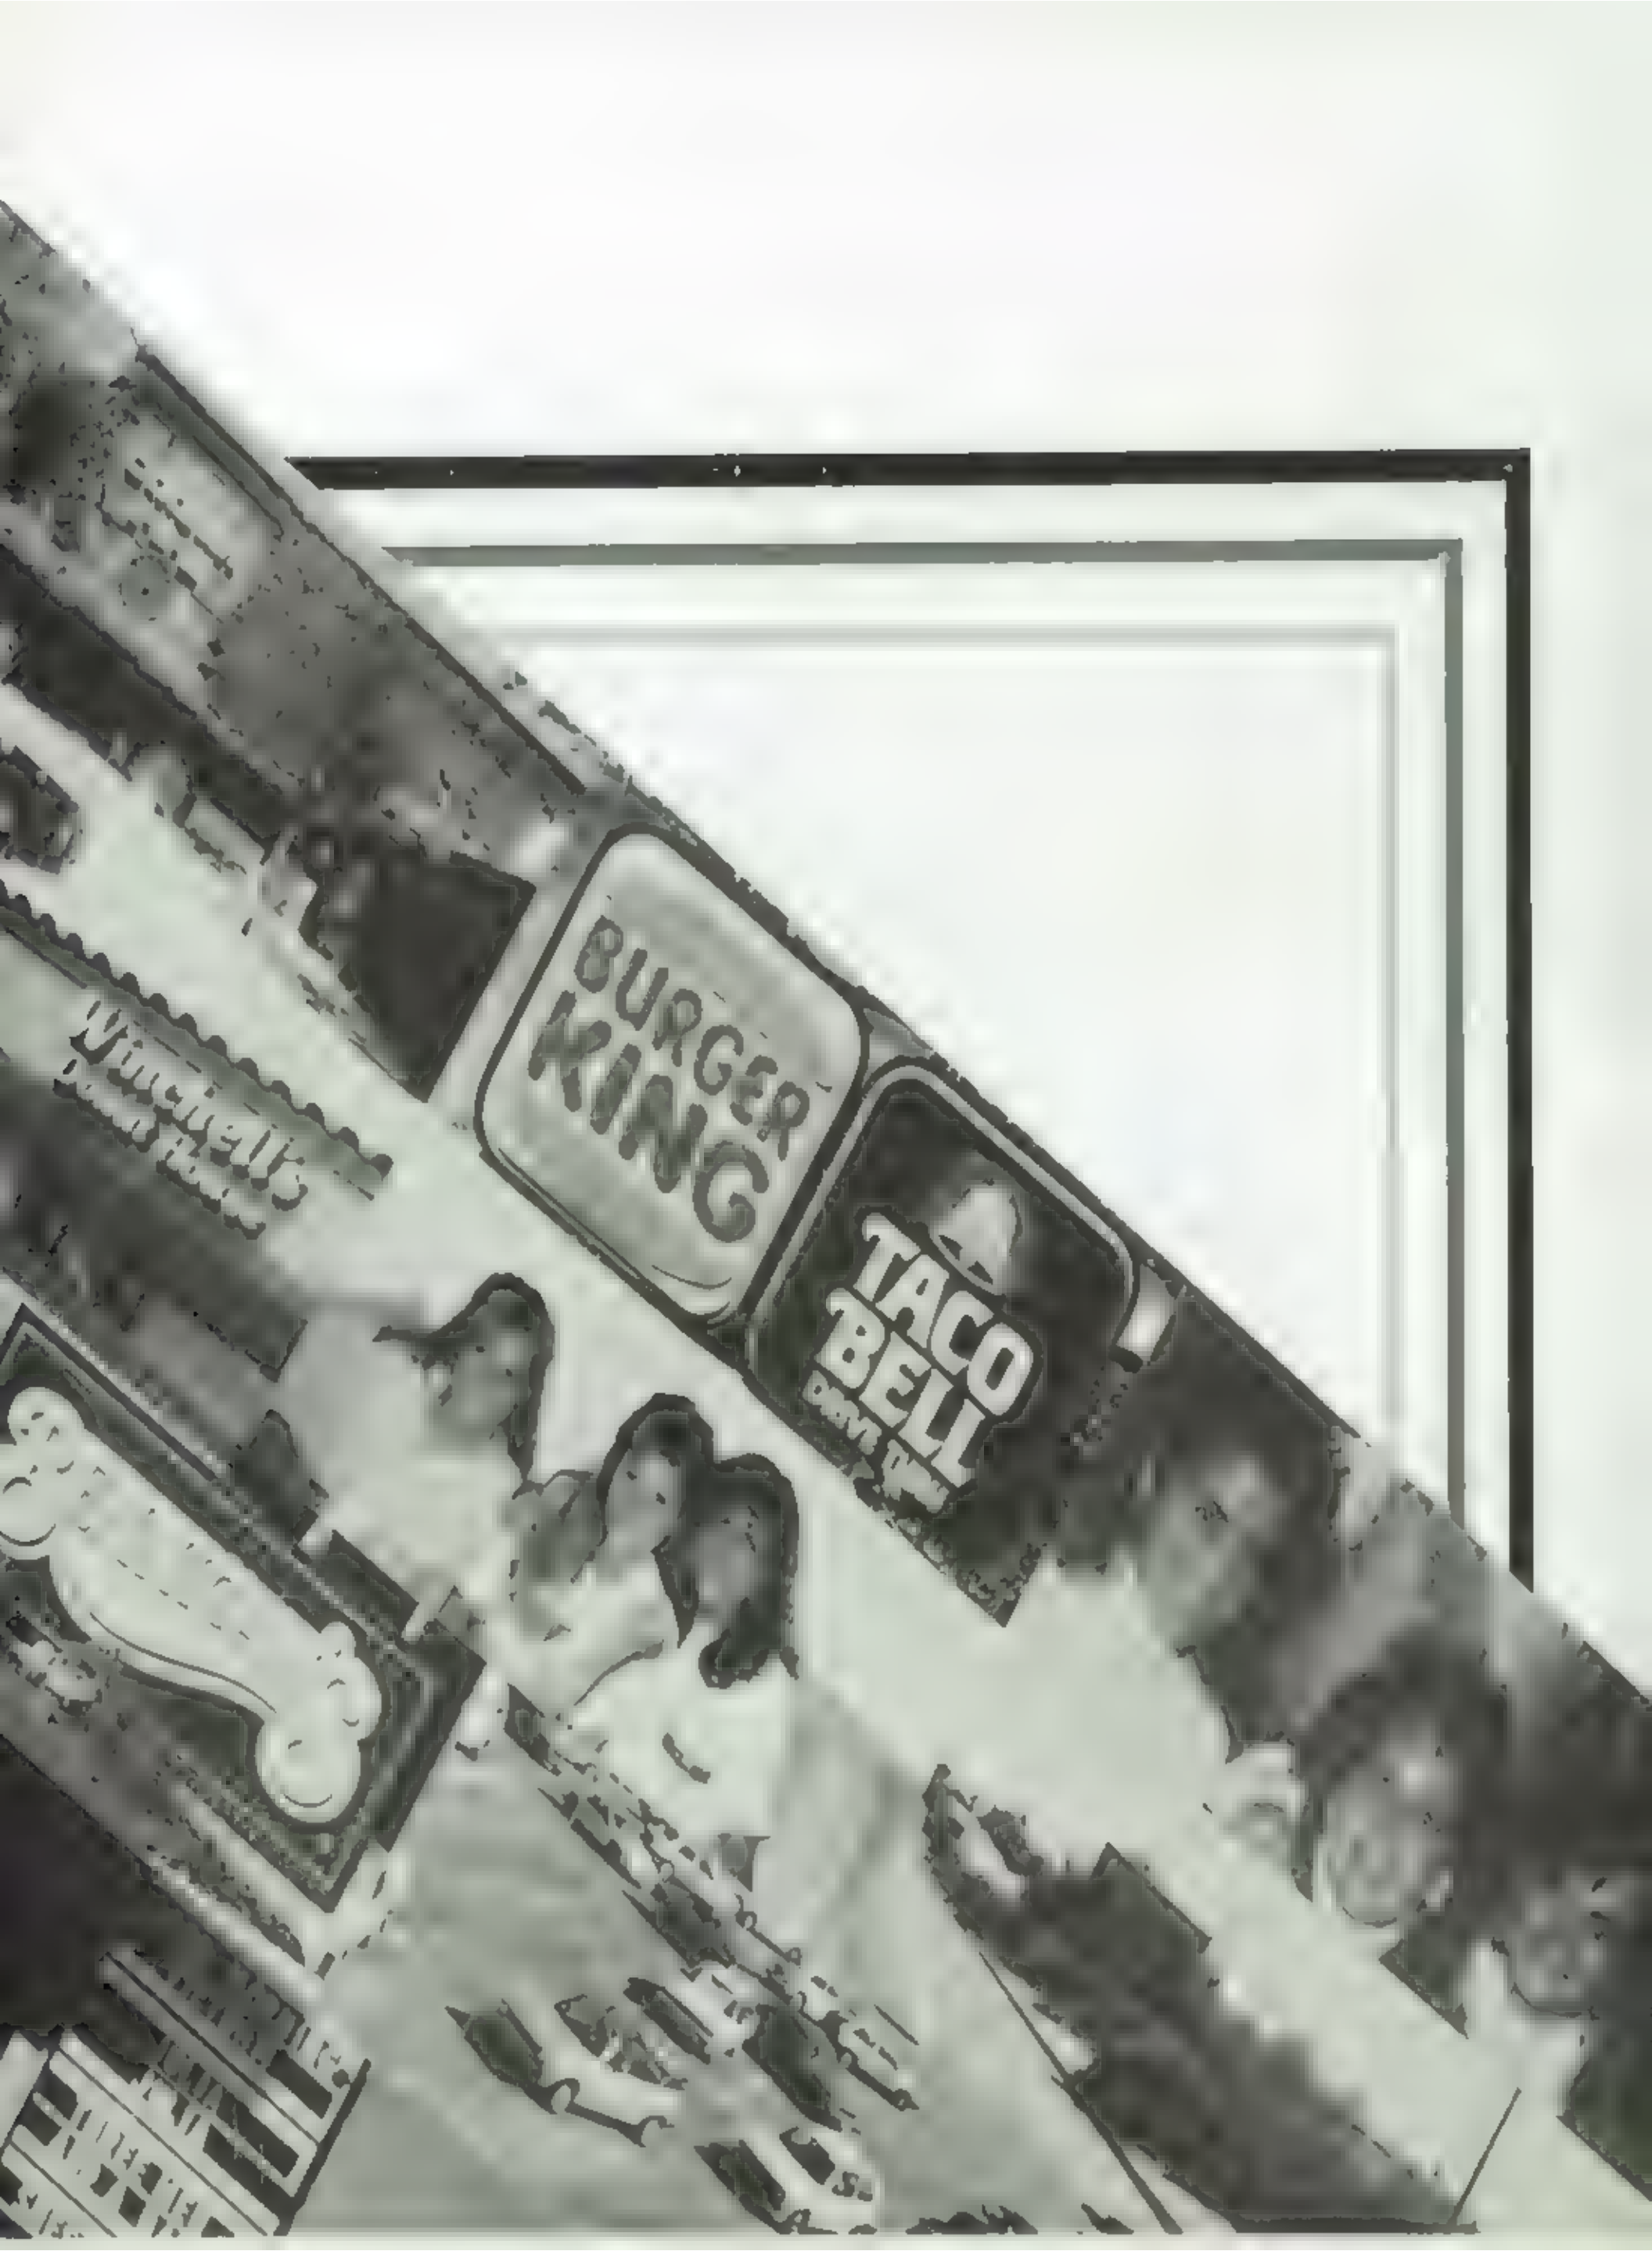

The biggest mystery to an adult is probably what teenagers do for nightlife. Then again, the biggest mystery to a teenager is usually also what they are going to do when the weekend finally arrives. So what do high-schoolers do on Friday and Saturday nights? First off, there's the always-popular art of going to parties. Parties can range anywhere from small get-together to huge birthday celebrations. If not, there're also all sorts of games to go to: basketball, football, and volleyball, just to name a few. If you'd rather not be with hundreds of raving fans, however, there's always something of interest playing at any one of El Toro's three movie theaters. So what does everyone do after all these exciting things? Well, most people gather at restaurants for a midnight snack. Or they may just cruise the streets. At any rate, people in El Toro always find something interesting to do.

Because of her excellent performance in the dramatic arts for the past three years at El Toro, Jennifer Sprague received the honor of being a Commendable Charger

Bratton, Brent

Jennifer's interest in drama began as a student at Serrano Intermediate School, where she participated in the program for two years. Her involvement in drama was a result of her love of being on stage and performing in front of an audience. She truly enjoyed being a part of the cast, although it was often stressful and time-consuming.

Bratton, Kathy

When she was not on stage performing, Jennifer might have been found cheering for the football teams. As a member of Varsity Cheer, Jennifer continually displayed spirit at school. Her enthusiasm may be due to her positive attitude about her education. "I love school a lot, and I want to make the most of it!"

Chris Todd
Commendable Charger

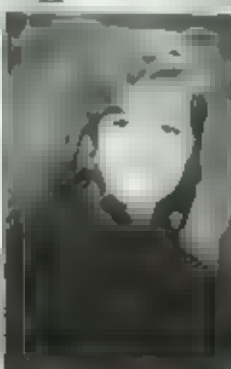

Chris Todd has been chosen to be a Commendable Charger for his contributions both the school and the community.

In the area of academics, Chris definitely earned the honor to be a 1988 Commendable Charger. While taking some of the most difficult courses offered, including A.P. history, A.P. chemistry, honors English, honors trigonometry, and French IV, he was able to maintain a 4.7 grade point average.

In addition to his involvement in academics, Chris also took part in many other extra-curricular activities. He showed hard work and dedication in athletics by participating in El Toro's Cross-Country team. Providing Community Service through the El Toro Club and working as a member of the Mock Trial team filled much of his spare time on and off campus.

As an all-around Commendable Charger, there is no doubt that Chris Todd will succeed in all that he does in the future.

Deanna Lee
Commendable Charger

Deanna Lee has continually excelled in academics, and for this reason, she has been chosen to be this year's Commendable Charger.

During her three years at El Toro, Deanna has proven to be a very determined and talented student. Her academic achievements were most apparent in her advanced courses, including A.P. U.S. history, honors English III, honors trigonometry, A.P. chemistry, and French IV. As a result of her hard work in each of her classes, Deanna successfully maintained a 4.75 grade point average. But, her various skills were not confined to academics. She was also actively involved with many other time-consuming activities, such as Keywanettes and Mock Trial.

When asked about her future plans, Deanna replied by saying, "I want to go to Berkeley and major in psychology or philosophy." Through her determination to succeed, Deanna should be very successful in achieving her future goals.

Because of his accomplishments in the field of athletics, Sean Drinkwater has been chosen to be one of the 1987-88 Commendable Chargers.

Athletics has been an important part of Sean's life since his father introduced him to sports. Because of this, Sean displays diverse talents through his active involvement at El Toro. For example, his exceptional performance as a freshman earned him a position on the Varsity Soccer team. During his second year at El Toro, Sean played on the Sophomore Football team, and as a junior, he secured a spot on the Varsity squad. In each of the three years at El Toro, Sean played his favorite sport, baseball. As a freshman, he was on the Junior Varsity team while advancing to the Varsity team as a sophomore and junior.

Because of his accomplishments in the field of athletics, Sean Drinkwater has been chosen to be a Commendable Charger.

Maria Santos
Commendable Charger

Maria Santos displayed her talent in music by participating in El Toro's band for the past three years. Her devotion towards music has earned her the title of Commendable Charger.

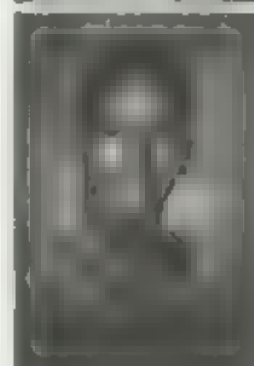

Although many people attempt to learn a particular instrument, only a small fraction tend to succeed. As a result of her love for music, she learned to play the clarinet, the saxophone, and as of her junior year, the flute. With her talented musical abilities, and long hours of practice, she was a very important and influential member of the school's band.

Her talents were not limited to music, but her academic achievements were just as impressive. After taking honors courses in history, English, science, and math, she maintained a 4.7 grade point average.

Through her active involvement in band and academics, Maria has been recognized as a Commendable Charger for the 1987-88 school year.

This past year at El Toro High School, Steve Stenstrom has very deservedly received recognition as a Commendable Charger.

Steve is a newcomer to El Toro, not to mention California. He entered our school late last year, already in the swing of things. He was an asset to our baseball team, was a Key Club member, took part in C.S.F., and maintained a 4.1 G.P.A., with two honors classes.

Finishing his sophomore year, Steve has increased his involvement within our school. He again took part in C.S.F., as well as Key Club. He was the sophomore football team's starting quarterback, a leading player on our sophomore basketball team, and is preparing to make his spring sport choice between golf and baseball.

Mr. Bosanko said "Steve Stenstrom is a perfect role model for any high school athlete. He is a true blend of all the fine qualities of a scholar, a gentleman, a leader, and a skilled athlete, both mentally and physically tough."

Still continuing academic success, again with a 4.1 G.P.A., Steve was enrolled in three honors classes.

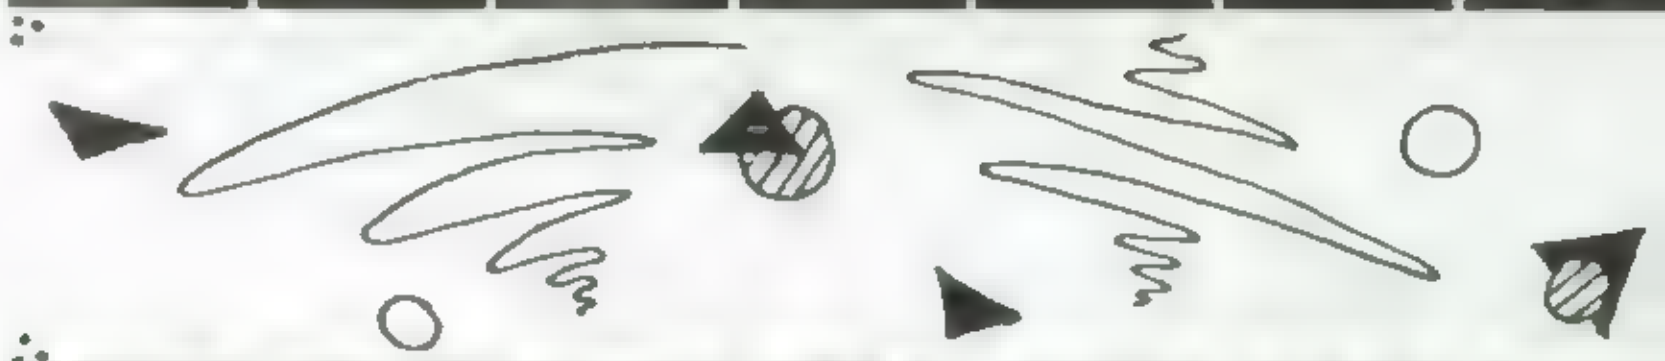

Steve said, "If you want something real bad, it doesn't come easy. You have to work for it and put forth a lot of effort."

In the future Steve sees his college choices as Stanford or U.C.L.A., where he hopes to study orthopedics or architecture.

Michelle Kaylor
Commendable Charger

For being a spirited and an all around great person, Michelle Kaylor has earned recognition as a 1988 Commendable Charger

Michelle has been a J.V. cheerleader for 2 years. Mrs. Doalson, the pep squad advisor said, Michelle was, "super conscientious and very enthusiastic."

Michelle has also been involved with Keywanettes, Girls' League, Pep Club, and Delphi.

As a dedicated student Michelle maintained a 3.8 G.P.A. and was on the Honor Roll. When asked how she felt about school she stated, "I like getting involved with school because it keeps me busy. Keeping busy helps me feel like I'm really doing something with my life."

Outside of school, Michelle has enjoyed water and snow skiing, swimming, sailing, volleyball, going to the beach and being with her friends. She even found time to work at Wild Rivers during the summer, and to act as a C.C.A. for church at Forest Home

In the future Michelle plans on being a lawyer and possibly studying at U.S.C. Whatever Michelle pursues her personality and dedication will lead her on to success

John Baker
Commendable Charger

Maintaining a 4.52 G.P.A. and involving himself with many extracurricular activities, John Baker has earned himself recognition as a 1988 Commendable Charger.

Excelling academically seems to be no problem for John. As a freshman, he was a member of the Academic Decathlon Team, and he was recognized for his achievements in Cultural Geography Honors as an Excellence Award semi-finalist. John has been involved with Delphi and C.S.F. With four honors classes, John has always qualified for Honor Roll.

In addition to academic talent, John possesses many other talents. As an athlete, he was a member of the water polo team. Both his freshman and sophomore year, John was involved with Key Club. He was also a very dedicated member of the Yearbook Staff and Journalism. Mr. Gallups, Yearbook and Journalism advisor commented, "John has been an invaluable resource in producing the school magazine. His knowledge of desktop publishing systems and willingness to help others has been a welcome addition to the staff. El Toro High School is fortunate to have John for two more years."

Sara Bone
Commendable Charger

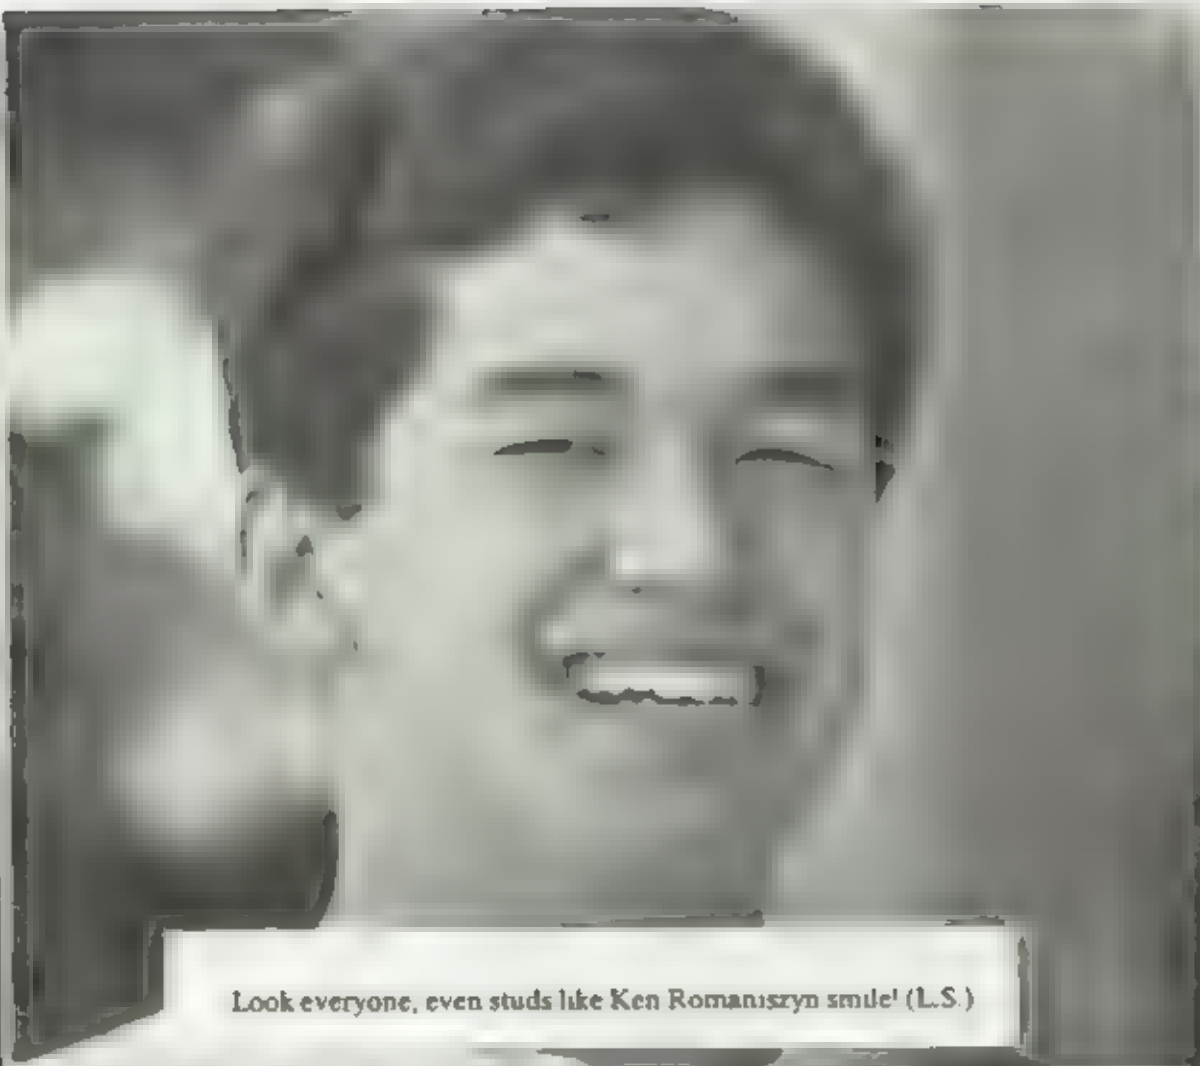

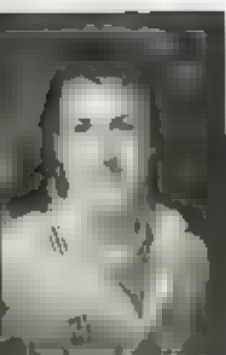

Sara Bone has got it all, and this year has been chosen to represent the sophomore class of 1990 as a Commendable Charger.

Along with a 4.4 G.P.A., Sara excels in numerous sports, including J.V. Tennis, Varsity Track, and Varsity Basketball.

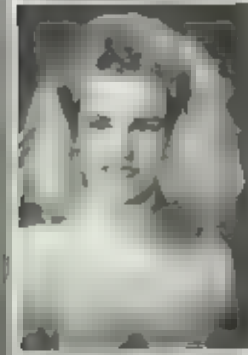

Sara said, "I love working hardest at what makes me happiest; friends, academics, and athletics. El Toro has allowed me to break free of the mold and create one of my own design."

Sara is a member of Keywanettes, C.S. and her achievements so far are Athlete of the Year, Who's Who among High School Students, highest Honor Roll every semester, M.V.P. of J.V. Track and semi-finalist for the Hugh O'Brian Award.

Her spare time hobbies include showing and riding horses, sailing and surfing.

Suri Appa
Commendable Charger

To Suri Appa, a well-deserving recipient of the honor of 1988 Commendable Charger, success was not unusual.

Suri was extremely involved with extracurricular activities. C.S.F. and Key Club were 2 service type clubs that he took an active part in. In athletics, he took part in water polo, wrestling, and varsity tennis. He was named the most improved wrestler of the Frosh-Soph wrestling team his freshman year. As one of the only freshman to make Varsity Tennis his positive attitude was recognized with the Coaches Award.

Not only was Suri very involved with extracurricular activities, he also displayed incredible academic talents. Maintaining a 4.1 G.P.A. allowed him to qualify for the Highest Honor Roll. As a sophomore his classes included A.P. Calculus, A.P. Chemistry, English Honors and French 3.

In the future, Suri is planning on attending a prestigious college and playing tennis. "When I graduate from El Toro, I want to go to a college that I can be proud of, just like I'm proud of El Toro."

Kassi Harris
Commendable Charger

No doubt about it! Kassi Harris earned her title as a 1987-88 Commendable Charger.

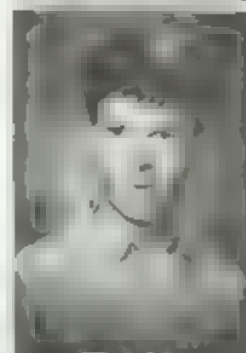

"Being involved in sports, academics, as well as A.S.B. allows me to get closer to my school, meet many new people, and through these experiences make myself a better person." Those words showed Kassi's devotion to El Toro. Kassi was one who excelled in everything her Freshman year. Kassi was a well-liked Freshman secretary and involved herself in junior varsity basketball and honors classes. Through all of this school devotion, Kassi found time to be involved in church, be with her family, and have fun with her friends.

Shannon Liddy commendable charger

Shannon Liddy's athletic ability and academic skill throughout her Freshman year proved her to be a Commendable Charger. Shannon set many records running for varsity cross-country. She held the freshman records at the Dana Hills and the Laguna Hills Cross-Country Invitationals. Shannon strove to be the best and she succeeded.

Shannon also involved herself in track, Girls' League, and honors classes. She excelled in her honors classes, maintaining a G.P.A. of 4.0. When Shannon had the time to break away from running and school, she enjoyed skiing, scuba diving, and going to the beach.

Rob Johnson
Commendable
Charger

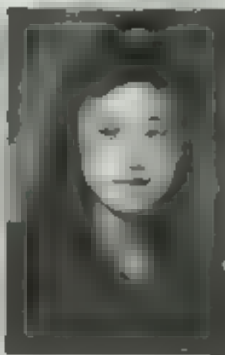

For excelling in the area of athletics Rob Johnson has received the honor of being a 1987-88 Commendable Charger. Throughout his Freshman year he showed his strong athletic abilities.

Rob was involved in baseball, varsity basketball, and football. Rob was great at anything he tried to do. Besides being a great athlete, Rob was also a good student who stood above the rest and represented El Toro's success. "I think E.T.H.S. is as strong as it is academically and athletically because of its great coaches and teachers," Rob said, showing his pride in his school.

Traci Toolen's spirit, academic success, and involvement in E.T.H.S. have qualified her for the honor of 1987-88 Commendable Charger. Traci has already made many contributions to our school.

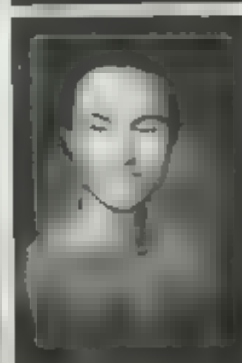

"I feel E.T.H.S. is a well rounded school and will provide a great four year experience for me," Traci commented. Traci's Freshman year was very rewarding. She was involved in cheerleading as co-captain, Girls' League, Pep Club, and was also Freshman vice-president. School activities were just a few of Traci's achievements. Traci also was involved in honors classes and earned a 4.16 grade point average. Traci's goals are to achieve academic success in high school and to attend a good college.

Tom MacDonald
Commendable Charger

Tom MacDonald was chosen to be a 1988 Commendable Charger because he is extremely athletic and intellectual. These qualities placed him above and beyond the rest of his class.

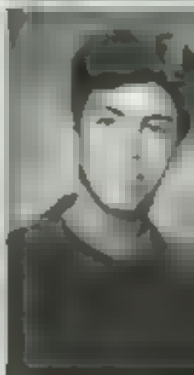

"I feel privileged to be able to go to El T because it is a great school both academically and in sports." Tom's words showed his pride and involvement in E.T.H.S. activities. Tom played football, baseball and basketball while at the same time maintained a G.P.A. of 3.5. When Tom had time out from his busy schedule, he enjoyed going to the beach and playing sports.

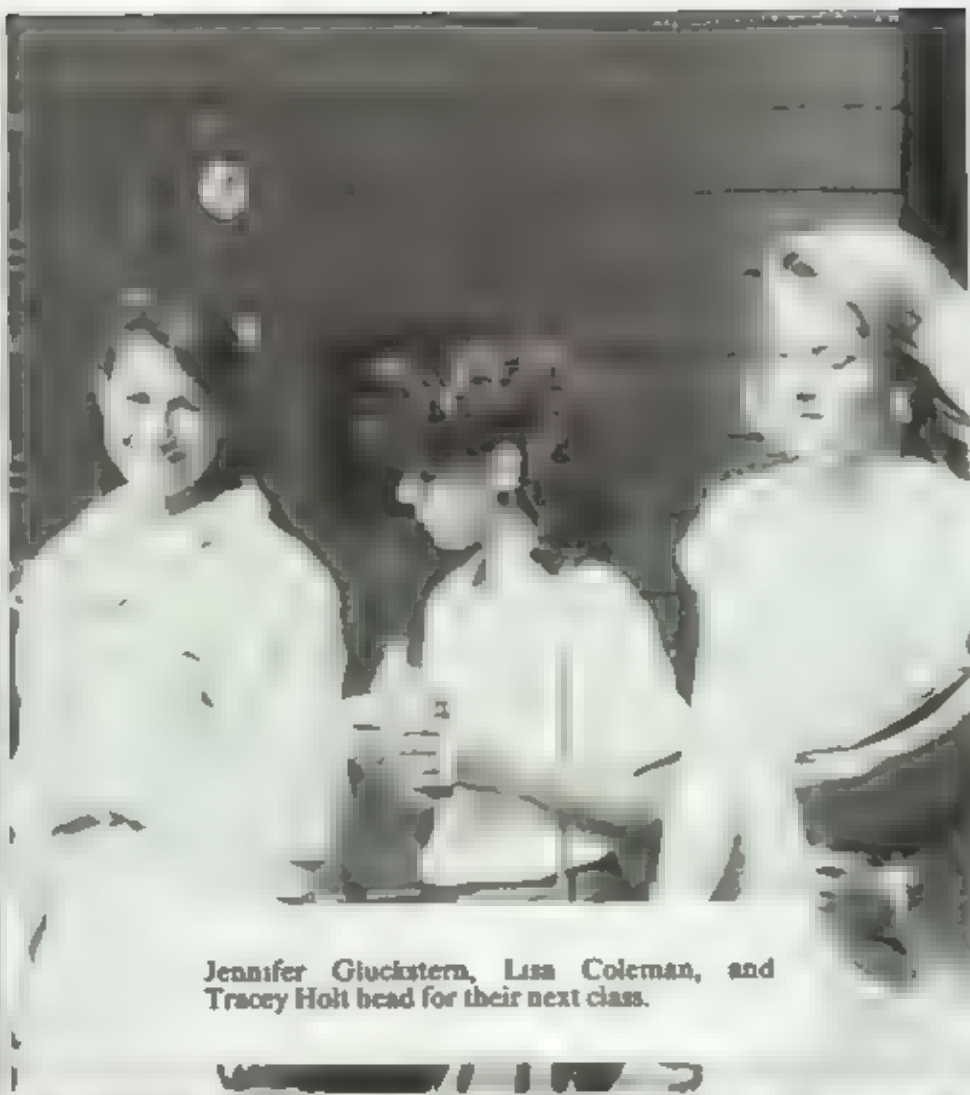

Tom stated that he looks forward to the more years at E.T.H.S. then going to a good college.

"I have sinned against you, my Lord."

Religion or Politics?

Devon Everingham

In October of '87 Southern California was jolted by a 6.1 earthquake. Many aftershocks occurred in the months that followed. The world was shook by the October Stockmarket crash. This was the largest drop ever, in one day alone the DOW dropped 108 pts. Pope John Paul II made a 10 day mission to the United States. He visited the South, thousands lined the streets of L.A. to get a look at the Pope. Fergie and Prince Albert visited L.A., while Diana and Prince Charles celebrated with the Australians on their Bicentennial. The U.S. celebrated the Bicentennial of the Constitution. The world was watching when Gorbachev and Reagan made history with the signing of the INF Treaty. This brought actual steps toward disarmament of nuclear weapons. American Politics was full of intrigue, the Baby Boom generation was coming to power. Supreme Court nominee Douglas Ginsburg admitted he had smoked pot and his chances for becoming a Supreme Court Judge went

up in smoke. Gary Hart was forced out of the Presidential elections because of the Donna Rice episode, but Hart returned to the Presidential campaign to repay his debts. TV evangelists turned out to be not too holy, Jim and Tammy Bakker and Jimmy Swaggert started the Holy Wars of the TV ministry. The 1988 Winter Olympics took place in Calgary. The U.S. tried hard but only earned 6 medals. The Wars in the Middle East continued with hostages released and new hostages taken.

1. CIA Director William Casey dies leaving many unanswered questions
2. Gorbachev comes to Washington D.C., to sign the INF Treaty with Reagan
3. Brokers on Wall Street watch as the points fall

Year-in-Review

The Year In Sports

Devon Everingham

The Year was full of many memorable moments in sports. The 87th football season did not get off to a good start. Many of the NFL players went on strike, which brought many unexpected teams to the playoffs. The biggest surprise came in San Diego when the Washington Redskins slaughtered the Denver Broncos in the 23rd Super Bowl. The Rose Bowl left many USC fans unhappy when Michigan State came

away with the win. In Miami they were celebrating when the Hurricanes defeated their long time rival, the Oklahoma Sooners, in the Orange Bowl.

The 1988 Winter Olympics were held in Calgary. The U.S. had many disappointments during these games. In the end everyone was looking forward to the summer games, hoping the U.S. would do better in South Korea.

1. The Washington Redskins celebrate their Super Bowl victory
2. Miami comes away with an Orange Bowl Victory
3. Miami Dolphin players on strike
4. Michigan wins the Rose Bowl
5. Air Jordan slam dunks the ball
6. Tyson has a knock out and gets married

Music of 87-88: Takes on Politics

Devon Everingham

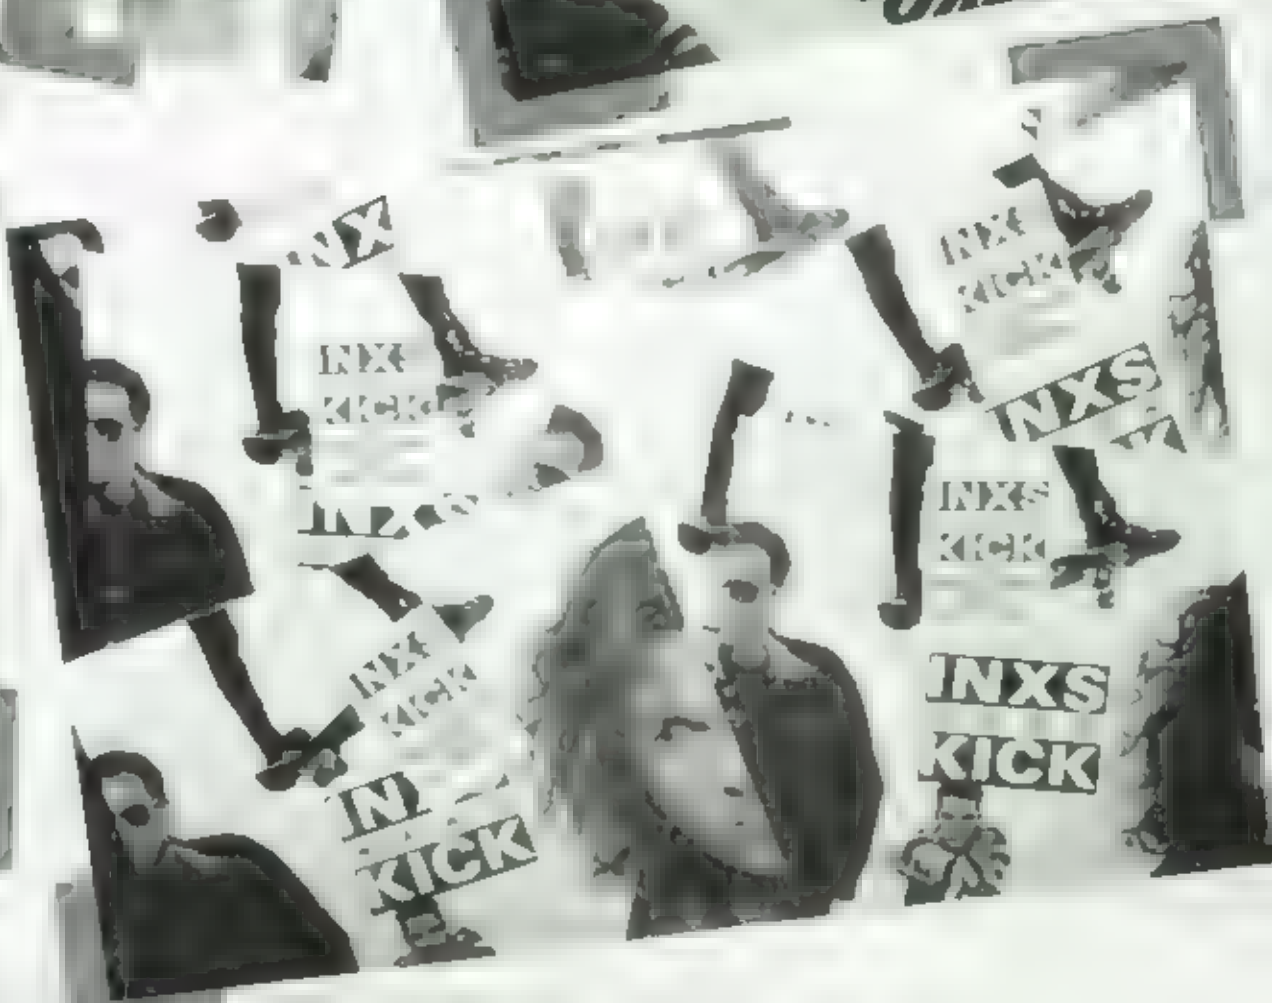

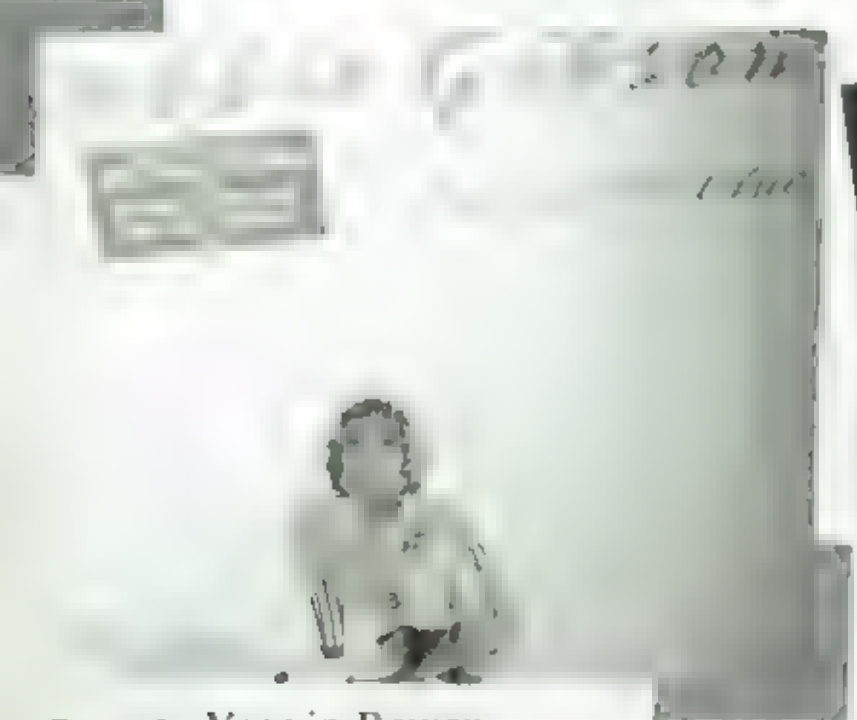

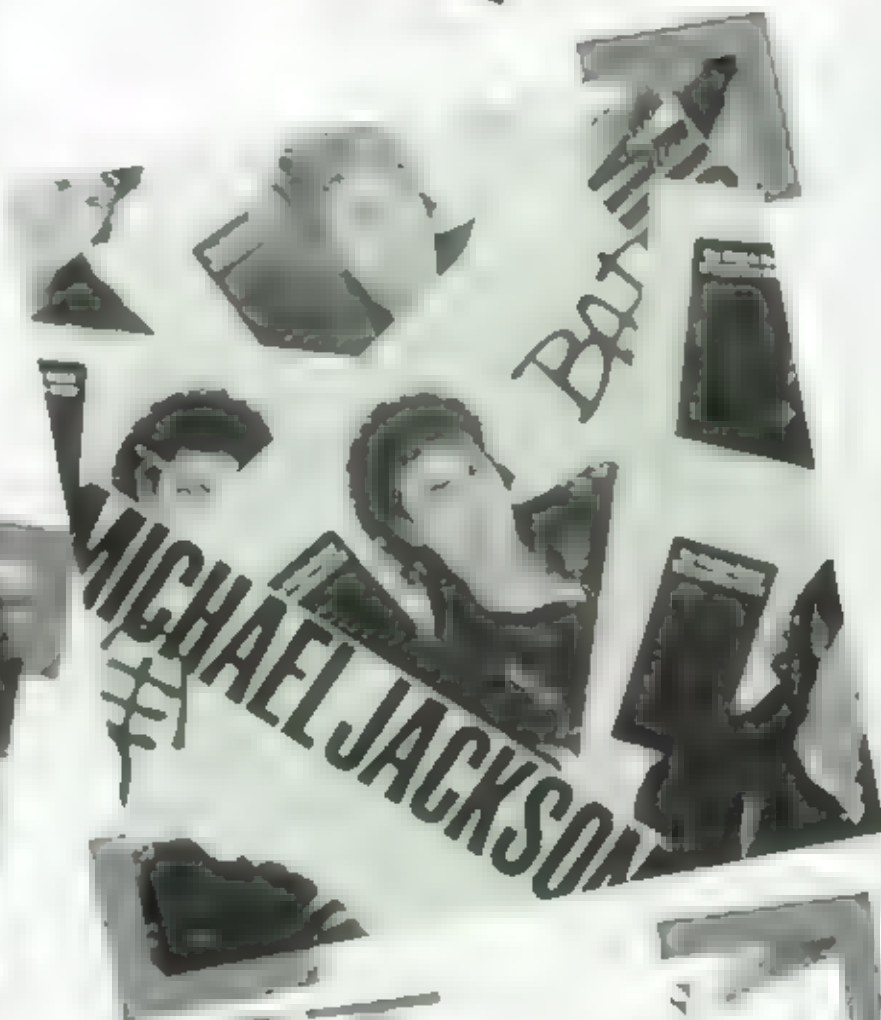

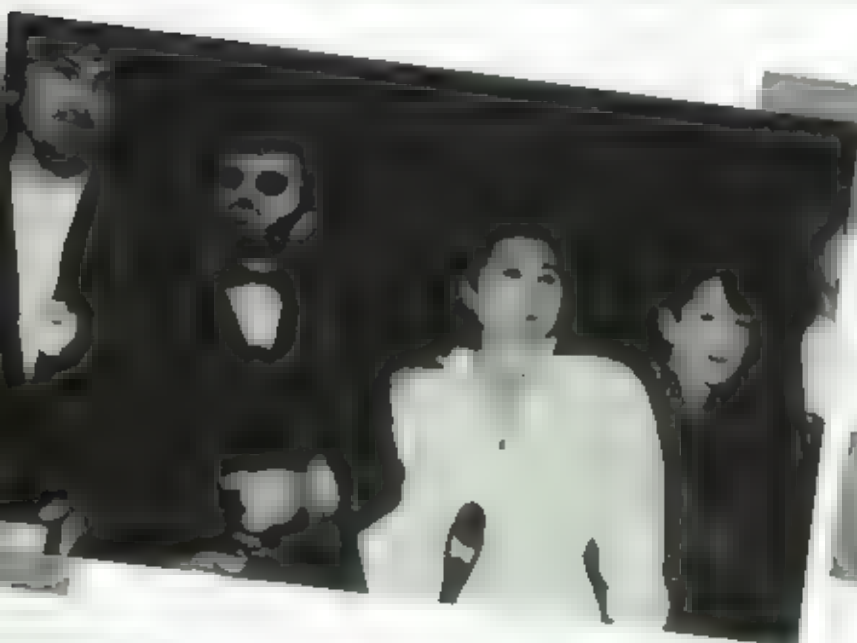

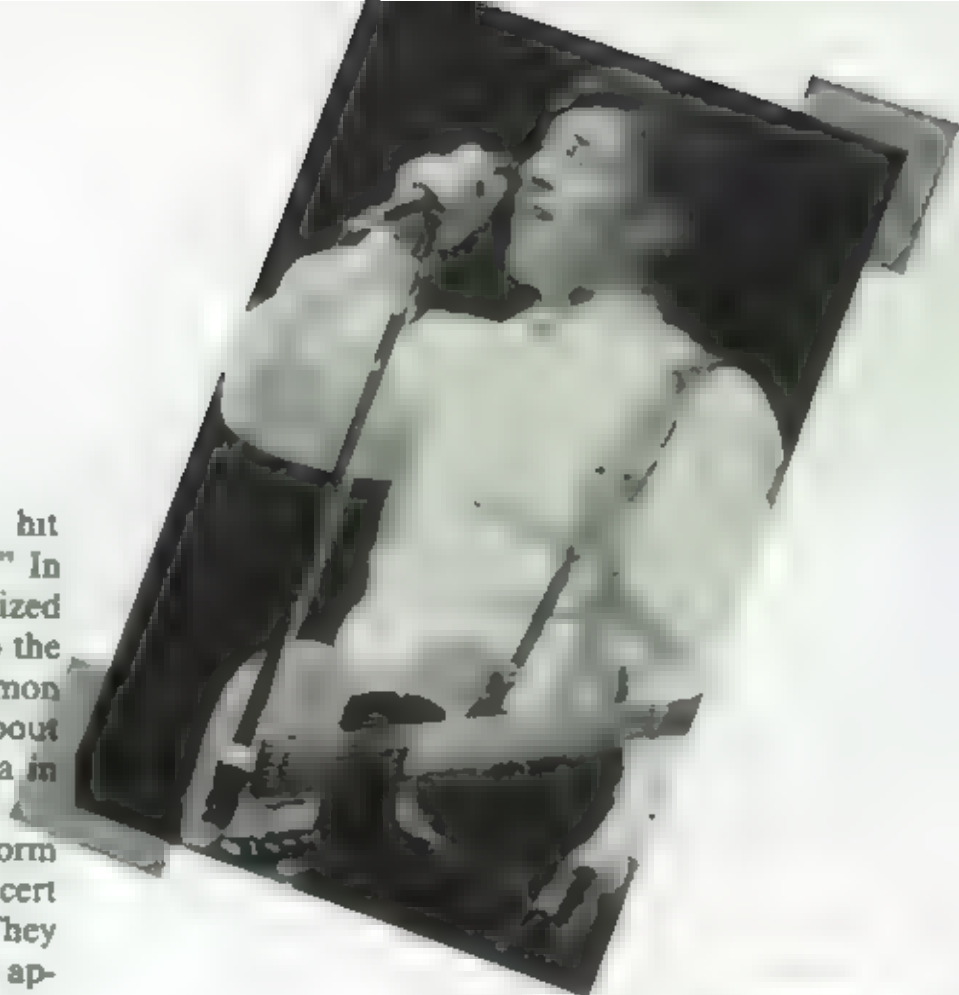

U2, Depeche Mode, Salt and Pepa, L.L. Cool J., Jean Loves Jezebel, Tiffany, The Alarm, AC/DC, and Iron Maiden, could be heard on radio stations like KROC, KNAC, KPWR, and KIIS. El Toro students enjoyed listening to a wide variety of music. While some were bopping away to Tiffany's "I Think We're Along Now," others were banging their heads to "Hells Bells" by AC/DC. On the beach, radios could be heard blaring the Violent Femmes "Blister in the Sun."

Many musicians made a statement with their music. George Michael shook the

music industry with his hit song "I Want Your Sex." In his song George emphasized monogamy, a deterrent to the fatal disease Aids. Paul Simon made a statement about apartheid in South Africa in his album, *Graceland*.

U2 took America by storm with their sold out concert tour, *The Joshua Tree*. They also made an unexpected appearance at a restaurant in L.A. where many of their fans got a free concert until the police broke it up.

Michael Jackson made a surprising come back with his album *Bad*. Many DJ's, such as Rick Dees, refused to play his music.

Movies of '88 Reflect Society

Devon Everingham

The 1987-88 school year was full of many diverse and unique films. Films that dealt with the past included: "Good Morning Vietnam", which portrayed a fun, yet serious side of the Vietnam War; "Dirty Dancing" showed how the rich of the early 60's felt and acted toward the poor, through the eyes of a teenage girl; River Phoenix made his debut in "A Night in the Life of Jimmy Reardon." Serious films such as "Less than Zero" showed the affects of drugs and money

on Southern California teenagers.

Movies like "Fatal Attraction" brought attention to extra-martial affairs and their affects on the family. "Just For Keeps" and "She's Having A Baby", brought attention to teenage pregnancy and the problems young couples go thorough in the 80's. Justine Bateman, from Family Ties, made her movie debut in Satisfaction. These and many other movies made for an exciting and watchable year.

1. The guys give Ted Danson's baby, in 3 Men & A Baby, a walk through the park
2. Michael Douglas comforts Glenn Close after she slits her wrists, in Fatal Attraction
3. Robin Williams works hard on his radio broadcast
4. Patrick Swazye and Jennifer Grey show off their dancing ability
5. Charlie Sheen is selling stocks in the movie Wall Street.

New Shows Enter The Ratings Race

Devon Everingham

New TV shows appeared in the fall of 1987. Lisa Bonet was off to college and had her own show, *A Different World*. A new hit, *LA Law*, joined NBC's top rated Thursday night line up. *A Year in the Life* and *ThirtySomething* expressed the views and beliefs of America's many generations. And *Alf* entered America's homes every Monday night. The new network of Fox brought us shows like *21 Jump Street*, *Married with Children* and the Tracy Ullman

Show.

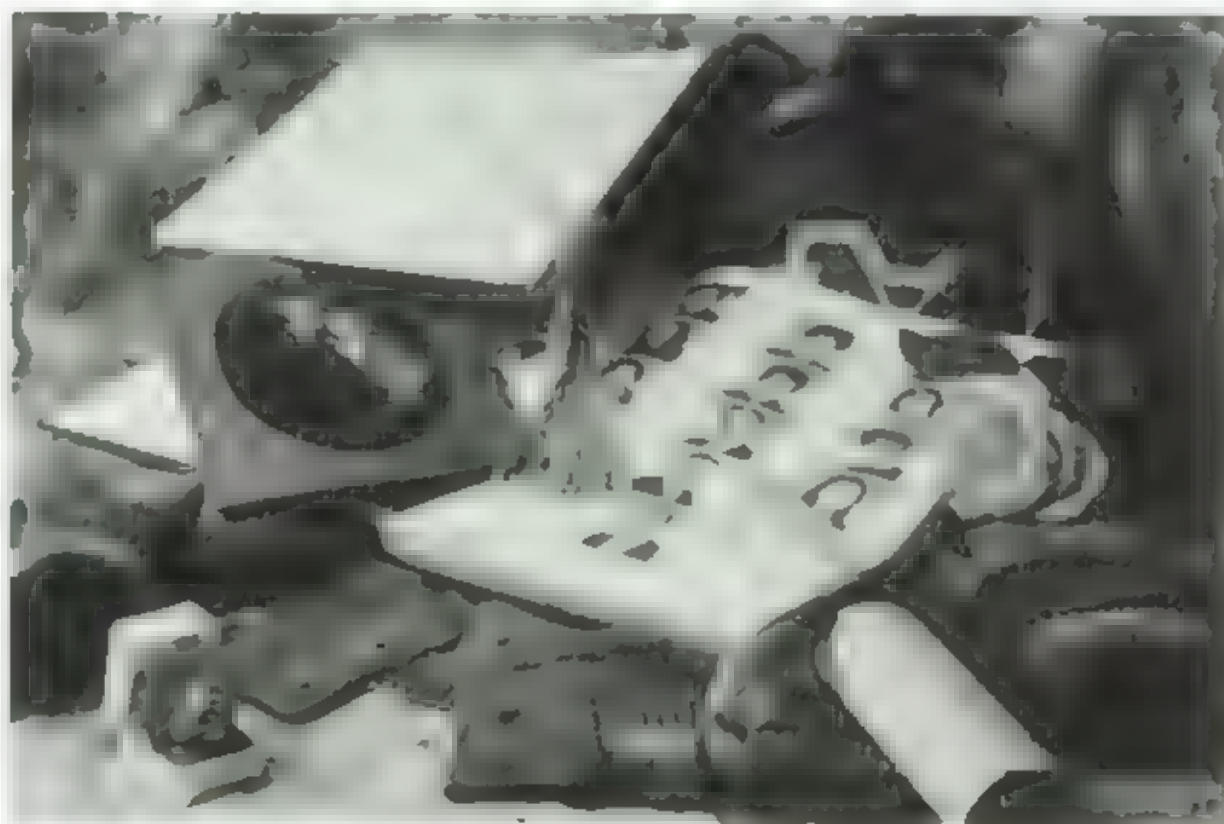

Old shows aquired new looks. Kirstie Alley joined the cast of *Cheers* and became the bar's new manager. Valerie left her show and Sandy Duncan replaced her, renaming making the show *Valerie's Family*. *Family Ties* moved to Sunday nights and Alex got himself a new girlfriend.

Some of the favorite TV shows included *Growing Pains*, *Moonlighting*, *Cosby*, *Who's the Boss*, *Family Ties*, and *Cheers*.

- 1 Lisa Bonet expresses her thoughts in *A Different World*
- 2 The Guys on *L.A. Law* make time for a game of hoops
- 3 Will Bruce Willis and Cybill Shepherd ever come to a truce on *Moonlighting*
- 4 Rudy's story comes to life on *The Cosby Show*
- 5 The Keatons pose for a family portrait

The Editors

"Just For the Fun of It!"
Well, it has been fun, but not without moments of frustration. Having three editors made it easy to make decisions — majority rules. To the disbelief of most people we are still talking and good friends. We had our difference of opinions but all had one common goal — to make this yearbook new and exciting. We couldn't have accomplished much alone. There have been many people behind the scenes that deserve recognition and credit.

To "The Charger" staff: For not having much experience in yearbook. We think you did a GREAT JOB! Your dedication and hard work paid off. We made most of our deadlines!

To Mrs. Nettie McKinney: Thank you for all the time and effort put into the yearbook sales.

To the Faculty and Coaches: Your cooperation was vital in making the spring sports deadline and having club picture day come off so well. The information provided about your organizations/teams was greatly appreciated.

To Bob Stephenson and Taylor Publishing Company: You put up with us three always changing our minds about everything. Thank you for being so understanding and lenient with us.

To Albert and Jaymes Photographers: Thank you for cooperating with us and letting us have the background we wanted. Printing all those pictures on rush really helped us out.

To Yari: The senior class picture turned out great and it came in so fast — Thanks for everything.

To Mr. Gallups: Thank you for letting us have complete creative control over this yearbook. We might have caused you a bit of frustration at times but we always came through when we had to. We had a great learning experience at camp. Remember we took this class just for the fun of it!"

HAD FUN!"
